G. Celebrations of Successful Programs

Superintendent Stanton introduced Mrs. Janet Sullivan, Assistant Superintendent of Academic Services who provided the Board with an overview of the Title I program and funding within Washington Elementary School District.

Mrs. Lambert mentioned that when the state reduces money to schools, the federal government reduces the amount of Title 1 funds to those states because the federal government does not want states to rely on federal dollars to operate schools, and thus schools take a double hit. Mrs. Lambert also noted that the federal funds for schools are based on census data, which is drawn by traditional district boundaries, so as the number of charter schools increase within counties the federal funding to district schools is reduced in order to provide charters with Title 1 funding. Mrs. Lambert also said the district’s child census poverty level has grown by 14% but income has not. Mrs. Lambert said she is amazed and proud of the District for continuing to meet the academic needs of struggling students, with the level of funding that is received.

Mr. Adams asked how the determination is made that allocates WESD eight million dollars in Title 1 funding. Mrs. Sullivan explained that the allocation is made by the federal government through the state department of education to district, based upon the poverty census levels. Mr. Adams asked if the amount of Title 1 funds the District receives was based on a per pupil formula. Mrs. Sullivan said that the determination is based on how many students a school is serving. Mrs. Sullivan said that based on student count and poverty census data, WESD is in the top ten percent of districts in Arizona for the total amount of Title 1 dollars allocated from the state.
Mr. Adams asked if the students who are identified as being Title 1 eligible are segregated from other students when receiving services. Mrs. Sullivan said students are not segregated, in the school-wide Title 1 schools, all students receive Title 1 services. Schools that have a targeted assistance Title 1 program, rank students based on poverty and academic need, and they provide services to those students.

Mr. Adams asked if out of the 30 schools who have free or reduced lunch, if any student under the age of 18 can receive meals at the school. Mrs. Sullivan said that during the school year only students who attend the school can receive meals, but the summer meal program is open to anyone under the age of 18. Mrs. Sullivan said that the summer meal program is not funded with Title 1 funds, it is paid for by the National School Lunch Program.

Mr. Adams asked for clarification regarding the distribution of Title 1 funds serving all students, regardless of their poverty level. Mrs. Sullivan said that in a school-wide program, Title 1 funds go to the school and are used for those students who demonstrate academic or social service needs, regardless of their individual economic status. Mr. Adams asked why Title 1 dollars do not follow individual student. Superintendent Stanton explained that in the schools with high levels of poverty, services are offered to all students, but in the two schools within WESD that have targeted assistance programs, because their overall student poverty levels are not that high, only student who have been identified as Title 1 eligible receive the additional academic and social services. Mrs. Lambert added that the federal government needed a measurement in-order to provide schools with additional dollars and they choose to use poverty as the measurement, but the services delivered to students are based on the academic and social services need of the students. Mrs. Sullivan offered to meet with Board members to show them the rank order data and tools used to determine the needs and services provided through Title 1 funds. Mr. Adams thanked Mrs. Sullivan and Mrs. Lambert for their explanation but said he still does not fully understand why the dollars do not follow the child. Mrs. Sullivan said that the Title 1 dollars do not follow the child because they are linked to the percentage of the schools.

Mr. Jahneke joined the meeting at 7:35 p.m. Ms. Graziano turned the gavel over to Mr. Jahneke.

Ms. Graziano thanked both Mrs. Sullivan and Mrs. Lambert for their explanations and said that she is very happy to see parent engagement and social services as part of the Title 1 programs.

Mr. Jahneke thanked Ms. Graziano for leading the meeting. Ms. Graziano excused herself from the meeting.

Mr. Herrera asked how often Title 1 funds are distributed to schools. Mrs. Sullivan said that the funding allocation is made annually. Mr. Herrera noted that the last page of Mrs. Sullivan’s presentation showed that as the number of Title 1 eligible schools increase within our District, the amount of Title 1 funding received is reduced. Mr. Herrera thanked Mrs. Sullivan for her presentation and asked if the information can be shared with all staff. Mrs. Sullivan said that she can make her presentation available to staff. Superintendent Stanton added that Mrs. Thompson is planning on providing a budget 101 session for staff in the fall and Mrs. Sullivan’s Title 1 presentation can be added.

VIII. ACTION / DISCUSSION ITEM

A. To Consider and, if Deemed Advisable, Adopt a Resolution Authorizing the Issuance and Sale of Tax Anticipation Notes by the District

   Superintendent Stanton introduced Mr. Bill Davis from Piper Jaffray and
Company and Mrs. Cathy Thompson, Director of Business Services to present to the Board a resolution to authorize the sale of tax anticipation by the District not to exceed $12,000,000.00, which is the same amount as last year.

Mr. Herrera asked if there was a change in the funding levels from last year. Mr. Davis said that the current resolution has the same funding threshold as last year, but preliminary data indicates the actual amount estimated may be more like $9.5 - $10 million.

A motion was made by Mr. Adams that the Governing Board authorize the sale of tax anticipation notes by the District not to exceed $12,000,000.00 and the execution of all documents related to the sale. The motion was seconded by Mr. Herrera. The motion passed.

B. Funding Levels for the Casualty Trust and Workers Compensation Trust for 2016-2017

Superintendent Stanton introduced Mrs. Cathy Thompson, Director of Business Services who provided the Board with an overview of the Trust Board’s recommendation of proposed funding levels for Casualty and Workers Compensation Trust for 2016-2017 school year.

Mr. Herrera asked if the proposed funding levels will have an increased cost for employees. Mrs. Thompson replied that the proposal will not have an effect on employees.

Mr. Jahneke mentioned that he appreciated having this item brought before the Board separately for consideration and approval, even though it is not a statutory requirement.

Mr. Adams asked whether the Board had voted on the casualty trust and worker’s compensation funding levels in the past. Mrs. Thompson replied that the casualty trust and workers compensation trust funding is part of the District’s overall budget, so the Board votes on it every year but the District as decided be bring large parts of the overall budget to the Board separately for consideration.

A motion was made by Mr. Adams that the Governing Board approve the funding levels of $970,000.00 for the Casualty Trust and $1,030,000.00 for the Workers Compensation Trust. The motion was seconded by Mrs. Lambert. The motion passed.

C. Proposed Expenditure Budget for Fiscal Year 2016-2017

Superintendent Stanton introduced Mr. David Velazquez, Director of Finance who provided the Board with an overview of the 2016-2017 Proposed Expenditure Budget being presented for consideration and approval to the Governing Board.

Mrs. Lambert asked if the District enrolls more students within a school year than projected, can the District recoup those funds at the end of the year. Mr. Velazquez said no, if actual student enrollment is more than what was projected, the District will have to operate and serve the additional students without receiving additional funding. Mrs. Thompson clarified that the District is able to increase the student count but not the amount of tax revenue received. The District does not receive funding for students enrolled after the 100th day.
Mr. Adams recommended that the District increase the budget by 50%. Mrs. Lambert said that if the District overestimated the budget, they will have to pay back the money. Mr. Velazquez clarified that overestimating the budget could affect the tax rate. Mr. Adams rescinded that recommendation.

Mr. Velazquez noted that there is an increase to the District budget this year, due to the passing of Prop 123.

Mr. Herrera asked if there was an 8.2% increase to transportation. Mr. Velazquez said that transportation did receive an 8.2% increase, which equates to approximately $800,000. Mr. Herrera asked if additional busses would be purchased. Mr. Velazquez said the District is looking into purchasing approximately 4 additional buses to replace the buses that are in dire need.

A motion was made by Mr. Adams that the Governing Board approve the Proposed Expenditure Budget for 2016-2017 and authorize publication of the summary and the notice of public hearing. The motion was seconded by Mr. Herrera. The motion passed.
