III. ACTION / DISCUSSION ITEMS

A. Increase the Project Budget for the Lookout Mountain Rebuild to Include a Geothermal Heating and Air Conditioning System

Dr. Cook advised the Board that they were being presented information pursuant to the discussion at the November 10, 2011 Governing Board meeting regarding consideration of a geothermal system at the Lookout Mountain project site. Dr. Cook introduced Ms. Cathy Thompson, Director of Business Services who, in turn, introduced Mr. John Brakeman of Adolphson and Peterson Construction who reviewed information provided at the November 10, 2011 Governing Board meeting. Mr. Brakeman stated that the design team was challenged by the District, Lookout Mountain Elementary School and the community to design and rebuild Lookout Mountain with as many sustainable features as possible, e.g. solar or geothermal system.

5-0 AYE

December 8, 2011
Ms. Thompson reviewed the estimated cumulative savings for Standard Efficiency (SE) roof top units (RTU) and the estimated years to reach a return on the initial investment. Mr. Brakeman stated that since the SE and High Efficiency (HE) RTUs are similar in operating costs and similar in payback time, the best advantage to the District was to not spend the upfront cost for High Efficiency units if they both have approximately the same life expectancy and replaced at approximately the same time. After evaluating various systems that would generate energy savings and sustainability for the new school, the design team recommended the Standard Efficiency (SE) roof-top units (RTU) and a geothermal system for half of the school.

Ms. Graziano thanked the design team for the comparison of the SE and HE RTUs. Ms. Graziano stated that if HE was installed, the District would save approximately $10,000.00 per year on heating and cooling costs. She asked how it would affect the Capital budget if HE RTUs were purchased for the Lookout Mountain school. Ms. Thompson replied that if the cost of HE were added to the geothermal costs, it was an approximately $100,000.00 additional Capital cost. Mr. Brakeman advised that the team explored options for the SE units, e.g., energy recovery systems and other optimization opportunities.

Ms. Graziano asked if it was possible to install SE units on the geothermal site and HE units on the remainder of the site. Mr. Brakeman responded that if HE units were installed, they would not ask for additional funding, however, another scope of the project would need to be adjusted. Ms. Thompson stated that the recommendation for half geothermal and half SE RTUs would increase the cost by approximately $700,000.00-$800,000.00. Ms. Thompson advised that there was contingency money available in Capital for the additional budget capacity. She stated that there were several HVAC projects in this Bond plan. An option would be to group these HVAC projects, possibly move them up in the Bond implementation plan, group them so that they may even add to the scope and incorporate them into a possible energy savings contract that would allow the District to pay it back from savings and M&O. It would, therefore, make all of the Capital funds available. Ms. Thompson stated that if the Governing Board approved the recommendation, she planned to follow that approach.

Mrs. Lambert asked if the HVAC projects were bundled into one group, would the District be able to realize cost savings for the larger purchase. Mr. Brakeman replied affirmatively due to economy of scale.

Mrs. Lambert appreciated Ms. Thompson’s plan in order to use the Capital funds for the best advantage to the District.

Mr. Adams asked if this would affect the bond dollars or was this part of the package presented to the public. Ms. Thompson stated that this was a planned project and would not change any of the designations for the bond money. Ms. Thompson explained that this recommendation would slightly change the scope of one project, and therefore, asked the Board for their approval to increase that project’s funding. Ms. Thompson advised that at this time, unrestricted capital would be used, with no effect to any other bond projects, for this recommendation. Mr. Adams asked if the unrestricted capital was restricted to facility use or could it be used for other purposes. Ms. Thompson responded that the unrestricted capital may be used for textbooks or classroom equipment, however, it may not be used for salaries.

December 8, 2011
Mr. Adams appreciated the team’s responses to the questions asked at the November 10, 2011 Governing Board meeting. He was pleased to see the information regarding solar and the fact that geothermal and solar complement each other and either one would result in M&O savings. Mr. Adams asked for a review of the possibility of using solar and geothermal together on future projects.

Mr. Adams stated that there was not a dollar amount in the proposed recommendation and that $1.9 million was mentioned in the Information agenda item at the November 10, 2011 Governing Board meeting. Ms. Thompson stated that the $1.9 million was informational to provide a guideline for the Board members. She did not insert a dollar amount in this recommendation because she did not have an exact quote. Mr. Maza asked if a “not to exceed amount” could be recommended by the team. Mr. Brakeman advised that the team had performed their due diligence with the analysis and felt comfortable with the estimated value of $779,000.00 as presented. Mr. Adams asked what the $1.9 million included on the Information agenda item presented at the last Board meeting. Mr. Brakeman advised that the $1.9 million figure was for a full geothermal project which was not feasible due to students being on campus during the rebuild. Ms. Thompson advised that $1 million is in the project budget for an SE HVAC system. Ms. Thompson and Mr. Brakeman clarified that the $779,000.00 increase to the budget was for the difference of SE units and half geothermal.

Mr. Adams asked if the recommendation was approved, would the District go out for bids. Dr. Cook advised that Adolfson and Peterson Construction was the contractor and had the responsibility as part of its contract to handle obtaining subcontractors.

Mr. Jahneke thanked the team for the presentation which was informative and gave him a better understanding of solar and geothermal systems. Mr. Jahneke stated there was a quandary of balancing M&O needs with Capital needs because there was no flexibility with these funds.

Dr. Cook suggested using a “not to exceed amount” of $800,000.00. Mr. Maza concurred with the suggestion.

A motion was made by Mrs. Lambert that the Governing Board approve increasing the project budget by an amount not to exceed $800,000.00 for the Lookout Mountain Rebuild to include costs for geothermal installations on the two-story classroom building and the gymnasium and standard efficiency roof-top units on the remaining buildings at the site – pending results from the test wells. The motion was seconded by Ms. Graziano. A roll call vote was requested. The motion carried 5-0.

B. APS Solar Incentives Application

Dr. Cook advised the Board that they are being offered the opportunity to allow the District permission to pursue APS solar incentives through the APS Schools and Government Program. The application is due December 31, 2011.

Mrs. Lambert asked if the application is similar to writing a grant or do projects have to be submitted. Ms. Thompson responded that District staff was currently preparing the application and evaluating potential sites that may be possible candidates for solar incentives. Preference is given to schools with a high percentage of free and reduced lunch participants.

December 8, 2011
Mrs. Lambert asked if structural capacity was a consideration when selecting potential sites. Ms. Thompson advised that they were looking at sites that have the structural capacity for a solar system, as well as sites that are having difficulty meeting their energy goals.

Mrs. Lambert stated that a concern she has is if the solar system requires batteries to store the power. Ms. Thompson made note of her concern and will investigate the matter.

Ms. Graziano appreciated the information provided. She stated that she believed that if you had solar panels, you used all the power you created and any extra was sold back to the energy company. However, according to the information presented, you sell the power to the company and then buy it back. Sue Pierce replied that a solar system generates power and any excess power not used by that facility is held as credits by APS. The facility may use those credits as needed throughout the year. There is a reconciliation at the end of the calendar year and any remaining credits will be sold to APS at a wholesale price. The District’s goal is to size the solar system so that the facility uses the power generated and not have a large amount of credits left at the end of the calendar year.

Mr. Maza asked if the APS incentives were awarded to the District, would it be presented to the Board for approval as to the schools selected and the placement of the solar panels, e.g., roof top or shade structure. Dr. Cook advised that a recommendation would be presented to the Board for consideration if the District were to receive the APS solar incentives.

A motion was made by Mr. Jahneke that the Governing Board approve authorizing the Superintendent to submit an application for APS solar incentives through the APS Schools and Government Program, and if incentives are awarded to WESD, pursue a possible contract for installation at eligible schools. The motion was seconded by Ms. Graziano. The motion carried.

C. 2011-2012 Expenditure Budget – Revision #1
Dr. Cook introduced Ms. Cathy Thompson who reviewed the Revised 2011-2012 Expenditure Budget as required by Arizona Revised Statutes (ARS 15-905).

Ms. Graziano referred to page 74, Special K-3 Program Override, -3.1%, and asked what caused the decrease. Ms. Thompson replied that the override is based upon the Revenue Control Limit (RCL) and that is the final amount that is in the formula budget for the State. Ms. Graziano asked if it was based on the RCL when the voters passed the override and why didn’t it remain the same during the length of the override. Ms. Thompson stated that the RCL goes up when student enrollment increases and, in some instances, the K-3 override budget would also go up. Therefore, it is to the District’s benefit if the RCL increases.

Mr. Maza asked if the District is restricted on how much it can carry forward each year. Ms. Thompson replied that the District is restricted to 4% of its budget. Mr. Maza asked if all schools in Arizona had the same restriction. Ms. Thompson stated she could not answer because she did not monitor the other school districts and charter schools. Mr. Maza stated that he did not think charter schools had the carry forward restriction.

A motion was made by Mr. Adams that the Governing Board approve Revision #1 for the 2011-2012 Expenditure Budget. The motion was seconded by Mr. Jahneke. The motion carried.

December 8, 2011
D. 2011-2012 Revenue Budget

Dr. Cook advised the Governing Board that the District is not required by law to have the Governing Board approve the Revenue Budget. However, the auditors highly recommend that the Board approve the Revenue Budget so that they can do their reconciliation. Dr. Cook introduced Ms. Cathy Thompson who reviewed the 2011-2012 Revenue Budget.

Ms. Graziano asked and Ms. Thompson confirmed that even though the District receives revenue funds, it does not necessarily spend all of it. Ms. Graziano asked if Account 540 – Fingerprint funds were received from employees and then paid out for the fingerprint service. Ms. Thompson advised that the money received from employees is used to reverse the expense in M&O through a purchase order from the Human Resources Department.

Ms. Graziano asked what is included in Account 570 – Indirect Costs. Ms. Thompson responded that it is a percentage that is calculated each year by the Arizona Department of Education (ADE) which the District is allowed to take based upon expenditures in the Federal grants, e.g., food services nutrition fund, administrative costs or purchase/maintenance of software programs.

A motion was made by Mr. Adams that the Governing Board approve the 2011-2012 Revenue Budget. The motion was seconded by Mrs. Lambert. The motion carried.

E. 2011-2012 Teacher Performance Pay Plan

Dr. Cook advised the Board that they were presented with the Teacher Performance Pay Plan each December for their approval. She introduced Dr. Lyn Bailey who summarized the work of the committee and their recommendation.

Dr. Bailey advised the Board that ADE’s submission guidelines for 2011-2012 reflected no material changes to the current guidelines. The District’s Teacher Performance Pay Committee met and reached a consensus decision to recommend that no changes be made to the current plan. As such, 80% of available Proposition 301 Pay for Performance funds would be allocated to the school improvement goals, and 20% of available Proposition 301 Pay for Performance funds would be allocated to the teacher supervisory process.

Ms. Graziano asked if teachers were achieving higher goals than before the Teacher Performance Pay Plan started, even though the plan had not changed in recent years. Dr. Bailey advised that the plans were based on eight learning goals. She stated that at the beginning, some goals were not focused on instruction and assessment. She further advised that most of the teachers’ current goals are either on instructional practices or assessing on a continuous basis. Dr. Bailey stated that these focused goals have also been emphasized on the school improvement goals.

Ms. Graziano acknowledged the teachers for their time and efforts in conducting the assessments in addition to the daily work that they do. She stated that the assessments are necessary in order to measure the students’ continued growth.

Ms. Graziano requested a few examples of the individual teacher growth plans. Dr. Bailey stated she would be able to provide them.

A motion was made by Mr. Jahneke that the Governing Board approve the District’s proposed 2011-2012 Classroom Site Fund Pay for Performance Compensation Plan and authorize its submission to the Arizona Department of Education. The motion was seconded by Ms. Graziano. The motion carried.

IV. INFORMATION / DISCUSSION ITEMS

A. Do You Know?
Dr. Cook advised the Board that they were provided a “Do You Know” booklet which focused on the District’s 2010 and 2011 accomplishments by the District’s remarkable students, parents, staff, leaders, schools and community partners. Dr. Cook stated that the booklet was Ms. Sue Snyder’s idea and she compiled the data with the help of Ms. Carol Donaldson and the Communication Services Department. The Board was advised that the booklet had not been disseminated yet. Dr. Cook introduced Ms. Sue Snyder who informed the Board that the booklet highlighted just some of the District’s many sources of pride and will be sent home with students. The booklet will also be used for community outreach efforts and will be distributed when meeting with community or business groups.

Mrs. Lambert asked where the District planned to distribute booklets. Ms. Snyder stated that the booklets will be sent home with students. Ms. Jill Hicks, Community Outreach Specialist, had a smaller version in the fall that she used when meeting with community groups, neighborhood block watch groups, the business advisory team, etc., and will distribute the “Do You Know” booklet in her job duties. Mrs. Lambert suggested giving the booklet to real estate personnel for potential homeowners in the District’s area and to neighboring universities in the event that a parent was going to school and had elementary school age children. Dr. Cook advised that there was consideration of giving booklets to retirement homes to reach older adult voters.

Mr. Adams commended all involved with the booklet and suggested sending a booklet and a thank you note to the business partners mentioned in the booklet. He appreciated Mrs. Lambert’s suggestions.

Mr. Jahneke thanked everyone for putting the booklet together and stated it went well with the video that is posted on the District’s website which promotes the District. He thought it was phenomenal that there were so many accomplishments highlighted for the past two years.

B. 2011 Accountability Update – Assessment Report: Part Three
Dr. Cook introduced Ms. Janet Sullivan who reviewed Part Three of the Accountability Update - Assessment Report. Ms. Sullivan provided the Board with information on District assessments in the areas of Reading/Language Arts and Mathematics and how data from these assessments are utilized at the District and school levels.

Mrs. Lambert thanked Ms. Sullivan for the information and stated she had heard that with the core standards coming into effect, that ADE wanted to test students multiple times throughout the year using the Partnership for the Assessment of Readiness for College and Careers (PARCC) assessment. Ms. Sullivan advised there had been several discussions regarding PARCC and that there would be four quarterly benchmarked assessments that would count. The most recent information she read mentioned a mid-year and end of the year assessment and that the others would be optional. Ms. Sullivan stated she had not seen a final plan regarding PARCC which will impact Arizona State testing and will ultimately replace AIMS (scheduled for full implementation in 2014-2015).

December 8, 2011
Mrs. Lambert stated that she attended the Arizona Business & Education Coalition (ABEC) meeting where they discussed ACT testing. She did not know if they were only talking about high schools or if they were considering ACT at the elementary school levels. Ms. Sullivan advised that test companies were involved in the discussion. One of the ideas that the benchmark tests suggests is the need for a pacing guide for the core standards in order to have true benchmark tests. Ms. Sullivan stated that part of the discussion with ACT and others was that at the high school level, there would be end of course assessments.

Mrs. Lambert appreciated that the District had always done its due diligence in reviewing the assessments and using them as a tool by looking at weaknesses and building them into strengths for classroom instruction.

Ms. Graziano thanked Ms. Sullivan for the report and made the observation that the high correlation between 3rd grade oral reading fluency and AIMS was aided by activities like dramas or the grant from Childsplay.

V. FUTURE AGENDA ITEMS
There were no future agenda items.

VI. GOVERNING BOARD AND SUPERINTENDENT ACKNOWLEDGMENTS
Ms. Graziano acknowledged a wonderful newspaper article naming Ms. Daniele Prusinski, first grade teacher at Manzanita Elementary School, as a Rodel Exemplary Teacher. Ms. Prusinski will be recognized at a future Governing Board meeting.

Ms. Graziano congratulated Mr. Adams for receiving the Arizona School Boards Association (ASBA) grant to be used for his trip to attend the Federal Relations Network (FRN) Conference in Washington, D.C., in February 2012.

Mr. Adams acknowledged Board members for their support of his travel plans to attend the Federal Relations Network (FRN) Conference in Washington, D.C.

Mr. Maza acknowledged everyone for their indulgence of his acerbic comments while trying to lighten the mood at times, although he tried to be diligent with his responsibility to public education as President of the Governing Board during 2011.

INITIATED BY: Howard Kropp, Administrator of Purchasing
SUBMITTED BY: Cathy Thompson, Director of Business Services

PRESENTER AT GOVERNING BOARD MEETING: Howard Kropp, Administrator of Purchasing

GOVERNING BOARD POLICY REFERENCE OR STATUTORY CITATION: BBA

SUPPORTING DATA

The Purchasing Department is recommending authorization to utilize the contracts presented for anticipated purchases in excess of the bidding threshold. No school or department can spend more than is budgeted without prior approval from the Finance Department. Schools and departments budget for goods or services without a particular vendor in mind.

Presented is a list of Intergovernmental Cooperative Purchase Agreements related to the Purchasing Department previously awarded by the Governing Board.

A.R.S. 11-952 and A.A.C. R7-2-1191 through R7-2-1195 authorizes and governs intergovernmental procurements. A school district may either, participate in, sponsor, conduct, or administer a cooperative purchasing agreement for the procurement of any materials, services, or construction with one or more public procurement units in accordance with an agreement entered into between the participants. By participating in a cooperative purchase, public entities that bid common items/services can obtain economy of scale pricing and best value and reduce administrative duplication of cost and effort for all participating public entities.

Copies of the contracts are available for review in the Purchasing Department. The Purchasing Department follows a process to perform due diligence on every cooperative contract prior to making a recommendation for award.

SUMMARY AND RECOMMENDATION

It is recommended that the Governing Board approve the Intergovernmental Cooperative Purchase Agreements and contract purchases with the Mohave Educational Services Cooperative, Inc. (MESC) as presented.

PRESENTER AT GOVERNING BOARD MEETING: D. Rex Shumway, Legal Counsel
GOVERNING BOARD POLICY REFERENCE OR STATUTORY CITATION: BBA and A.R.S. §15-843(F)(b)

SUPPORTING DATA

A.R.S. §15-843(F)(b) provides that the Governing Board may annually vote that all expulsion hearings shall be conducted by a hearing officer approved by the Governing Board. This provision eliminates the practice of meeting in Executive Session to determine whether the Board will hear the expulsion or whether the Board will appoint a hearing officer in each situation where the expulsion of a student is being considered.

It is recommended that Joe Negron, Parent Involvement Administrator, serve as the hearing officer. In the event Mr. Negron is unavailable or declines to serve because of a conflict of interest, the Superintendent will select another individual who is qualified to serve as the hearing officer.

SUMMARY AND RECOMMENDATION

It is recommended that the Governing Board designate a hearing officer to hear all student expulsion hearings during 2012 and approve the selection of Joe Negron, and where necessary, such other qualified hearing officers, as selected by the Superintendent, to hold expulsion hearings.

In the past, the Board has approved a Resolution to authorize D. Rex Shumway, in his capacity as Legal Counsel and attorney for the Governing Board, to execute a waiver of service of process and accept the legal documents on behalf of the Governing Board. The effect of this Resolution minimizes the need for Board members to be served personally when service of process for legal action is required under the Arizona Revised Statutes and the Arizona Rules of Civil Procedure.

With the election of new Board Officers, approval of a new Resolution (attached) is recommended for the 2012 calendar year. If the Governing Board approves the Resolution, the Superintendent will regularly inform Board members about the nature of the legal action.

Even with the Resolution, it is possible that Board members will continue to be served personally. Many attorneys will not inquire as to whether the waiver of service is possible, and will continue to use personal service in the manner provided in the Rules of Civil Procedure.

SUMMARY AND RECOMMENDATION
It is recommended that the Governing Board approve the Resolution authorizing waiver of service of process and authorize the Board President to execute the Resolution on behalf of the Governing Board for 2012.

RE: MEMORANDUM OF UNDERSTANDING (MOU)

Dear Dr. England:

The Washington Elementary School District agrees to partner and collaborate with Maricopa County Department of Public Health (MCDPH) Office of Nutrition Services (ONS) in its grant application to the Arizona Department of Health Services (ADHS). This is a one year Cooperative Agreement intended to provide an array of integrated nutrition services designed to provide individual and group-based nutrition education, health promotion, and intervention strategies to the SNAP population.

Our community based organization (CBO) will gladly commit to partnering with MCDPH ONS on this important initiative. Examples of partnership opportunities include:

- Attend quarterly meetings of the Maricopa County AZNN Community Consortium.
- Compile data from the provision of nutrition services and programs to the SNAP population and submit to Maricopa County.
- Provide Nutrition Education to SNAP eligible students and families in the Washington Elementary School District.
- Create curriculum and Nutrition Education materials in coordination with MCDPH ONS and other community based organizations.

MCDPH ONS will:

- Serve as Local Lead Agency (LLA) for the Maricopa County AZNN Community Consortium.
- Establish a steering committee to oversee the Community Consortium.
- Oversee the implementation of integrated nutrition programs and services for the SNAP population in Maricopa County through collaborative efforts with community partners.
- Provide administrative support to compile and complete reporting requirements for the grant to ADHS.
- Convene quarterly meetings with community partners to share information and monitor progress and evaluation.

*All terms and conditions of this MOU are contingent upon award notification from ADHS. Areas of partnership and terms of MOU will be delineated and finalized through an amendment to this MOU or creation of a formal contract developed by MCDPH upon its notice of grant award from ADHS.

AGENDA ITEM: *Memorandum of Understanding for Play Therapy Services with EBTIDE

INITIATED BY: Dorothy Watkins, Administrator of Social Services
SUBMITTED BY: Dorothy Watkins, Administrator of Social Services

PRESENTER AT GOVERNING BOARD MEETING: Dorothy Watkins, Administrator of Social Services

GOVERNING BOARD POLICY REFERENCE OR STATUTORY CITATION: BBA

SUPPORTING DATA

Funding Source: McKinney-Vento Subgrant
Budgeted: Yes

It has long been acknowledged that a variety of psychosocial and health problems affect learning and performance in profound ways. Numerous research studies including those done by the UCLA School Mental Health Project have shown that the need for mental health services continues to increase in schools across the country. The need for school-linked services is one that Washington Elementary School District (WESD) is working to address so that students have the opportunity to be productive and successful. Over the last three years, WESD has worked with a local mental health provider to service students in four identified schools so that services can be provided to identified students. These students are identified by the school administrator, social worker, psychologist or parent. For the 2011-2012 school year, funds will be part of the McKinney-Vento Subgrant.

Through this award approximately 200 identified students at Orangewood, Manzanita, Ironwood and Maryland Elementary Schools will receive play therapy services and professional consultation services will be held for site and District staff. Toward that end, verbal quotes were obtained from the following vendors:

- William W. Jenkins PhD, LP – Consultant (EBTIDE)
- Youth Evaluation and Treatment Center
- Family Resource and Recovery Center

Dorothy Watkins, Administrator of Social Services, evaluated the quotes and concluded that portable play therapy services and the experiential professional trainings provided by EBTIDE would most advantageously address the District’s needs.

SUMMARY AND RECOMMENDATION

It is recommended that the Governing Board approve the Memorandum of Understanding EBTIDE and authorize the Superintendent to execute the necessary documents.

Services through EBTIDE will end in May 2012.

Play therapy encourages children to communicate their feelings and concerns without fear of reprisal. Observing children in a therapeutic play environment enables therapists to assess their social and emotional status as a continuing intervention; play therapy promotes children’s development of adaptive behavior patterns as well as problem solving, coping, and social skills. As a result of play therapy, children typically become more attentive and productive in school and their academic progress is enhanced.

Staff training will focus on increasing staff awareness of issues facing children and introducing ways to help children become emotionally sound and achieve academically.

A copy of the verbal quote documentation is available for review in the Purchasing Department.

The attached Memorandum of Understanding has been reviewed by Legal Counsel.
