"Why are after-school
programs so important?
Because children's minds don't
close down at 3:00 p.m. and
neither should their schools."

-Richard W. Riley

Academic Support Programs Mission Statement

To support the WESD mission by identifying and securing resources to provide high quality, engaging opportunities that meet the changing and diverse needs of students, staff and the community. To help create a vibrant and connected community for all ages.

Community Use of School Facilities

Our District believes that the public schools are owned and operated by and for their patrons, and that the schools become an integral part of the community in terms of its intellectual and social expression and development. To this end, the Governing Board encourages the public use of school facilities in accordance with applicable laws, District policies and regulations, with first consideration given to the needs of the sites within the School District.

Before- and After-school Child Care and Early Childhood Enrichment ECE Programs for 4-year-olds

The Washington Elementary School District is proud to offer high quality licensed before and after school childcare for K-6 students at 23 locations and ECE programs for 4-year-olds at 7 locations! We also offer camps during school breaks. Quality care is essential to children's development. We look forward to providing your child a fun, safe and nurturing environment under the care of fingerprinted and background checked WESD staff. Child safety is a top priority and high standards are present at every site. At KidSpace, we offer a wide range of high quality and fun activities that build on educational experiences.
