Motion ___________________ Second ___________________ Vote ___________________

NOTES: As a matter of information to the audience, five days prior to any Governing Board Meeting, Board Members receive the agenda along with the extensive background material which they study individually before action is taken at the meeting. Routine matters will be asterisked and approved as consent agenda items. Any member of the Governing Board may remove items from the consent agenda.

Persons with a disability may request a reasonable accommodation by contacting 602-347-2802. Requests should be made at least 24 hours prior to the scheduled meeting in order to allow time to arrange for the accommodation.

(*) Items marked with an asterisk (*) are designated as Consent Agenda Items. This implies that the items will be considered without discussion. Consent Agenda Items may be removed for discussion and debate by any member of the Governing Board by notifying the Board President or the Superintendent twenty-four (24) hours before regular Board meeting or by a majority of the Governing Board members present at the Board Meeting.

(**) Members of the public who wish to address the Board during Public Participation or on an item which is on the agenda may be granted permission to do so by completing a PUBLIC PARTICIPATION SPEAKER COMMENT form and giving it to the Board’s Secretary PRIOR TO THE BEGINNING OF THE MEETING. Those who have asked to speak will be called upon to address the Board at the appropriate time. If interpreter services are needed, please contact Angela Perrone at 602-347-2609 at least 24 hours prior to the scheduled Board Meeting in order to allow sufficient time to arrange for an interpreter to be available.

(***) During open session, the Board shall not hear personal complaints against school personnel or any other person connected with the District. Policy KE is provided by the Board for disposition of legitimate complaints including those involving individuals.

(****) The Board may listen but cannot enter into discussion on any item not on the agenda. Depending upon the number of requests to speak to the Board, time limitations may be imposed in order to facilitate accomplishing the business of the District in a timely manner.
I. REGULAR MEETING – GENERAL FUNCTION

A. Call to Order and Roll Call
Mr. Maza called the meeting to order at 7:01 p.m. Governing Board members constituting a quorum were present: Mr. Chris Maza, Mr. Bill Adams, Ms. Clorinda Graziano, Mr. Aaron Jahneke, and Mrs. Tee Lambert. Mr. Maza left the Executive Session at 9:30 p.m.

B. Moment of Silence and Meditation
Mr. Maza called for a moment of silence and meditation.

C. Pledge of Allegiance
Mr. Maza led the Pledge of Allegiance.

D. Adoption of the Regular Meeting Agenda
A motion was made by Mr. Adams that the Governing Board adopt the Regular Meeting Agenda. The motion was seconded by Ms. Graziano. The motion carried.

E. Approval of the Minutes
A motion was made by Mr. Jahneke that the Governing Board approve the Minutes of the September 26, 2013 Regular Meeting. The motion was seconded by Mrs. Lambert. The motion carried.

F. Current Events: Governing Board and Superintendent
Mr. Adams shared that he enjoyed attending Supporting the Implementation of New Standards sponsored by the Arizona School Boards Association (ASBA) and Stand for Children Arizona. Mr. Adams acknowledged Superintendent Susie Cook’s attendance and stated it was very informative.

Mr. Adams shared that he enjoyed attending the following school events. He commended the school staff for the events and was impressed with the support of the parents and community members:
- Cholla Middle School – Mock Smithsonian Museum and Fall Concert
- Palo Verde Middle School – Orchestra/Band Fall Concert

Mrs. Lambert shared that Pam Seitzinger, Program Specialist in the 21st CCLC Unit at the Arizona Department of Education (ADE), advised Mrs. Lambert that the Washington Elementary School District was considered one of the leaders in the State for after-school programs. Ms. Seitzinger mentioned that Kathleen McKeever, Deirdre Mai, Melanie VanWagner, Wendy Bice, and Erika Williamson had shared their expertise with ADE to train other schools that received 21st Century grants. Mrs. Lambert gave kudos to Ms. McKeever and her team for their successful 21st Century programs that target and benefit students.
Ms. Graziano thanked the District staff for their hard work with the Support Our Schools AZ community sale that benefited the students in the District.

Ms. Graziano shared that she enjoyed attending the Business Advisory Team meeting and acknowledged Jill Hicks for her incredible job of getting many businesses to attend. Ms. Graziano stated it was wonderful to see businesses coming together, not only for the benefit of the District, but also beneficial for the businesses to establish relationships with other local businesses.

Ms. Graziano apologized for not being able to attend more school events, but explained that she was involved with another district raising funds to take middle school music students to perform in London for the New Year’s Day parade. Ms. Graziano thanked the teachers, who had field trips on the agenda for approval, for their hard work. Ms. Graziano stated that field trips were wonderful, inspirational experiences for students.

Mr. Jahneke advised that he was sorry he was unable to attend many of the school events due to his work obligations.

Mr. Jahneke acknowledged Lori Ritz, Principal at Sunnyslope School, for her part on the APS advertisement promoting the District’s solar project at Sunnyslope School. Mr. Jahneke stated it was good that the District was conserving energy, as well as saving money.

Dr. Cook advised the Board that the District was celebrating the successes of Abraham Lincoln Traditional School because it earned an “A” for the third year in a row. Dr. Cook introduced Ms. Tara Mayole, Principal of Abraham Lincoln Tradition School, who shared information regarding the school’s student achievement successes.

G. Public Participation
There was no public participation.

H. Approval of the Consent Agenda
Mr. Maza requested that Item *ILP – Second Reading and Adoption of Proposed Amended Board Policy JLF – Reporting Child Abuse/Child Protection be pulled from the Consent Agenda for separate consideration.

Ms. Graziano requested that Item *ILD. – Out-of-County/State Field Trips and Item *II.F. – Award of Contract – RFP No. 13.027, Tutoring and Substitute Teaching Agencies, be pulled from the Consent Agenda for separate consideration.

A motion was made by Mrs. Lambert that the Governing Board approve the remaining Consent Agenda items. The motion was seconded by Mr. Jahneke. The motion carried.

II. CONSENT AGENDA

*A. Approval/Ratification of Vouchers
Approved and ratified the vouchers as presented.

*B. Personnel Items
Approved the personnel items as presented.
*C. Public Gifts and Donations (The Value of Donated Items is Determined by the Donor)

Approved the public gifts and donations as presented.

1. CenturyTel Service Group donated a check in the amount of $2,000.00 for teacher, John Vasey, who received the "All Star Teacher" recognition award to be used for the benefit of his students at Orangewood School.

2. Fidelity Charitable Gift Fund donated a check in the amount of $1,800.00 for the benefit of students at Shaw Butte Elementary School.

3. Gardner’s Book Service donated books and services with an approximate value of $749.07 to the Academic Services Department for Gardner’s Story Box.

4. InnovAz/Science Foundation of Arizona donated a check in the amount of $1,455.27 to be used for supplies for the benefit of students in the STEM Club at Orangewood School.

5. Resurrection Life Lutheran donated 75 backpacks with an approximate value of $750.00 for the benefit of students at Sunset Elementary School.

6. Sun Star Chinese Buffet Inc. donated a check in the amount of $500.00 to be used for the benefit of students in the after-school academy at Ironwood Elementary School.

9. Walmart #2512 donated school supplies with an approximate value of $1,000.00 to the Transportation Department for the benefit of Washington Elementary School District students.

*D. Out-of-County/State Field Trips

A motion was made by Ms. Graziano that the Governing Board approve the out-of-county/state field trip requests as presented. The motion was seconded by Mr. Jahneke. The motion carried.

Ms. Graziano had the following concerns regarding field trips:

- What will the students who are not going on the Catalina Island field trip be studying? A representative from Arroyo Elementary School advised that the students not going on the field trip would be studying all the marine biology content that the students on the trip would be learning.

- There were several turnaround field trips to California. Are teachers agreeable to using Sundance Travel with the $10.00 per student fee? Is it easier to make one phone call to Sundance Travel to handle all the arrangements, e.g., bus, hotel, etc.?

- Concerned about the report card grade requirements (1, 2, or 3) for the student eligibility on the Ironwood Elementary School field trip. A representative from Ironwood stated that if a student was working hard to improve their grade, they were allowed to go on the field trip. Ms. Graziano asked the teachers to reconsider the grade requirement because field trips could have a large impact on a student’s life.

Mr. Maze thanked the school staff for attending the meeting to be available to answer any questions regarding the field trips.

October 17, 2013
Mrs. Lambert stated that field trips could be very rewarding with great benefits for the students. She thanked the teachers for their time and efforts in planning the field trips which demonstrated their dedication and commitment for the students.

3. Ashanti Givens, Cholla Middle School, submitted an out-of-county/state field trip to Disneyland, Anaheim, CA, April 25-26, 2014, for 7th and 8th grade students at a cost of $19,266.00.

10. Anthony Murphy, Mountain Sky Junior High School, submitted an out-of-county/state field trip to Marana High School, Tucson, AZ, January 24-25, 2014, for 7th and 8th grade students at a cost of $225.00.

11. Alex Keene, Orangewood School, submitted an out-of-county/state field trip to Disneyland/California Adventures, Anaheim, CA, May 8-10, 2014, for 6th, 7th, and 8th grade students at a cost of $28,584.34.

12. John Vasey, Orangewood School, submitted an out-of-county/state field trip to Pacific Beach, San Diego, CA and Ocean Institute, Dana Point, CA, June 1-5, 2014, for 6th grade students at a cost of $28,430.00.

October 17, 2013
13. Matt Weaver, Royal Palm Middle School, submitted an out-of-county/state field trip to Astrocamp, Idyllwild, CA, May 9-11, 2014, for 6th, 7th, and 8th grade students at a cost of $46,247.50.

14. Azucena Parra and Tameri Bayus, Royal Palm Middle School, submitted an out-of-county/state field trip to Disneyland, Anaheim, CA, April 25-26, 2014, for 6th, 7th, and 8th grade students at a cost of $14,996.00.

**E. Out-of-State Travel**

Approved the out-of-state travel as presented.

3. Dorothy Watkins, Administrator of Social Services, to attend the 25th Annual National Association for the Education of Homeless Children and Youth Conference, November 2-5, 2013, in Atlanta, Georgia, at a cost of $1,660.00.

**F. Award of Contract – RFP No. 13.027, Tutoring and Substitute Teaching Agencies**

A motion was made by Ms. Graziano that the Governing Board award a contract regarding RFP No. 13.027, Tutoring and Substitute Teaching Agencies to the vendors as presented. The motion was seconded by Mr. Maza. The motion carried.

Ms. Graziano asked if the services were used mostly for the special needs student population. Dr. Cook responded that all of the services are IEP driven agencies for special needs students.

Mr. Maza asked if it was holding true that in a good economy, it was difficult to find substitutes in many areas, as well as some of the education support professional positions. Dr. Cook affirmed and added that in any economy, it was difficult to find special education substitutes.

III. RECESSING OF REGULAR MEETING FOR PUBLIC HEARING

IV. PUBLIC HEARING

A. Bond and Capital Projects Update
Mr. David Velazquez provided a bond and capital projects update, as required by law. Mr. Velazquez reviewed the 2010 bond authorization, as well as additional funding sources used for projects. He stated that the Building Renewal funding was eliminated by legislature effective September 2013. Mr. Velazquez reviewed the projects completed in the 2012-2013 school year and reported on construction projects in progress.

October 17, 2013
Ms. Graziano asked the following questions:

- How are projects identified as “deferred”? Cathy Thompson responded that school projects were identified before the bond election and were listed on the Capital Project Plan Summary B&E Report provided in the agenda. Ms. Thompson stated that when the projects were reevaluated, additional scope was identified or projects were added to the list. Ms. Thompson advised that most of the deferred projects were for replacement of portables with structures.

- Were the additional projects on the original request for the bond election? Ms. Thompson replied that they were not listed in the voter bond pamphlet.

- Do the deferred projects remain on the list in case additional funding becomes available? Ms. Thompson responded that they remain on the list.

- Are the projects that were on the original bond request being worked on and not identified as deferred? Dr. Cook stated that all of the projects listed in the bond election pamphlet that the voters approved are being completed.

Mrs. Lambert stated she was pleased to see the projects completed under budget and asked if the project estimates were accurate. Mr. Mike Kramer advised that due to the economic slowdown, vendors were willing to do the same work for a lower cost. Mr. Kramer stated that multiple vendor bids were utilized to obtain the most value for the taxpayers’ dollars. Mrs. Lambert thanked Mr. Kramer for his due diligence to save the District money.

There were no questions from the public.

B. Annual Report of M&O and K-3 Override Expenditures

Mr. David Velazquez reviewed the M&O and K-3 override expenditures, as required by law. Mr. Velazquez advised that the M&O override funding was voter authorized in November 2010 and was approximately $10.4 million. He stated that the K-3 override funding was voter authorized in November 2009 and was approximately $5.2 million.

Mr. Adams asked how the K-3 override funds were assisting the District to reduce class size and academic intervention. Dr. Cook replied that full-day kindergarten utilized the majority of the funding. She stated that the K-3 override funds assisted the District to reduce class size, however, it was difficult to find teachers. The funds for academic intervention provided help for students who were underachieving and seemed to be successful based on the growth and successes at the schools.

Mr. Jahneke asked if it was up to each school site to determine how much money was to be spent for class size reduction versus academic intervention. Dr. Cook responded that it was originally intended to be handled by each site. However, because full day Kindergarten is the major allocation and there is less funding for class size reduction and intervention, the matter is now handled during school staffing meetings with the Principals.

Mr. Maza commented that with the cuts the District had experienced in the past four years, the possibility of larger class sizes had been avoided due to the K-3 override funding. Dr. Cook agreed that the District’s class sizes would definitely have been higher without the override funding.

Ms. Graziano thanked the District and the voters for the K-3 override. Ms. Graziano stated that although full-day kindergarten utilized the majority of the K-3 override funds, the benefits to the students far outweighed the costs.

October 17, 2013
V. **RECESSING OF PUBLIC HEARING FOR REGULAR MEETING**

IV. **ACTION / DISCUSSION ITEM**

A. **Consider, Discuss and, if Deemed Advisable, Approve the Intergovernmental Cooperative Purchase Agreements and Contract Purchases with 1GPA to Utilize Midstate Energy for Energy Performance Contracting Services**

Dr. Cook introduced Ms. Cathy Thompson to summarize for the Board’s consideration, discussion and, if deemed advisable, approval of the Intergovernmental Cooperative Purchase Agreements for energy performance contracting services.

Ms. Thompson advised the Board that the District had performed due diligence regarding performance contracting, to identify a provider, to review campuses and services to include in a performance contract, and to recommend a way to procure the services. Ms. Thompson stated that it was determined that Midstate Energy had made available a different contract than was originally submitted for approval. The new contract through the 1GPA consortium would result in a lower cost to the District overall.

Ms. Graziano asked the following questions:

- Did the District use the State’s bid list as opposed to sending out individual bids to vendors. Ms. Thompson replied that the District did not issue an RFP, however, the District selected five vendors who had existing cooperative contracts and put them through a similar RFP process of interviews and conducting energy assessments.
- Did the District feel that the cost would not necessarily have been lower if it had issued a separate RFP. Ms. Thompson responded that there was the possibility that if the District had issued an RFP, the time to complete the process and with increasing interest rates, it could have cost the District more money.

Mrs. Lambert asked the following questions:

- What happens after the information is gathered? Does it go to the District or a committee? How is it involved with bond or capital override decisions? Ms. Thompson replied that Midstate Energy did a more intense evaluation of the school projects. They met on a weekly basis with the District’s Finance and Capital Projects/Maintenance departments to offer options and ask for direction. Ms. Thompson reported that the main goal was to do two HVAC replacements that were in the bond override. She stated that they will complete the roofing bond projects, as well as expansion of the HVAC replacements with additional energy savings projects. In addition, Midstate Energy was asked to include irrigation and possibly lighting at additional school campuses, as they have a faster return on investment.

Mr. Adams clarified that this was originally approved through a TCPN to 1GPA and this agenda item was for a new contract with 1GPA to utilize Midstate Energy for energy performance contracting services that would be more advantageous for the District. Ms. Thompson confirmed that Mr. Adams was correct.

October 17, 2013
Mr. Jahneke asked the following questions:

- Were the energy savings performance contracts possible due to a new statute? Ms. Thompson replied that the statute was several years old, however, it was changed approximately one year ago. Ms. Thompson stated that she did not feel comfortable with the statute until the recent change that allowed the District to pay for energy savings performance contracts with M&O savings.
- If the District had additional funds, would there be a prepayment penalty? Ms. Thompson advised that when the District negotiated the contract, it would request that there not be a prepayment penalty if the District were able to pay the debt early.

A motion was made by Mr. Jahneke that the Governing Board approve the Intergovernmental Cooperative Purchase Agreements and contract purchases with 1GPA to utilize Midstate Energy for Energy Performance Contracting Services. The motion was seconded by Ms. Graziano. The motion carried.

VII. INFORMATION / DISCUSSION ITEMS

A. Update Regarding Strategic Action Plans

Dr. Cook advised the Board that the District reviewed its strategic action plans each year. Dr. Cook introduced Ms. Sue Snyder who reviewed the background of the Strategic Action Plans. The administrators responsible for each strategic action plan gave a presentation regarding accomplishments to date, as well as current and future plans.

Mr. Adams thanked the administrators for the presentation and made the following comments:

- Asked if it would be possible to have an update either quarterly or semiannually and list accomplishments to date on a single piece of paper. Dr. Cook replied that the update had been presented annually to the Board and took several months to compile the data but we can consider quarterly updates.
- Stated that he was pleased that the student information system parent portal was being piloted. Dr. Cook advised that it is being piloted at four schools.
- Stated that bus replacements were costly to the District and made a suggestion to investigate the possibility of outsourcing the bus transportation. Mr. Maza suggested that Mr. Adams could request this topic as a future agenda item if he so wished.

Ms. Graziano appreciated the presentation and made the following comments:

- The strategic actions plans were important documents for the District. Ms. Graziano asked if it would be possible to have the new information highlighted on the strategic action plans.
- School Safety – thanked John Shikany for the amazing job he does for truancy issues and finding the missing students.
- Community Relationships – suggested adding the college connections (e.g., ASU, GCU, NAU, GCC) to the list of accomplishments because it is a wonderful collaboration and strengthens what we are doing in the District.
- Technology – appreciated that the parent portal system was piloted and tested in order to ensure that it will be running efficiently when implemented at all of the schools.

October 17, 2013
Mr. Juhneke stated he enjoyed the presentation every year to see the accomplishments of the District. He appreciated that the District had the strategic action plans and stated you need to have a plan in order to be successful. He stated that the District was being proactive instead of reactive.

Mr. Mazza thanked everyone for the presentation and the attention and focus to the District's goals.

Mrs. Lambert thanked everyone for their efforts and focus on the operations of the District. Mrs. Lambert made the following comments:

- Suggested having the information for the strategic action plans posted on the District's website. Ms. Snyder advised that the strategic action plans were already available on the website and that the updated strategic action plans and PowerPoint presentation from the Board meeting would be posted on the website.
- Parent portal system – realized that a lot of technological challenges were involved in implementing it. However, there will be bigger cultural changes that come with the implementation in order to have the teachers feel comfortable utilizing the system.

Dr. Cook thanked everyone involved with the strategic action plans which involved many District employees, as well as community members.

B. Information Regarding the Title I Budget

Dr. Cook advised the Board that Ms. Graziano had requested a future agenda item for information regarding the Title I budget. Dr. Cook introduced Ms. Janet Sullivan who presented the Title I budget information.

Ms. Sullivan advised that there were 27 schools providing Title I programs. Ms. Sullivan stated that due to sequestration, the District had experienced reductions in Title I funding since the 2011-2012 school year of 17.66% while at the same time, saw an increase in school staffing dollars of 6.70%. Ms. Sullivan reviewed the funding distributions for staffing and set-asides, both mandatory and as required programmatically by law.

Mrs. Lambert made the following comments:

- Stated that the private school consortium set-aside had increased and asked if there was a formula to calculate the amount. Ms. Sullivan responded that there were three components for money paid to private schools:
  - There was a per pupil dollar amount for administrative costs to run the consortium.
  - Formulaic funding for professional development.
  - Formulaic funding for per student amount.
- Do the private schools use the same criteria (rank order by academic need) as the District to identify students who need the special services? Ms. Sullivan replied that students were serviced in a school-wide program and intervention services were fluid and were provided as needed. She advised that the District did not monitor the rank order of identifying students at the private schools. Ms. Sullivan stated that in a school-wide program, all students were eligible for services, e.g., social services, and were not based on academic need.
Mrs. Lambert stated that the District had many challenges planning a future year’s budget when dealing with many issues, e.g., federal dollars changing, sequestration, the new census, and waiting for approval for the flexibility request. Mrs. Lambert thanked Ms. Sullivan for the report and gave kudos to the staff for trying to move forward in a very questionable environment where the District did not know what was going to happen.

Ms. Graziano made the following comments:

- Was it only the students who live within the WESD boundaries and attend the private schools that have to qualify for free and reduced lunches and Title I services. Do the private schools have to qualify for Title I as well? Ms. Sullivan responded that the private schools do not have to qualify as a Title I school. The private schools report to the District the students who live in the District’s attendance areas and qualify for free and reduced lunches and then they are funded accordingly.
- Does this include charter schools? Ms. Sullivan replied that charter schools are responsible for their own Title I program and funding.
- Are private schools required to provide feedback for the funds they receive? Ms. Sullivan stated that the funds go to the Title I consortium. Ms. Sullivan advised that WESD is in a private school consortium with 28 school districts and the consortium provides the services at each of the private schools. WESD acts as the fiscal agent for the private school consortium.
- Asked for information regarding the Public School Choice/Supplemental Services funding. Ms. Sullivan responded that the 2011-2012 funds were used for public transportation for public school choice and for supplemental educational services, e.g., after-school tutoring programs from external vendors. Ms. Sullivan stated that with the waiver that was granted for the 2012-2013 school year, SES was eliminated. It was not mandatory that the District have supplemental educational services, therefore, it was able to utilize the funds in other ways. Ms. Sullivan advised that at the beginning of the 2012-2013 school year, the District did not know the status of the waiver regarding transportation and did not know if the District needed to offer public school choice since the accountability system changed for Title I with the approval of the District’s flexibility request. Ms. Sullivan stated that the District continues to transport students, but at the District’s own expense. Ms. Sullivan reported that the District was notified at the beginning of the 2013-2014 school year, after the original budget was established, that it did need to offer public school choice for schools identified as focus schools. Ms. Sullivan stated that the Title I budget would be amended and funds would be allocated based on identified needs.
- Was the money reserved for school improvement based on a mandatory percentage or grades of the schools? Ms. Sullivan advised that in 2011-2012 and prior years, there was a mandatory 20% set-aside. The mandatory percentage was eliminated in 2012-2013 and the District significantly reduced the budget expense the last two years. Ms. Graziano stated that she hoped the money would not be needed in the future since many of the schools had shown improvement. Ms. Sullivan reported that the District was required to set-aside money for the four focus schools and the three intervention schools.
- For school/District professional development funds, do the schools or the District make the decision and how does the money get distributed? Ms. Sullivan advised that all of the schools have a program coach and the funds are primarily used for the coaches. There are instructional coaches who provide support to all teachers. In addition, there are literacy coaches who

October 17, 2013
work at the school sites. All of the schools have benefited from the services and professional development opportunities that have been offered from external vendors for literacy and math coaching. Dr. Cook reported that school-wide Title I schools were offered discipline program training, e.g., Make Your Day training, which was paid by Title I funds.

- How do schools qualify for the other resource funds, ranging from $200.00 to $20,000.00 per school site? Ms. Sullivan replied that the schools have to be rank ordered based on their free and reduced lunch. Each school site received an allocation amount based on its student count and poverty rate. Each school site determined its staffing needs and deducted the staffing cost from the allocation received and the remainder was the other resource funds, to be used at the school’s discretion.

- Are any of the other resource funds available for after-school tutoring intervention? Ms. Sullivan advised that some schools had chosen to supplement the 21st Century program with additional staffing paid with the other resource funds. She stated that each school made the decision on how to utilize the other resource funds.

Mr. Adams asked the following questions:

- Was the District required to utilize the consortium? Ms. Sullivan replied that although the District was not required to use a consortium, it would not be cost effective for the District to provide services directly to the 14 private schools within its attendance boundaries. Ms. Sullivan stated she was not aware of any school district that did not utilize the private school consortium.

- Did the District receive an administrative fee for its duties as the fiscal agent? Ms. Sullivan responded in the affirmative.

- Was the consortium responsible for monitoring the funds provided to the private schools? Ms. Sullivan and Dr. Cook replied that the funds were audited and the consortium was monitored by the Arizona Department of Education (ADE). Ms. Sullivan advised that the District was not responsible for monitoring the private school activities and that ADE did the monitoring.

VIII. FUTURE AGENDA ITEMS
Mrs. Lambert requested an update for the Move on When Reading Program.

IX. GOVERNING BOARD AND SUPERINTENDENT ACKNOWLEDGMENTS
Ms. Graziano acknowledged and thanked Judge Robert D. Myers for his service on the District’s Trust Boards. She also acknowledged his time as a volunteer at Orangewood School.

Mr. Maza thanked everyone for their well wishes and condolences for his grandfather who passed away on November 14, 2013. Mr. Maza stated that his grandfather was a World War II veteran who believed in public education.

Dr. Cook acknowledged that Dr. Dianna Bonney, teacher at Orangewood School, received the “A Day Made Better” award from Office Max and received $1,000.00 in classroom supplies.

Dr. Cook acknowledged that Jill Hicks, Community Outreach Specialist, was appointed to the Mayor’s Youth and Education Commission.

October 17, 2013
Dr. Cook thanked the Parent Leadership Team that attended an anti-bullying event with the District staff on October 16, 2013. The event was sponsored by Mayor Stanton’s wife, Nicole Stanton.

Mr. Maza acknowledged Paradise Valley Unified School District’s centennial celebration to be held on October 19, 2013. The parade’s Grand Marshal of the certificated group will be Dennis Van Roekel, Paradise Valley High School teacher and President of the National Education Association.

X. **CALL FOR EXECUTIVE SESSION**  
Call for Executive Session: Pursuant to A.R.S. §38-431.03 – A.1  

It was recommended that the Governing Board establish an Executive Session to be held immediately during a recess in the Regular Meeting for:

- A.1 – Discussion or consideration of employment, assignment, appointment, promotion, demotion, dismissal, salaries, disciplining or resignation of a public officer, appointee or employee of any public body, except that with the exception of salary discussions, an officer, appointee or employee may demand that the discussion or consideration occur at a public meeting – specifically regarding the quarterly evaluation of the Superintendent.

A motion was made by Mr. Maza to call for an Executive Session. The motion was seconded by Mrs. Lambert. The motion carried.

XI. **RECESSING OF REGULAR MEETING FOR EXECUTIVE SESSION**

XII. **EXECUTIVE SESSION – GENERAL FUNCTION**

A. Call to Order and Roll Call

B. Confidentiality Statement  
All persons present are hereby reminded that it is unlawful to disclose or otherwise divulge to any person who is not now present, other than a current member of the Board, anything that has transpired or has been discussed during this executive session. To do so is a violation of ARS 38-431.03 unless pursuant to a specific statutory exception.

C. Discussion under A.R.S. §38-431.03 – A.1

- A.1 – Discussion or consideration of employment, assignment, appointment, promotion, demotion, dismissal, salaries, disciplining or resignation of a public officer, appointee or employee of any public body, except that with the exception of salary discussions, an officer, appointee or employee may demand that the discussion or consideration occur at a public meeting – specifically regarding the quarterly evaluation of the Superintendent.

XIII. **RECONVENING OF REGULAR MEETING (by Vice President, Aaron Jahneke)**

XIV. **ADJOURNMENT**  
A motion was made by Mr. Adams to adjourn the meeting at 10:33 p.m. The motion was seconded by Mrs. Lambert. The motion carried.

## Summary of Event/Purpose:

Students, teachers and chaperones will travel to Placentia, California where they will perform in an adjudicated festival venue. They will have rehearsed and perfected two festival pieces that will be performed for three judges who will critique their performance and presentation. The judges will give their comments and suggestions and may offer a short "workshop" for the students if time permits. Judges will also give a ranking to our group. We will then travel to Disneyland where the students will have an opportunity for some reward time before attending the awards ceremony where we hope to bring home another first place trophy for our school and district.

## Educational Use:

By the end of the year students will be able to demonstrate skills in many areas: Beginning Band; Strand 1 (concepts 1-3 and 5), Strand 2 (concepts 1-3), and Strand 3 (concepts 1 and 2). The students will rehearse daily as an ensemble to learn rhythms, dynamics and tempo markings for performances and the upcoming "Music in the Parks Festival". They will also learn the function of time signatures, key signatures, accidentals and simple musical form as it relates to their repertoire and appropriate grade-level curriculum. The music selection for this group will include works from different genres at the appropriate grade level. Above all, musicianship and appropriate concert behavior will be stressed! Island Wavez will have many opportunities to demonstrate their learned performance-related skills for a live audience throughout the year. One of our more interesting concerts will be our annual trip to A.S.U. to perform for the College of Education graduations in December and May.

Please indicate the process your school used to provide this opportunity to students who are unable to provide their own funds, if students are funding the trip:

We will be having several fund-raisers during the school year to give students the opportunity to raise money for the trip. For example, we will sell CD's of our performances and smencils (scented pencils). We will also make use of some tax credit money and seek a business partner who would be willing to sponsor us.
The quote includes all students and adults.

The school is taking additional chaperones who will be paying their own way, therefore the cost was deducted from the quote.

Acknowledgement that no eligible student will be denied the field trip due to financial hardship: Yes

Accommodations for students with special circumstances are needed: No
If yes, what accommodations are needed:
None needed.

Acknowledgement that no eligible student will be denied the field trip due to special education/health needs: Yes

Is this the entire grade level: No
If no, how many students are in the grade level? 80

Is this a club or after-school class? Yes

What are the student eligibility requirements to participate in this trip?
Students must be a member in good standing of the Alta Vista Island Wavez. They must also attend and participate at all Island Wavez rehearsals and performances during the school year.

What are the arrangements for students not participating in this trip?
Students not participating in the trip will complete the regular school day.

Chaperones:
Will substitutes be used for certified staff chaperoning the trip? No
If no, what are the arrangements for class coverage?
No class coverage is needed as we are going on a Saturday.

### Summary of Event/Purpose:
Orangewood Music students are planning to participate in the 25th annual "America Sings! Festival in Washington, D.C. They will enjoy a concert/rehearsal on Friday evening, then sing their individual concert on Saturday, April 5, followed by watching other award-winning choirs from around the country, ending with a mass-choir concert of about 3000 singers and dancers in the evening, all in front of the Washington Monument! The focus of America Sings! is to encourage school choir members to show their peers that community service can be fun and rewarding. It also raises money and awareness for the plight of homeless kids in America.

### Educational Use:
The students will increase their knowledge of singing, dancing, stage presence, poise, vocal production, and showing responsibility to a group. They will also gain knowledge and a much deeper appreciation of the history of our great country through visiting a variety of Memorials around Washington, D.C. We are hoping to finalize plans to visit either of our U.S. Senator's offices and/or a tour of The White House.

OVERNIGHT CHAPERONE PLAN

School: Palo Verde

Dates of Trip: April 3-6, 2013

Destination: Washington, D.C.

The chaperone plan for sleeping arrangements on this trip is:

Example – The students will be sleeping in separate dormitories where a minimum of two male chaperones stay with male students and a minimum of two female chaperones stay with female students. A chaperone will stay near the exit doors to monitor students at all times.

PER GOVERNING BOARD DIRECTION - Two adult chaperones (male with males; females with females) must be assigned to each room where students will be sleeping.

Students will be staying in rooms which provide connecting doors to adjoining rooms. Chaperones will stay in double occupancy/connecting rooms with doors remaining open to student rooms for supervision. Chaperones will strictly enforce “lights out” and will do roving checks on students throughout the night.

To ensure proper supervision and correct ratio of chaperones for each gender for sleeping arrangements, there will be ten chaperones for this trip.

AGENDA ITEM: *Annual Intergovernmental Cooperative Purchase Agreements with the, Mohave Educational Services Cooperative (MESC) and Greater Phoenix Purchasing Consortium for Schools (GPPCS)
INITIATED BY: Howard Kropp, Director of Purchasing
SUBMITTED BY: Cathy Thompson, Director of Business Services
PRESENTER AT GOVERNING BOARD MEETING: Howard Kropp, Director of Purchasing
GOVERNING BOARD POLICY REFERENCE OR STATUTORY CITATION: A.R.S. 11-952; A.A.C. R7-2-1191-R7-2-1195

SUPPORTING DATA
The Purchasing Department is recommending authorization to utilize the contracts presented for anticipated purchases in excess of the bidding threshold. No school or department can spend more than is budgeted without prior approval from the Finance Department. Schools and departments budget for goods or services without a particular vendor in mind.

Presented is a list of Intergovernmental Cooperative Purchase Agreements related to the Purchasing Department previously awarded by the Governing Board.

A.R.S. 11-952 and A.A.C. R7-2-1191 through R7-2-1195 authorizes and governs intergovernmental procurements. A school district may either, participate in, sponsor, conduct, or administer a cooperative purchasing agreement for the procurement of any materials, services, or construction with one or more public procurement units in accordance with an agreement entered into between the participants. By participating in a cooperative purchase, public entities that bid common items/services can obtain economy of scale pricing and best value and reduce administrative duplication of cost and effort for all participating public entities.

Copies of the contracts are available for review in the Purchasing Department. The Purchasing Department follows a process to perform due diligence on every cooperative contract prior to making a recommendation for award.

SUMMARY AND RECOMMENDATION
It is recommended that the Governing Board approve the Intergovernmental Cooperative Purchase Agreements and contract purchases with the Mohave Educational Services Cooperative (MESC) and Greater Phoenix Purchasing Consortium for Schools (GPPCS).

SUPPORTING DATA

The District offers 403(b) and 457(b) voluntary retirement savings plans to its employees under guidelines set by the Internal Revenue Service. As the IRS makes changes to the regulations, the District must ensure that its 403b and 457b plans remain in compliance with any such changes.

- In January of 2009, the IRS made several significant changes to governmental 403(b) plans in which a greater burden was placed on the employer regarding compliance and administration of their Plans.
- As a result of the IRS changes, the District participated and utilized a cooperative contract with Glendale Elementary School District (GESD), which reduced the total number of investment providers and which allowed the District to assign a third party administrator to assist with compliance and administration of the Plans.
- Although there is no cost to the District to offer voluntary retirement savings plans, the procurement process was used to ensure that each investment provider offered the full range of investment options requested in the cooperative agreement.
- There is no cost to the District for the third party administration services, which is a value-added service provided by one of the investment providers.
- The contract used to select investment providers expired October 31, 2013. The District will continue to use the existing investment providers and will continue to use third party administration services.

SUMMARY AND RECOMMENDATION

It is recommended that the Governing Board consider, discuss and, if deemed advisable, approve the Intergovernmental Cooperative Purchase Agreements and contract purchases with 1GPA to utilize TSA Consulting Group for Retirement Plan Compliance and Administrative Services.

November 14, 2013

Page 2

- The IRS has continued to make changes to the 403(b) and 457(b) regulations and keeping up with Plan compliance has presented additional challenges to the District.
- The decision to look at other third party administration providers was made due to the need to provide a comprehensive approach to Plan compliance, administration and employee education. We also want to enhance employee participation and find the most cost effective way to minimize employer risk.
- Justin Wing, Director of Human Resources, David Velazquez, Director of Finance, Howard Kropp, Director of Purchasing and Karen Erwin-Mikulski, Payroll Manager, met with TSA Consulting Group in regard to utilizing their services under a 1GPA contract to provide third party retirement plan compliance and administrative services.
- District personnel are recommending that the Governing Board approve that Washington Elementary School District utilize TSA Consulting Group for retirement plan compliance and administrative services.

Aside from minimizing the fiduciary burden from the District, another benefit of using TSA Consulting Group is that the District can consider adding additional investment providers to its Plan, which was greatly reduced by the GESD contract. TSA Consulting Group would also play an integral part in responding to the IRS in the event that the District was to be audited.

A.R.S. 11-952 and A.A.C. R7-2-1191 through R7-2-1195 authorizes and governs intergovernmental procurements. A school district may either, participate in, sponsor, conduct, or administer a cooperative purchasing agreement for the procurement of any materials, services, or construction with one or more public procurement units in accordance with an agreement entered into between the participants. By participating in a cooperative purchase, public entities that bid common items/services can obtain economy of scale pricing and best value and reduce administrative duplication of cost and effort for all participating public entities.

The Purchasing Department follows a process to perform due diligence on every cooperative contract prior to making a recommendation for award. The Purchasing Department has done its due diligence on the 1GPA contract and is recommending authorization to utilize the contract presented for anticipated purchases in excess of the bidding threshold.

The District will bring to a future meeting a recommendation related to any modifications.

AGENDA ITEM: Temporary Suspension of Policy BGB – Policy Adoption and Adoption of Proposed Amended Policy DJE – Bidding/Purchasing Procedures

INITIATED BY: D. Rex Shumway, Legal Counsel
SUBMITTED BY: D. Rex Shumway, Legal Counsel
PRESENTER AT GOVERNING BOARD MEETING: D. Rex Shumway, Legal Counsel

GOVERNING BOARD POLICY REFERENCE OR STATUTORY CITATION: BGB, BGF

SUPPORTING DATA

On September 12, 2013, the Governing Board approved a revision to Policy DJE – Bidding/Purchasing Procedures that increased the state bidding limit from $50,000.00 to $100,000.00. The State Board of Education has now made corresponding revisions to the thresholds for obtaining written and oral price quotations, as noted below. Board Policy BGB – Policy Adoption provides for a first and second reading as part of the Policy revision process. However, Policies BGB and BGF – Suspension/Repeal of Policy provide that an amended Policy may be adopted in a single reading if the Governing Board determines there is a need to do so. Because the new revisions became effective on October 28, 2013, it is necessary to revise the affected Policy without a second reading. Requiring a second reading would lead to confusion in the procurement process. For this reason, it is recommended that the Governing Board temporarily suspend Policy BGB and allow adoption of the amended Policy without two readings.

The following is a summary of the proposed revisions to the Policy:

- Increase the discretionary authority of the Superintendent to handle purchases of less than $10,000.00.
- Revise the requirements for oral price quotations to include transactions of at least $10,000.00, but less than $50,000.00.
- Revise the requirements for written price quotations to include transactions of at least $50,000.00, but not more than $100,000.00.

These recommended changes have been reviewed by District Legal Counsel.

SUMMARY AND RECOMMENDATION

It is recommended that the Governing Board temporarily suspend Policy BGB – Policy Adoption and adopt proposed amended Policy DJE – Bidding/Purchasing Procedures.

Agenda Item VIII.B.
BIDDING / PURCHASING PROCEDURES

The Superintendent shall be responsible for all purchasing, contracting, competitive bidding, and receiving and processing of all bid protests, in accordance with the Arizona school district procurement rules, including A.A.C. R7-2-1141 et seq. A contract shall not be awarded to an entity that does not verify employment eligibility of each employee through the E-verify program in compliance with A.R.S. 23-214 subsection A. Each contract shall contain the warranties required by A.R.S. 41-4401 relative to the E-verify requirements. Purchasing authority is hereby delegated to the Superintendent and Director of Business Services for purchases up to one hundred thousand dollars ($100,000). This authority may be further delegated to the position of Director of Purchasing.

The Superintendent shall prepare regulations to assure the District conforms to proper procedures and practices.

Purchases Not Requiring Bidding

Purchases of less than ten five thousand dollars ($10,000) ($5,000) or less may be made at the discretion of the Superintendent. Such procurements are not subject to competitive purchasing requirements, however, reasonable judgment should be used to ensure that purchases are advantageous to the District.

Verbal price quotations will be requested from at least three (3) vendors for a transaction in excess of at least ten five thousand dollars ($10,000) ($5,000) but less than fifty twenty-five thousand dollars ($50,000) ($25,000). The price quotations should be shown on, or attached to, the related requisition form. If three (3) verbal quotations cannot be obtained, documentation showing the vendors contacted that did not offer price quotations, or explaining why price quotations were not obtained, shall be maintained on file in the District office.

Written price quotations will be requested from at least three (3) vendors for transactions of at least fifty twenty-five thousand dollars ($50,000) ($25,000) but not more than one hundred thousand dollars ($100,000). If three (3) written price quotations cannot be obtained, documentation showing the vendors contacted that did not offer written price quotations, or explaining why written price quotations were not obtained, shall be maintained on file in the District office.
The District is not required to engage in competitive bidding in order to place a student in a private school that provides special education services if such placement is prescribed in the student's individualized education program and the private school has been approved by the Department of Education Division of Special Education pursuant to A.R.S. 15-765. The placement is not subject to rules adopted by the State Board of Education before November 24, 2009 pursuant to A.R.S. 15-213.

The District may, without competitive bidding, purchase or contract for any products, materials and services directly from Arizona Industries for the Blind, certified nonprofit agencies that serve individuals with disabilities, and Arizona Correctional Industries if the delivery and quality of the goods, materials or services meet the District's reasonable requirements.

Intergovernmental agreements and contracts between school districts or between the District and other governing bodies as provided in A.R.S. 11-952 are exempt from competitive bidding under the procurement rules adopted by the State Board of Education pursuant to A.R.S. 15-213.

The District is not required to engage in competitive bidding to make a decision to participate in insurance programs authorized by A.R.S. 15-382.

The District is not required to obtain bid security for the construction-manager-at-risk method of project delivery.

Unless otherwise provided by law, contracts for materials or services and contracts for job-order-contracting construction services may be entered into if the duration of the contract and the conditions of renewal or extension, if any, are included in the invitation for bids or the request for proposals and if monies are available for the first fiscal period at the time the contract is executed. The duration of contracts for materials or services and contracts for job-order-contracting construction services shall be limited to no more than five (5) years unless the Board determines that a contract of longer duration would be advantageous to the District. When so determined, the decision should be memorialized in meeting minutes and in the contract/bid file. Payment and performance obligations for succeeding fiscal periods are subject to the availability and appropriation of monies. The maximum dollar amount of an individual job order for a job-order-contracting construction service shall be one million dollars ($1,000,000) or as determined by the Board.
Online Bidding

Until such time as the State Board of Education adopts rules for the procurement of goods and information services by school districts and charter schools using electronic, online bidding, the District may procure goods and information services pursuant to A.R.S. 41-2671 through 2673 using the rules adopted by the Department of Administration in implementing 41-2671 through 2673.

Purchases Requiring Bidding

Sealed bids and proposals shall be requested for transactions to purchase construction, materials, or services costing more than one hundred thousand dollars ($100,000). All transactions must comply with the requirements of the Arizona Administrative Code and the Uniform System of Financial Records.

Further Delegations

The Superintendent and Director of Business Services are delegated authority to issue all written determinations and execute change orders increasing the contract amount in an amount not to exceed fifteen thousand dollars ($15,000) or five percent (5%) of the contract amount, whichever is greater.

The Superintendent and Director of Business Services may sign procurement agreements on behalf of the District when the agreements fall within the limits of his/her purchasing authority of one hundred thousand dollars ($100,000) or less, and when those agreements comply with applicable rules, regulations, statutes, and policies.

The Superintendent and Director of Business Services are delegated authority to issue all written determinations as required by the Arizona Department of Education School District Procurement Rules prior to issuing solicitations for multi-step sealed bidding, competitive sealed proposals, and multi-term contracts, or non-construction contracts requiring bid or contract security.

The Director of Business Services shall serve as the District representative for protests and claims on solicitations and contracts.
Purchase Orders

A properly executed purchase order shall be issued for the acquisition of goods, personal services and construction. Purchase orders may be signed only by authorized staff as delegated, in writing, by the Superintendent.

All delegations authorized herein remain in effect until rescinded by the Governing Board.

Registered Sex Offender Prohibition

All purchase orders, agreements to purchase, and contracts for services to be provided by personnel other than District employees must include the following statement on the documents:

Registered Sex Offender Restriction. Pursuant to this order, the named vendor agrees by acceptance of this order that no employee of the vendor or a subcontractor of the vendor, who has been adjudicated to a registered sex offender, will perform work on District premises or equipment at any time when District students are, or are reasonably expected to be, present. The vendor further agrees by acceptance of this order that a violation of this condition shall be considered a material breach and may result in a cancellation of the order at the District’s discretion.

SUPPORTING DATA

The Washington Elementary School District (WESD) continues to be a leader in giving, contributing $35,439.00 to the 2013 United Way campaign. While this is a decrease of $1,775.00 from 2012, the WESD continues to be a leader among Valley school districts in Maricopa County.

This year, the District Office led the campaign in total giving, with contributions of $5,650.00; however, it was Sunburst Elementary who raised the most per capita with a total of $2,425.00. As a result, Sunburst campaign coordinator Sally Cook and her principal, Rhonda Warren, will be presented with a check for $1,000.00 courtesy of the Washington Education Foundation (WEF). This is the third year in a row Sunburst has won the $1,000.00. In addition, the WEF provided five $50.00 Westcor gift cards to the campaign. Winners are Julie Wertin, Administrative Center; Penny Hughes, Arroyo Elementary; Joy Clark, Ironwood Elementary; Sandra Berry, Shaw Butte Elementary and Janice Buchanan, Sunburst Elementary.

This year, we are honoring the campaigns with the most improvement. Orangewood School had a significant improvement, increasing its campaign by 227%. Sahuaro and Tumbleweed Elementary Schools each increased their campaigns by 90%.

Out of the total contributions collected, $16,401.00 will be donated to the Washington Education Foundation to be used for its employee mini-grant program. This is an increase of $1,687.00 from last year.

SUPPORTING DATA

On April 26, 2012, the Governing Board received information regarding the status of Washington Elementary School District’s (WESD) revised teacher evaluation plan. On September 27, 2012, in accordance with a provision of House Bill 2823 (schools; teachers; principals; evaluation system), Governing Board members approved delaying full implementation of the new teacher evaluation plan until the 2013-2014 school year. Subsequently, the following actions have occurred at the District level:

- WESD site administrators and teachers have received professional development in implementing the new teacher evaluation rubrics.
- WESD 2012-2013 teacher evaluations were completed using the new rubrics.
- The WESD Teacher Evaluation Technical Subcommittee met six times between January 2013 and October 2013, resulting in the following recommendations/outcomes:
  - Eliminating the Guided Teacher Development Plan option
  - Eliminating the Directed Growth Plan option
  - Adopting the Arizona State Board of Education’s performance classifications, i.e., highly effective, effective, developing and ineffective, to replace WESD’s previously designated labels of exemplary, accomplished, needs development and ineffective
  - Reducing the minimum number of classroom observations per probationary teacher per school year from four to three

Agenda Item IX.B.
Teacher Evaluation Update
November 14, 2013
Page 2

- Delegating responsibility for addressing teacher evaluation policy issues related to incentives, multi-
year contracts, support, intervention, dismissal and other considerations outlined in HB 2823 to
subcommittees
- Implementing minor revisions to the WESD teacher evaluation rubrics based on teacher and principal
feedback
- Implementing revisions to the teacher evaluation rubric scoring system in order to better differentiate
teacher effectiveness
- Considering implementation of a different teacher evaluation rubric scoring system for WESD
teachers during their first three years in the teaching profession
- Requiring observation and walkthrough written feedback to be completed and submitted using the
TalentEd Perform online evaluation system

A number of actions related to teacher evaluation have occurred at the state level during recent months:

- On April 29, 2013, Governor Brewer signed House Bill 2500 (schools; teacher evaluations; dismissals) into
law. Although it had been introduced as a “clean up” bill to address outstanding issues pertaining to HB 2823,
it ultimately yielded significant modifications to teacher dismissal and nonrenewal policies and procedures.
(Please refer to Attachment A for details.)
  - On July 11, 2013, in order to comply with statutory changes resulting from the enactment of HB 2500,
WESD Governing Board members adopted proposed amended Policies GCJ – Professional Staff
Noncontinuing and Continuing Status, GCK – Professional Staff Assignments and Transfers, and
GCO – Evaluation of Professional Staff Members.
- On May 20, 2013, the Arizona State Board of Education approved modifications to the Arizona Framework
for Measuring Educator Effectiveness, effective beginning the 2014-2015 school year. These changes were
made to ensure Arizona’s compliance with conditions for the 2013-2014 federal Elementary and Secondary
Education Act (ESEA) Flexibility Waiver:
  - Stipulating that academic progress, the measurement of student academic performance, must “include
the amount of academic growth students experience between two or more points in time.”
  - Requiring that the student academic growth calculation comprise at least 20 percent of the total
teacher evaluation outcome.

Next Steps

- The District’s Teacher Evaluation Technical Subcommittee will continue meeting to focus on measures of
academic progress and to develop quantitative definitions of the performance classification labels.
- Committees of “specialized” certified staff, i.e., academic interventionists, CCB intervention specialists, Head
Start and special needs preschool teachers, instructional coaches, librarians, program coaches, speech
pathologists, and student and special services specialists will meet to review and refine their respective
evaluation rubrics.
- Subcommittees will address teacher evaluation policy issue recommendations, including performance pay, for
implementation in 2015-2016.
HOUSE OF REPRESENTATIVES

HB 2500
schools; teacher evaluations; dismissals
Sponsors: Representatives Goodale, Boyer, Miranda, et al.

DPA Committee on Education
DPA Caucus and COW
X As Transmitted to the Governor

OVERVIEW
HB 2500 makes changes related to the dismissal or nonrenewal of a teacher.

HISTORY
Laws 2012, Chapter 259, required the model teacher and principal evaluation framework adopted by the State Board of Education to include, by December 1, 2012, four performance classifications and guidelines for school districts and charter school to use in their evaluation instruments. Additionally, the bill required school boards to adopt teacher and principal evaluation policies by the 2013-14 school year and made numerous other changes to teacher and principal evaluations.

PROVISIONS
- Replaces references to “certificated teacher who has not been employed by the school district for more than the major portion of three, or four, consecutive school years and who has been designated in one of the two lowest performance classifications” with probationary teacher.
- Regarding notice of a school board’s decision to not reemploy a teacher, removes the 90 day timeframe the board has to give the teacher written preliminary notice of inadequacy.
- Stipulates that a certificated teacher who is currently a continuing teacher but has been designated in the lowest performance classification for the current school year after an evaluation must become a probationary teacher for the subsequent school year and remain so until their performance classification is designated in one of the two highest classifications.
- Requires teacher evaluation policies to contain the requisite descriptions by school year 2015-16 rather than beginning in school year 2015-16.
- Revises requisite teacher evaluation policy descriptions.
- Requires teacher evaluation policies to require that the school district issue the preliminary notice of inadequacy of classroom performance no later than the second consecutive year that the teacher is designated in one of the two lowest performance classifications, unless the teacher is in the first or second year of employment with the school district or has been reassigned to teach a new subject or grade level for the preceding or current school year.
- Permits the last of the two classroom observations to follow the issuance of a preliminary notice of inadequacy of classroom performance and be used to determine whether the teacher has corrected inadequacies and demonstrated adequate classroom performance.
- Prohibits an observation from being conducted within two instructional days of any scheduled period that school is not in session for one week or more.
HB 2500

- Requires teacher performance evaluation procedures to include training requirements for qualified evaluators and a plan for the appropriate use of quantitative data of student academic progress in all certificated teacher evaluations.
  - Recommends that the plan make distinctions between certificated teachers who provide direct instruction to students and those that do not, as well as data for multiple school years. Limited use of data for certificated teachers who have taught for less than two complete school years can be used.
- Authorizes the school board to waive the requirement of a second classroom observation for a continuing teacher whose teaching performance, based on the first classroom observation, places the teacher in one of the two highest performance classification for the current school year, unless the teacher requests a second observation.
- Permits the qualified evaluator, in addition to a board designee, to confer with the teacher about their performance and provide professional development opportunities.
- Requires results of an annual evaluation to be in writing or provided in electronic format to the certificated teacher.
- Stipulates that a school district or charter school that receives information about a certificated teacher from the evaluation report and performance classification can solely use the information for employment purposes and cannot release to or allow access to the information by any other person, entity, school district or charter school.
- Requires written preliminary notice of inadequacy of classroom performance to be given at least 45 instructional days before notice of intention to dismiss or not reemploy, rather than 90 days.
- Prohibits a school board from issuing a notice of intent to dismiss or not reemploy until the district has completed an observation at the conclusion of a performance improvement plan.
- Increases from five to ten school days, the timeframe that a designated school board employee must report issuance of a preliminary notice of inadequate classroom performance to the school board.
- Requires the preliminary notice of inadequacy of classroom performance to be accompanied by a performance improvement plan designed to help the teacher correct inadequacies and demonstrate adequate classroom performance.
- Directs the school board to adopt a definition of inadequacy of classroom performance that aligns with the performance classifications in consultation with its certificated teachers, either in a public hearing, by forming an advisory committee or providing teachers the opportunity to respond to a proposed definition.
- Renames a certificated teacher who has been employed by the school district for more than the major portion of three consecutive school years and who is under contract of employment with the school district for the current year or who is not designated in the lowest performance classification and was offered a contract in the prior year as a continuing teacher.
- Defines inadequacy of classroom performance, performance classifications, probationary teacher, continuing teacher and qualified evaluator.
- Applies retroactively to July 1, 2013.

Fifty-first Legislature
First Regular Session

May 14, 2013
1WASHINGTON ELEMENTARY SCHOOL DISTRICT No. 6

TO: Governing Board
FROM: Dr. Susie Cook, Superintendent
DATE: November 14, 2013

AGENDA ITEM: 2013 Accountability Update - Assessment Report: Part One
INITIATED BY: Janet Sullivan, Assistant Superintendent of Academic Services
SUBMITTED BY: Janet Sullivan, Assistant Superintendent of Academic Services
PRESENTER AT GOVERNING BOARD MEETING: Janet Sullivan, Assistant Superintendent of Academic Services
GOVERNING BOARD POLICY REFERENCE OR STATUTORY CITATION: BBA; A.R.S. 15-241

SUPPORTING DATA

The purpose of this report is to update the Governing Board on the 2012-2013 accountability results. Part One of a two-part assessment report (provided over two Governing Board meetings) focuses on the District’s performance on state-administered assessments and the resulting accountability determinations. Part Two will address District assessment data.

Spring 2013 results of three assessments administered in Arizona to measure student achievement, Arizona’s Instrument to Measure Standards (AIMS), the Stanford 10 and the Arizona English Language Learner Assessment (AZELLA) will be presented.

AIMS is administered to students in grades three through eight in mathematics and reading, in writing for grades five through seven, and in science in grades four and eight. AIMS scores are utilized in multiple ways for multiple purposes, including the test publisher’s hard copy reports and accompanying electronic data file, public release information, and the accountability measures of both federal and state accountability systems.

The AIMS scores over a seven-year period for each applicable grade in reading, mathematics, and writing, and six years of science data will be presented along with details of how these scores are utilized at the District and school levels. Information regarding the use of individual student data will also be discussed.

Agenda Item IX.C.
In addition to AIMS, as part of the State assessment program, the Stanford 10, a nationally norm-referenced test, was administered to second graders in the areas of language arts and mathematics. The 2013 administration of the Stanford 10 was the fourth year of its use, thus four years of data will be presented.

A third State assessment, the Arizona English Language Learner Assessment (AZELLA), is administered annually to all students identified as having a primary home language other than English (PHLOTE), in the Fall for all students new to Arizona and students whose latest AZELLA scores preceed the previous Spring, and then again each Spring for all students identified as English language learners. The Spring 2013 administration was the first for the newly revised AZELLA 3. Typically, the AZELLA results are utilized in the federal Annual Measurable Achievement Objectives (AMAO) accountability system and as part of the calculations for the A-F Grades. At the time of the generation of this report, no data regarding the AMAO calculations have been made available reflecting the Spring 2013 administration. Historically, WESD exceeded the AMAO for the percent of students making progress for the previous six years; reclassification rates exceeded the targets for five years.

As noted previously, the AZELLA data are also utilized as part of the A-F calculations, with schools earning three bonus points if the percent of reclassification meets or exceeds the set threshold. A summary of these data will be presented as part of the update regarding A-F Grade performance.

Prior to last year, Arizona districts and schools were evaluated under three accountability systems. Pursuant to the No Child Left Behind Act of 2001 (NCLB), all districts and schools were evaluated for Adequate Yearly Progress (AYP) in the federal system. Arizona’s accountability system included the AZ LEARNS Achievement Profiles per A.R.S. 15-241, and A-F Grades which were added for the first time as a result of the 2011 Senate Bill 1286. This legislation resulted in the addition of the new letter grade system to be phased in for 2011 and 2012 along with what has now become known as the legacy AZ LEARNS. In Spring 2012, legislation was passed amending A.R.S. 15-241 eliminating the second transition year, thus eliminating the Legacy AZ LEARNS Achievement Profiles and making the A-F Grades Arizona’s accountability measure. In 2012 and again for 2013, the A-F Letter Grade model was the sole measure utilized for State accountability purposes.

Arizona, in a partnership of the Governor’s Office and the Arizona Department of Education, submitted an Elementary and Secondary Education Act Flexibility Request which was subsequently granted for the 2012-2013 school year. This flexibility waived multiple provisions of the No Child Left Behind Act of 2001 (NCLB), including the previous school improvement designations. While meeting Adequate Yearly Progress is no longer required, revised Annual Measurable Objectives are used for federal school designations. These determinations include Reward, Focus, and Priority schools.

Reward schools are identified through established criteria for High Performing and/or High Progress status. Acacia Elementary School met the criteria for both areas and the school continues to be identified as a Reward School.

Focus schools were identified in 2012 through the evaluation criteria determining the existence of a within-school gap and/or low achieving subgroup. Four schools were identified as meeting one or both of these criteria at that time and remain so identified for 2013 although no new calculations were made. Note: At the high school level, low graduation rate is also a determination for the identification of Focus schools.

The third category under the ESEA Flexibility Request is that of Priority schools. These schools are the lowest performing schools within the State. WESD has had no schools in this category.

The presentation will address the results of each State assessment and the accountability systems utilizing these results. A PowerPoint presentation is attached.

Part 1

How Do We Know Students Are Learning?

**Standardized Tests**
*Stanford 10*
Comparative data in relation to national norm group, primarily Grade 2

**District Assessments**
Individual student growth data in relation to District curricula:
- Math K-1, 2-8
- Reading: DIBELS, IRI
- Phonics, WRLA, WRAP
Content Assessments

**AIMS**
Arizona's instrument to Measure Standards
Standards-based data in relation to the Arizona Standards; AIMS (All); A-F Grades; Student Growth Percentiles; new AMOs

Teacher-designed assessments
Daily progress data from observations, formative assessment measures, and rubric-based assessments
Achievement Data

- AIMS Scores (All): Seven-year Comparison
  - Reading and Math, grades 3-8
  - Writing, grades 5-7
  - Science, grades 4 and 8 (six years)
- AIMS (All) Cohorts and Trends
- Stanford 10 Scores (All) 2010 – 2013
- Arizona English Language Learner Assessment (AZELLA) Data

Reading Performance Trends
District AIMS 2007-2013

- The highest percent proficient overall was for Spring 2013 grade 7 at 81% of student Exceeding and Meeting the Standard.
- The lowest percent proficient was grade 4 at 56% in 2007.
- There is a drop from grade 7 to grade 8 every year.
- There was an increase in percent proficient in grades 4-8 when comparing 2012 to 2013 data. Grade 3 showed 1-2% decreases (depending on rounding) in the percent proficient.
- While the overall % proficient was relatively flat within grade levels, there have been decreases in FFB in more recent years in grades 3-7.
Mathematics Performance Trends
District AIMS 2007-2013

- The highest percent proficient was 2010 grade 3 at 59%.
- The lowest percent proficient was 44% with 2012 grade 8.
- There was a drop from grade 7 to grade 8 every year except 2010.
- There was a general decrease in percent proficient as the grade levels advance.
- The overall proficiency has been relatively flat since 2010.

Writing 2007-2013

Grades 5, 6 and 7
Extended Writing (60% of score):
  6-Trait Holistic Rubric
Multiple Choice Items (40% of score) added
Spring 2011:
  Embedded in Reading AIMS
  Stand alone-question with four choices
  Stimulus-short paragraph (five to seven sentences long) with three or more items attached
Writing Performance Trends
District AIMS 2007-2013

• With 2007-2010 data, wide variations in scores were evident, particularly when comparing the writing percents passing with those of reading at the same grade levels.

• The addition of the multiple choice items in 2011 resulted in significant differences at each of the tested grade levels from those of prior years as the passing rate decreased by as much as 30%.

• The percent proficient for the last three years has been relatively consistent across grade levels and each has shown decreases over time.
Stanford 10

The Stanford 10 is a national norm-referenced test that compares the scores of students to that of the norm group.

This test is administered to 2nd graders and is an "off the shelf" product that is not fully aligned to 2nd grade Arizona Academic Standards.
Arizona English Language Learner Assessment (AZELLA)

Four domains: Oral Listening and Speaking, Reading and Writing

Performance levels: Pre-Emergent, Emergent, Basic, Intermediate and Proficient (a student must achieve the "Proficient" level to be reclassified as a Fluent English Proficient student).
AZELLA 2012-2013 School Year

- Kindergarten Screener for identification and placement- New Fall 2012
- AZELLA 2 administration for new PHLOTES for identification and placement
- AZELLA 3 Reassessment for all ELLs and recently reclassified (Year 1 and 2) monitor students

AZELLA and Annual Measurable Achievement Objectives

The AZELLA scores have been utilized by ADE in two measures to meet federal accountability requirements: making progress, defined as advancing one or more levels, and reclassification. For the prior six years, the percent of students making progress exceeded the expected AMAO and for five years WESD exceeded reclassification targets. AMAO data have not been received for 2013.

A-F Letter Grades – The Growth Model

The purpose of the Growth component is to:

➢ Better understand how well a school/LEA is growing its students in Reading and Mathematics from one year to the next
➢ Describe the academic gain relative to academic peers statewide
➢ Measure how well a school’s lowest achieving students are progressing academically

Student Growth Percentiles (SGP)

➢ SGPs are calculated for all students by grade level and subject across the state. Only FAY students are included in the A-F calculations.
➢ Students must have scores in Arizona for at least 2012 and 2013.
➢ Some student scores may be based on up to seven years of data.
Conceptual Illustration of the Growth Model

Comparing students at the same starting point:

Student A (Jackson) is grouped with all students with a scale score of 700 to form a cohort of academic peers in grade 4.

In grade 7, Jackson has a Growth Percentile of 50 (50th of 50) — which means that in 7th grade, he grew more than 50 percent of his 4th grade academic peers.

Student B (Bradly) is grouped with all 4th graders statewide with a scale score of 400 to form a cohort of academic peers in grade 4.

In grade 5, Bradly has a Growth Percentile of 90 (90th of 90) — which means that in 5th grade, he grew more than 90 percent of his 4th grade academic peers.

Percentiles describe relative academic growth compared to academic peers.

Growth Score

| A. Median growth percentile of all students | 0 to 99 |
| B. Median growth percentile of bottom 25%   | 0 to 99 |
| Average of A and B                          | 0 to 99 |
