III. ACTION/DISCUSSION ITEMS

A. Work Furlough

Dr. Cook advised the Board that on April 8, 2010, IBN offered a series of recommendations, including scheduling two work furlough days for employees if necessary. Dr. Cook stated that the District felt it could responsibly recommend that November 26, 2010 (the first recommended work furlough day) be designated as a regular, paid holiday for two reasons. It is anticipated that the District will be able to access a portion of the federal Education Jobs funding. Also, the District was able to spend $600,000 less on energy last year than budgeted due to its energy conservation program and it is anticipated the same efforts will continue this year.

A motion was made by Mr. Jahneke that the Governing Board designate November 26, 2010 as a regular, paid holiday. The motion was seconded by Ms. Graziano. The motion carried.

Board members stated they were pleased to be able to approve this recommendation and thanked the staff for their efforts to conserve energy which made this possible.

B. Arizona School Facilities Board 2009-2010 Preventive Maintenance Program Report

Dr. Cook advised the Board that the Preventive Maintenance Program Report indicated that the District was not able to complete all of the recommended tasks. This was due to a reduction in staff, as well as the elimination of School Facilities Board funding.

Mrs. Lambert thanked Mr. Mike Kramer and his staff for their hard work and for meeting the challenges of maintaining the District’s buildings.

Ms. Graziano asked how they determine what tasks to complete. Mr. Kramer responded that the focus is on safety related items with a high risk potential.

Mr. Maza asked if the District received Building Renewal funds. Ms. Cathy Thompson replied that the District had not received the Building Renewal funds for the past three years.

A motion was made by Ms. Graziano that the Governing Board approve the submission of the 2009-2010 Preventive Maintenance Program Report to the Arizona School Facilities Board. The motion was seconded by Mr. Jahneke. The motion carried.

IV. INFORMATION / DISCUSSION ITEMS

A. Update Regarding Strategic Action Plans
Dr. Cook advised the Board that the District is proud to have a Strategic Action Plan which guides the work of the District. The Strategic Action Plan is reviewed and updated every year. Dr. Cook introduced Ms. Sue Snyder who advised the Board that the 2010-2013 strategic action plans were expanded to include employee recruitment and retention and a marketing plan. The following presenters provided information for the 2010-2013 strategic action plans regarding accomplishments to date, activities that were currently in progress and activities that were to be pursued in the future:

- Maggie Westhoff (Student Achievement)
- Carol Donaldson (Community Relationships)
- Sue Pierce (Facility Planning and Usage)
- Mike Kramer (Student Safety)
- Chris Lieurance (Technology)
- Justin Wing (Recruitment and Retention)

Mr. Jahneke asked what plans the District had for a net zero school (a school that generates as much electric energy as it uses). Dr. Cook responded that the net zero school would be very expensive to build and is dependent on potential Capital Plan funding as a result of the November 2, 2010 election. The plan is to implement as many features as possible in the rebuild at Lookout Mountain Elementary School as part of the Capital Plan.

Mr. Maza appreciated that Mr. Wing’s presentation mentioned the distinction between “highly qualified” teacher, as defined by NCLB, and “highly effective” teacher. Mr. Maza stated that the “highly effective” teacher had not been defined at the local, state nor national level.

Ms. Graziano asked the following questions:

- Are the changes to the program guides a result of State or District revisions?
  Dr. Cook responded that the Technology program guide change is due to State revisions and the Physical Education and Health program guides were District changes.

- When special needs teachers and students are trained on the use of adaptive technology, are aides also trained? Yes.

- Is the Recruitment Committee new? No.

- Do teachers have to enter quarterly assessments in more than one place?
  Dr. Cook replied that although quarterly assessments are not automated as part of Genesis, it can be recorded in Genesis and only needs to be entered once.

- Were there any problems switching from SASI to Genesis? Mr. Lieurance stated that the implementation of Genesis went very well with minimal problems, although data entry is more time-consuming.

- What are the plans to reduce truancy? A truancy report is forthcoming.

Mrs. Lambert asked when the parent portal will be available. Mr. Lieurance reported that it is a part of Genesis and a pilot program will be implemented at a school in August 2011 before rolling out District-wide.

October 28, 2010
Governing Board member, Mr. Bill Adams, was not able to attend the meeting, however, sent a note which Mrs. Lambert read. Mr. Adams felt that the strategic action plans provided a clear roadmap for the future of the District and offered his sincere appreciation for a job well done to all who helped create this visionary plan. He stated that “our children and community will triumph and grow from this living document”. Board members in attendance thanked everyone involved with the strategic action plans and echoed Mr. Adams comments.

V. FUTURE AGENDA ITEMS
Ms. Graziano requested that Fall Break and Parent/Teacher Conferences be considered when setting the 2011-2012 Governing Board meeting dates.

Mrs. Lambert requested a review of Governing Board member titles and responsibilities.

VI. GOVERNING BOARD AND SUPERINTENDENT ACKNOWLEDGMENTS
Ms. Graziano acknowledged that the band director at Orangewood School is the percussion instructor at Tolleson High School that received an award at the State band competition. She also acknowledged that a teacher at Richard E. Miller Elementary School is a member of the Sweet Adelines who recently won an international competition.

Mrs. Lambert acknowledged boy scout, Sean Plaum, from Troop 323. Sean is an 8th grade student at Mountain Sky Junior High School and working on his Communication badge towards being an Eagle Scout. Sean was accompanied by his stepfather, Glenn Teille, who works in the District’s Transportation Department.

Dr. Cook acknowledged everyone who worked on the Strategic Action Plans. She stated that the District should be very proud that we have a Strategic Action Plan that is used, reviewed and improved upon and commended everybody involved with it.

VII. ADJOURNMENT
A motion was made by Mr. Maza to adjourn the meeting at 9:02 p.m. The motion was seconded by Ms. Graziano. The motion carried.
