Ms. Cathy Thompson replied that a portion of the funds (approximately 62%) could be used by the affected school for capital projects. Ms. Thompson stated that the remainder of the funds would be deposited into the Debt Service Fund to reduce the taxpayer levy.

III. ACTION / DISCUSSION ITEMS

A. 2013-2014 Teacher Performance Pay Plan
Dr. Cook advised the Board that it was being offered the District’s annual presentation of the Teacher Performance Pay Plan. Dr. Cook stated that this would be the last year that it would exist in its current form. Dr. Cook introduced Dr. Lyn Bailey, Assistant Superintendent for Administrative Services, to provide the information.

Dr. Bailey informed the Board that the Teacher Performance Pay Plan had not changed in the last four years. Dr. Bailey reviewed the details of the Pay Plan which comprised of two parts:

- Part I – School-wide Focus (accounts for 80% of total allocated performance pay monies per eligible employee)
- Part II – Individual Teacher Achievement Focus (accounts for 20% of total allocated performance pay monies per eligible employee)
Ms. Graziano asked the following questions:

- Can you identify a reason for the slight decline in school-wide student attendance? Dr. Bailey replied that the District had always met the attendance requirements that were developed by the State. Dr. Bailey stated that John Shikany’s work with truancies is focused on attendance issues.
- Had the committee considered rewarding the schools that attain an A grade or retain an A grade – possibly waive the requirement to prepare a Continuous Improvement Plan? Dr. Bailey replied that she would advise the committee of Ms. Graziano’s suggestion, however, there would be a different Performance Pay Plan next year that would be tied to the new teacher evaluation system.

A motion was made by Mr. Jahneke that the Governing Board approve the District’s proposed 2013-2014 Classroom Site Fund Pay for Performance Compensation Plan and authorize its submission to the Arizona Department of Education. The motion was seconded by Mrs. Lambert. The motion carried.

B. Washington Elementary School District Gifted Scope and Sequence

Dr. Cook advised that the District was required to have Governing Board approval for the Gifted Scope and Sequence at a minimum of every five years and this was the fifth year. Dr. Cook introduced Ms. Janet Sullivan who advised the Board that an update had been completed each year there were any programming changes.

Ms. Sullivan introduced Ms. Barbara Post, Administrator for Gifted Services, who reviewed changes to the Gifted Scope and Sequence since it was last presented to the Governing Board and approved five years ago. Ms. Post stated that the District had continued providing gifted services after the elimination of the supplemental funding in fiscal year 2010-2011 and thanked the Governing Board for its support of the gifted students in the program.

Mrs. Lambert thanked everyone involved in the gifted program and appreciated that the District focused on making sure that no child was left behind, regardless of their level of achievement.

Ms. Graziano had the following comments/questions:

- Asked for clarification that the District did not receive any State funding for the gifted program, however, was required to provide the services. Ms. Post confirmed that the District did not receive State funding, nor did the State define any guidelines for the gifted program. Ms. Graziano expressed her appreciation that the District provided a quality gifted program without State funding.
- Noted that the eligibility for services was for students who scored in the 97th percentile and asked if there had been a decline in the number of students who qualified for the gifted program. Ms. Post responded that the numbers had declined for a few years, which was attributed to a change in testing. Ms. Post reported that now the numbers had increased and remained consistent.
- Glad to see that there was more than one way to identify gifted students other than reading and math, e.g., ELL students.
- Since math courses were coordinated with Glendale Union High School, were there any students going to the high school for math classes? Ms. Post replied that the middle school teachers were trained to use the high school curriculum so that the students could be serviced in the District’s schools rather than go to the high schools.

December 12, 2013
A motion was made by Mrs. Lambert that the Governing Board accept and approve the submission of the Washington Elementary Gifted Scope and Sequence. The motion was seconded by Ms. Graziano. The motion carried.

C. To Consider and, if Deemed Acceptable, Adopt a Resolution Authorizing the Lease Purchase of Certain Energy Conservation Measures Within the District from Midstate Energy, L.L.C., Authorizing the Execution of Various Documents Relating to Such Energy Conservation Measures and Delegating to the District Superintendent and the Business Services Director of the District the Authority to Complete Such Documents

Dr. Cook advised the Board that it was being offered a resolution, pursuant to a previous Governing Board agenda item, that would ask that the Board affirm the lease purchase of energy conservation measures. Dr. Cook introduced Ms. Cathy Thompson to provide information.

Ms. Thompson reported that a District team had worked with vendors for approximately one year and put them through rigorous questions to determine if this project was in the best interest of the District. Ms. Thompson introduced Mr. Ben Madsen from Midstate Energy who gave a presentation regarding the parameters of the project.

Mr. Jahneke asked the following questions:

- How is the interest rate determined? Mr. Madsen replied that this would be a standard municipal lease for a 15 year term. Mr. Madsen stated that the interest rate fluctuates and is currently at 3.50% or under.
- Does the interest rate get locked in? Mr. Madsen responded that the interest rate will be locked in for the term of the lease and there was no early payment penalty.

Ms. Graziano asked the following questions:

- How are the upfront costs paid, e.g., monthly or annually? Ms. Thompson replied that the lease payments are usually an annual payment.
- Would the District need to have the funds to make the first lease payment of approximately $400,000.00? Ms. Thompson responded that after Board approval for the financing, the District would work with Midstate Energy to determine a payment schedule. Mr. Madsen stated Midstate Energy would work with the District to accommodate a desired payment schedule, e.g., six months or twelve months after completion.
- Would this be similar to a bond project and encumber a future Governing Board? Ms. Thompson answered in the affirmative.

Dr. Cook advised the Board that some of the projects, e.g., HVAC at Chaparral and Ironwood schools could allow the District to utilize bond dollars for other projects.

Mrs. Lambert asked the following questions:

- Are we limited to the buildings mentioned in the presentation? Ms. Thompson responded that several sites were evaluated, however, she requested projects for a 15 year lease term and the schools identified were in that parameter.
- Was the $20,000.00 estimated cost savings only for the buildings identified in the presentation. Mr. Madsen answered in the affirmative.

UNANIMOUS

December 12, 2013
• How does this project help us not use our M&O dollars if we lose the excess utilities money? Does the estimated cost savings offset what we would lose? Ms. Thompson replied that it was difficult to predict. Ms. Thompson stated that during the process, vendors were asked to be as conservative as possible, e.g., the irrigation system cost savings estimate was approximately 25%-26% and the District had realized an irrigation cost savings of approximately 40% at Washington Elementary School. Ms. Thompson added that the higher interest rates and increased cost of electricity and water could reduce the estimated $20,000.00 annual cost savings in the presentation. Ms. Thompson was hopeful that because it is a conservative estimate, the District would realize a larger savings.

• Would it be possible to expand the projects if we see a large savings on this 15 year lease? Ms. Thompson replied that it would be possible to do a project on another group of buildings.

• Do we have to wait until this lease is completed in 15 years to pursue another project? Ms. Thompson stated that the District would not have to wait until this lease was finished, but could pursue another project at any time.

A motion was made by Mr. Jahneke that the Governing Board adopt a resolution authorizing the lease purchase of certain energy conservation measures within the District from Midstate Energy, L.L.C., authorizing the execution of various documents relating to such energy conservation measures and delegating to the District Superintendent and the Business Services Director of the District the authority to complete such documents. The motion was seconded by Mr. Maza. The motion carried.

IV. INFORMATION / DISCUSSION ITEM

A. 2013 Accountability Update – Assessment Report: Part Two
Dr. Cook advised the Board that they were being provided with Part Two of the 2013 Accountability Update – Assessment Report and introduced Ms. Janet Sullivan to present the information.

Ms. Sullivan gave a presentation on District assessments in the areas of Reading/Language Arts and Mathematics and how data from these assessments were utilized at the District and school levels. She stated that District assessments aligned with Arizona Academic Standards and District curricula, including screening, diagnostic, formative and benchmark assessments.

Mrs. Lambert asked the following questions:

• Have you found that using RTI was a good way to identify students requiring intervention? Ms. Sullivan responded in the affirmative. She stated that schools were getting more sophisticated with utilizing the data from the assessments to identify what specific skills a student is lacking or if a student needs intervention.

• Are you doing this only with reading and language arts or also doing it with math? Ms. Sullivan replied that the schools also have the disaggregated data for math.

Mr. Jahneke commented that we did not know what test was going to replace AIMS and how the Legislature was going to pay for it.
Ms. Graziano asked the following questions:

- Are the three daily interventions for RTI done in the classroom with students having the same skill problems. Ms. Sullivan advised that Tier 1 is provided during the core instruction by the homeroom teacher. Tier 2, in some cases, is provided by the homeroom teacher in another period during the day. Tier 2 could go either way depending on the needs of the student and the staff available. The after-school program is also an option for Tier 2. Tier 3 is provided by an interventionist outside of the regular classroom.
- If a student is in Tier 3, could they also be in Tier 2 or does it depend on what is being taught? Ms. Sullivan replied that it could depend on which skill was being taught.
- Are there three tiers for math RTI? Ms. Sullivan stated that it was not as comprehensive as for reading and it was difficult to find qualified math interventionists to hire.
- How many of the administered assessments are State mandated, e.g., AIMS, AZELLA? Ms. Sullivan replied that K-3 grades are required to do screening, diagnostic, and progress monitoring assessments, e.g., DIBELS, IRI, phonics analysis, and the 3-6 grades benchmarks are all mandated. Ms. Sullivan advised that the District is required through No Child Left Behind to have District assessments that monitor the progress of students toward the State mandated assessments.
- Are the technology assessments also mandated? Ms. Sullivan stated it was strongly recommended.
- Is art assessment mandated? Ms. Sullivan advised that it was a product of the art teachers and conducted during the art period.

Ms. Graziano expressed concerns for the teachers having to administer all of the assessments and the students with the narrowing of the curriculum. Ms. Sullivan clarified that Tier 2/3 students are generally pulled from social studies and science because the students need reading skills to actively participate in those subject areas.

Mr. Maza asked the following questions:

- Is it correct that when we celebrate a school making an A grade, it is because they are implementing all of these District assessments in order to receive that label of A? Ms. Sullivan responded that the data are used extensively to plan for instruction, which contributes to student achievement.
- If we were to implement something within the Performance Based Pay policy that schools who earn an A are exempt from assessments and other requirements, then how do we ensure that the A label was earned correctly. Mr. Maza asked if that assumption was correct. Ms. Sullivan replied in the affirmative.

Mr. Maza stated that he agreed that there were too many days spent on assessments, but he also understood that the laws were being written in a certain way. Mr. Maza said that we cannot celebrate grades when they are positive and bemoan them when they are negative. He commented that we have to decide if we believe in labeling and in grading/assessing and then to what extent.

Mr. Maza thanked Ms. Sullivan for the presentation.

V. FUTURE AGENDA ITEMS

December 12, 2013
There were no future agenda items.

VI. **GOVERNING BOARD AND SUPERINTENDENT ACKNOWLEDGMENTS**
Ms. Graziano acknowledged and thanked the Washington Education Foundation for providing mini-grants which make a big difference in the classroom.

Mr. Jahnke acknowledged and thanked the Political Action Committee (PAC) for their hard work and efforts to help pass the District’s recent M&O override election.

Mr. Maza attended the National Council of Urban Education Associations in Austin, TX last week as part of the leadership team representing the Mountain Region (which is under the umbrella of the National Education Association). He enjoyed visiting with Mr. Dennis Van Roeckel, District constituent and President of the National Education Association. Mr. Maza advised that several of the sessions addressed the Arizona College and Career Ready Standards and he gained a better understanding of the standards. He expressed his appreciation for the District’s approach to the program. Referencing the assessment agenda item, Mr. Maza did not feel that we should bemoan the assessments and how to use that data, but we should be supportive of the clear and high quality standards. Mr. Maza thanked Dr. Cook for her leadership and thanked the teachers for their efforts.

Dr. Cook acknowledged that Elaine Jacobs, Principal of North Canyon High School in the Paradise Valley Unified School District, and Brian Capistran, Associate Superintendent of Curriculum and Instruction in the Glendale Union High School District, spoke to the District’s Parent Leadership Team. They presented information about the contrast between the high school International Baccalaureate (IB) program and the Advanced Placement (AP) program. Dr. Cook stated it was a very good learning experience for all who attended.

Dr. Cook acknowledged Kathleen McKeever and the Academic Support Programs staff who hosted receptions to honor the work of teachers and staff in the 21st Century Programs and the after-school Kidspace Programs, as well as, the University partnership with the District for the first time this year. Arizona State University is requesting an agreement with the Washington Elementary School District (WESD) to secure fieldwork experience for its teacher education students. All placements will go through the Professional Development Department to ensure qualified personnel will host the students. Upon placement, the college will ensure all students abide by the WESD policies and procedures. Each student will be required to have a valid fingerprint clearance card on file in the Professional Development Department prior to beginning their observation hours or student teaching.

This affiliation agreement will be beneficial to WESD because it increases our ability to recruit new teachers. In turn, the students will retain a familiarity with the District to allow a more comfortable transition into teaching.

The Agreement has been reviewed by District Legal Counsel.

**SUMMARY AND RECOMMENDATION**

It is recommended that the Governing Board approve the Affiliation Agreement between Arizona State University and Washington Elementary School District and authorize the Superintendent to execute any necessary documents.

SUPPORTING DATA

In August of 2009, the City of Phoenix acquired a Temporary Construction Easement (TCE) from the District involving a portion of property located at 8520 and 8610 N. 19th Avenue, Phoenix, AZ (adjacent to Royal Palm Middle School). The TCE permitted the temporary use of the property for construction activities related to the Light Rail project on 19th Ave.

The TCE provided that the easement would be activated at a future date for a one year period, with compensation payable to the District in the amount of $8,019.00. The TCE was activated on January 14, 2013 for the period through January 14, 2014.

The City of Phoenix has requested an extension of the TCE for an additional twenty-four (24) month period, terminating on January 14, 2016. The proposed additional compensation for this period is $16,038.00.

The Agreement has been reviewed by District Legal Counsel.

AGREEMENT TO EXTEND
TEMPORARY CONSTRUCTION EASEMENT

The City of Phoenix acquired a Temporary Construction Easement (TCE) containing 4,062.59 square feet for a portion of the property located at 8520 & 8510 North 19th Avenue Phoenix, Arizona, legally described on attached Exhibit "A" and depicted on the map attached, as Exhibit "B" for the Northwest Extension of Light Rail. The TCE was recorded on August 17, 2009 as Document 2009-0762324. This property is also referred to as Parcel NW.1614.

The TCE allows for the temporary use of this area for construction activities related to the named Light Rail project. The easement was activated on January 14, 2013, and by agreement is valid for a one year period, through January 14, 2014. The amount paid for this TCE was $8,019.00.

Valley Metro engineers and contractors indicate that due to the variety and complexity of the various construction activities associated with the Light Rail Project, it is necessary to extend the duration of the 4,062.59 square foot TCE for an additional 24 months, through January 14, 2016.

The additional 24 months use of this 4,062.59 square foot TCE entitles the undersigned owner(s) to additional compensation of Sixteen Thousand Thirty-Eight and 00/100 ($16,038.00) Dollars.

The undersigned owner(s) accepts payment in the amount specified above in exchange for a 24-month extension of the TCE. The extension will terminate without notice to the owner or The City of Phoenix at midnight on January 14, 2016.

AGENDA ITEM: Permission to Pursue Employee Phased Retirement Program

INITIATED BY: Interest-Based Negotiations Team
SUBMITTED BY: Dr. Susan J. Cook, Superintendent

PRESENTER AT GOVERNING BOARD MEETING: Justin Wing, Director of Human Resources

GOVERNING BOARD POLICY REFERENCE OR STATUTORY CITATION: BBA; ARS §15-502; ARS §38-766.02

SUPPORTING DATA

During recent years, eligible Washington Elementary School District (WESD) employees have had the opportunity to participate in a phased retirement/employee leaseback program through smartschoolsplus, inc. With Governing Board approval, the program commenced in 2004-2005, and it was terminated at the end of the 2008-2009 school year. At the recommendation of WESD’s Interest-Based Negotiations (IBN) Team, Board members reinstated it for 2011-2012 as a one-year program that included stipulations and conditions that had not been previously addressed. On February 9, 2012, the Governing Board approved an updated IBN recommendation for a one-year phased retirement program, again through smartschoolsplus, inc., for 2012-2013, and on January 10, 2013, the Board approved the current one-year smartschoolsplus, inc. phased retirement program, which incorporated still further guidelines and clarifications.

In order to comply with the Affordable Care Act, smartschoolsplus, inc. must offer employee health benefits effective with the 2014-2015 school year. At this time, the company has not finalized the health insurance plan it will offer and its related costs. Therefore, smartschoolsplus, inc. has yet to prepare a contract for the District. Presumably, however, because of the company’s increased operational costs, the resulting savings to WESD may diminish relative to prior years.

Typically, one of the IBN Team’s initial tasks each December is to consider the feasibility of recommending that an employee phased retirement program be reauthorized for the subsequent school year. This year, in order to expedite the process, present IBN’s recommendation to the Governing Board as early as possible and offer timely information

SUMMARY AND RECOMMENDATION

It is recommended that the Governing Board authorize WESD to pursue an employee phased retirement with smartschoolsplus, inc. for the 2014-2015 school year in accordance with current WESD phased retirement guidelines.

Agenda Item IIIA.
to employees who plan to retire at the end of this year, IBN members were asked to respond via e-mail to the question, “Should WESD offer eligible employees the option to participate in a smartschoolsplus, inc. phased retirement program for 2014-2015, given the same conditions and stipulations that currently exist for the program?” (At this time, however, the question did not take into consideration the probable impact of the Affordable Care Act on the cost to the District of contracting with smartschoolsplus, inc.) Because of their familiarity with the current phased retirement program, continuing IBN members were able to make an informed decision without benefit of further details. Director of Human Resources Justin Wing provided new IBN representatives with sufficient background information to enable them to offer a knowledge-based response to the inquiry. Ultimately, IBN members made a consensus decision to recommend that the Governing Board authorize WESD to pursue a contract with smartschoolsplus, inc. for the 2014-2015 school year in accordance with current District phased retirement guidelines.

During the December 16-17, 2013 IBN meetings, members learned that smartschoolsplus, inc. has yet to prepare a contract for WESD, pending finalization of the company’s employee health benefits plan. Understanding that the savings to be realized by contracting with smartschoolsplus, inc. would likely be less than in previous years, the IBN Team nonetheless reached consensus to recommend that the Governing Board authorize the District to pursue a phased retirement program with smartschoolsplus, inc. for the 2014-2015 school year, given the following parameters:

- The program will remain in effect for one year only (2014-2015).
- The program is intended for eligible employees who wish to work for WESD for only one more year.
- At the end of 2014-2015, positions held by program participants will be opened as vacancies or considered for possible reductions. Program participants may reapply to WESD to be considered for posted vacancies; external application, selection, salary placement and benefits procedures will apply.
- The program will be open to eligible classified employees, certified employees and administrators; the Superintendent will not be eligible to participate, per District Regulation GCQ-R.
- There will be only one entry date into the program (July 1) for eligible participants.
- To be eligible, an individual must
  - have been employed by WESD for one or more years;
  - have not received an unsatisfactory or ineffective performance rating on either of his or her two most recent evaluations;
  - qualify for full retirement benefits through ASRS;
  - complete the WESD application process.
- Selection of program participants from among eligible applicants will be based on the combined results of an individual’s Reduction in Force rubric, if applicable, and performance evaluations.
- A program participant’s intended placement will be at the site where he or she was located immediately prior to retirement.
- A program participant will receive 75 percent of the base salary or hourly rate earned during his or her final year of employment with WESD. Overtime calculations, if applicable, will be based on the hourly rate earned by the program participant.
- WESD will pay smartschoolsplus, inc. 86 percent of the base salary earned by the program participant during his or her final year of District employment.
- WESD will pay the Arizona State Retirement System the 2014-2015 alternative contribution rate per program participant.
- WESD will not pay program participants’ health insurance.
- Program participants will be granted all general leave time up front.
  - 12-month employees will receive 12 days of general leave.
  - Employees who work fewer than 12 months per year will receive 10 days of general leave.
- Program participants who are 12-month employees will be granted 10 vacation days up front.
- Program participants will not be eligible for professional development days.
• Program participants will not be eligible to receive incentives or performance pay.
• Program participants will be eligible to receive stipends for additional work completed, if applicable; in such circumstances, WESD will pay the full current stipend amount to smartschoolsplus, inc. If earned, stipends will be paid to program participants on a quarterly basis. Participants must submit completed stipend paperwork within designated timeframes in order to ensure prompt payment.
• Program participants will not be eligible to serve on
  o IBN Team
  o Planning and Steering Council
  o Facilities Council
• Program participants will be allowed to serve on
  o a curriculum related committee, if the committee’s work impacts the participant’s current year students
  o a committee, including Site Council, only if doing so is a requirement of the participant’s position; determination of said requirement is to be overseen by the principal or Superintendent or designee.
• Program participants are not to be paid for any days for which regular District employees are not compensated, i.e., furlough days.
• The District may use the services of the phased retirement agency to fill position vacancies, and in doing so, must adhere to standard District protocol for working with any contract staffing agency.
  o An individual contracted through the phased retirement agency will receive 75 percent of the position base salary (or hourly rate), determined according to the District’s new hire placement procedures.
  o An individual may be contracted through the phased retirement agency to begin work at any time during the fiscal year. Such flexibility in filling vacancies will support the District’s efforts to meet ongoing educational and administrative needs.
  o An individual who is to be contracted through the phased retirement agency must provide a copy of his or her two most recent performance evaluations as evidence that he or she received no unsatisfactory or ineffective performance ratings on either evaluation.

During the current school year, 24.5 FTE (6.0 FTE administrators, 5.0 FTE classified staff and 13.5 FTE certified staff) participate in the phased retirement program, which is costing WESD approximately $500,000.00 less than if all had remained District employees for the year.

Justin Wing is available to answer Governing Board members’ questions regarding this recommendation.
