

Give your child an opportunity to learn how to create fun programs and games! Coding with Kids classes are updated with **NEW PROJECTS EACH SESSION** so that your student can continue to advance their coding skills. We teach kids real programming skills in a fun and engaging way. Below are the classes available at your school.

GAME DEVELOPMENT / INTERMEDIATE-ADVANCED

Grades 3-6

Fri, 3:25pm-4:25pm

Nov 9 - Dec 14

no class on Nov 23

5-week session

\$99

Looking to level-up? This class will provide students with advanced programming concepts, allowing them to create more sophisticated games, programs, and animations. **Intermediate Students** will level-up to new projects, such as platform, scrolling, and multi-player games. **Advanced Students** will learn to dominate complex concepts like game physics, arrays, and artificial intelligence. This class is recommended for students who have completed one or more sessions with us or have attended at least 15 hours of another Scratch coding class.
