IX. ACTION / DISCUSSION ITEMS

A. First Reading of Proposed Board Policy JICK – Student Violence/Harassment/Intimidation/Bullying  
UNANIMOUS

Dr. Cook advised the Board that the Legislature had passed a law addressing bullying, harassment and intimidation. The Governing Board was presented with a First Reading of a proposed Board Policy that was proposed by ASBA with specific requirements in order to be compliant with the new law.

Ms. Graziano offered a few grammatical corrections to Dr. Cook and asked her and Mr. Shumway to review them for the Second Reading. Mr. Mazu asked Ms. Graziano if the offered changes were entirely grammatical or were the changes to the content. Ms. Graziano stated that the changes were only grammatical.

Mrs. Lambert asked if the Dating Abuse Policy currently under consideration and presented at the June 23, 2011 Board meeting would be a part of this Policy. Dr. Cook advised that an update will be provided to the Board after the Planning and Steering Council meets and considers the issue.

A motion was made by Mrs. Lambert that the Governing Board approve the First Reading of Proposed Board Policy JICK – Student Violence/Harassment/Intimidation/Bullying with the grammatical corrections offered by Ms. Graziano. The motion was seconded by Ms. Graziano. The motion carried.

X. INFORMATION / DISCUSSION ITEM

A. Capital and Bond Implementation Plan Update  
Dr. Cook introduced Mr. Jeff Cook and Mr. Paul Hartley from the H2 Group and Vispi Kankan and Roxana Morales of Orecut Winslow Partnership, who presented a Capital and Bond Implementation Plan update.

Mr. Cook and Mr. Hartley reviewed projects completed during the Summer and proposed projects for the Fall. Mr. Cook advised that several projects were completed below budget, therefore, more projects were able to be added at additional sites.
Mr. Karanjia and Ms. Morales presented an update on the Lookout Mountain rebuild project, e.g., design phase programming, schematic design, and design development. Conceptual renderings and animation of the Lookout Mountain project were provided.

Mrs. Lambert had the following questions/comments:
- Are all of the buildings at Lookout Mountain going to be new? Dr. Cook advised that the project is a complete rebuild with all new buildings.
- Is the library a single level building? Ms. Morales stated that it is one level.
- Will there be an elevator in the two story classroom building? Ms. Morales replied that there will be one elevator and three staircases.
- Mrs. Lambert stated she was pleased that the architects consulted with students. Mr. Karanjia advised that they tried to incorporate student suggestions into the plans.
- Mrs. Lambert was pleased that several of the bond projects were under budget and more projects were able to be added.

Mr. Adams asked if energy saving methods were going to be used at the new Lookout Mountain site. Mr. Karanjia responded that they are not going to pursue LEED certification due to the high cost factor. However, they are following sustainable principles for the buildings, e.g., recycled steel, recycled carpet, high efficiency HVAC units, and low flow water fixtures, etc.

Ms. Graziano had the following questions/comments:
- Asked if Lookout Mountain’s classrooms would be open to the outside or have internal walkways. Mr. Karanjia replied that the classroom building is a single building with an interior corridor. Students would not have to leave the building to go from one classroom to another, however, would have to go outside to go to the cafeteria or library.
- What materials are going to be used for the sidewalk covering and will they need to be replaced or are they permanent? Mr. Karanjia responded that it will be a metal canopy that will need to be repainted after normal wear and tear.
- Is the Lookout Mountain project a new design or is it similar to any campuses that could be viewed now? Mr. Karanjia stated that the Lookout Mountain project was based on school and community needs and is a new design. There are similar projects in the area and Mr. Karanjia offered to make arrangements for anyone interested in seeing the other campuses.
- Asked if all schools have signs posted where bond dollars are at work on projects. Mr. Hartley replied that large signs are posted at schools with major projects and smaller signs are posted at schools with minor projects. Ms. Graziano suggested that the signs have a project check list for each school site so that taxpayers can see that their tax money was being used wisely.
- Ms. Graziano thanked the H2 Group for their efforts for the projects completed this Summer. Mr. Cook stated that all 32 schools had some work done at their site this Summer, e.g., bond projects or hail damage repairs.

Mrs. Lambert asked how the school would operate during the Lookout Mountain rebuild. Mr. Karanjia responded that the new buildings would be built on the playing fields. Upon completion of the new buildings, the old buildings would be torn down and the parking lot and new playing fields will be constructed.

Mrs. Lambert asked if the new playing fields would be the same size as the old ones. Mr. Karanjia stated that the new playing fields would be approximately the same size.

Board members thanked the presenters for the informative update.

B. Growing Arroyo Committee Update
Dr. Cook advised the Board that a committee was formed in January 2011 for the purpose of increasing student enrollment at Arroyo Elementary School. Dr. Cook introduced Sandy Mendez Benson, parent; Phil Liles, Arroyo Principal; and Sue Snyder, Director of Organizational Development, who was the chair/facilitator at the committee meetings.

Ms. Snyder thanked committee members for their hard work and introduced committee members in attendance. Ms. Snyder advised the Board that the committee researched methods, techniques and/or programs that could be implemented as a means of increasing student enrollment.

The Growing Arroyo committee conducted research on the following strategies to increase student enrollment:
- Enhancing the school’s culture and climate by focusing on areas such as customer service, communication, and parent and community involvement;
- Expanding the school’s grade configuration from K-6 to K-8;
- Implementing a special program to attract new students and retain current students.

The committee members acknowledged the collective value of all the above strategies. They supported transitioning to K-8, and narrowed the myriad of magnet school options to one that involved STEM (science, technology, engineering, math).

Sandy Mendez Benson, a WESD parent, proposed a program for Arroyo in which students would learn fundamental business principles and entrepreneurial concepts in a hands-on environment with real-world applications. The Arroyo INC (Integrating New Century Skills) program would give students the opportunity to work with community business leaders to develop a product and a plan for marketing it. The committee reached full consensus to further pursue the proposal by surveying Arroyo parents during Back-to-School Night.

Mr. Adams had the following comments:
- Thanked the committee for their due diligence and creativity.
- Suggested that they might want to research the DECA model used by high schools.
- Suggested researching other districts to see what they are doing to retain students and increase enrollment.
- Asked if it was possible to research what Charter schools are doing to draw students.

Ms. Graziano had the following questions/comments:
- Thanked the committee members for their hard work.
- Asked if the Arroyo staff supports the committee’s work. Mr. Liles, reported that he sends Growing Arroyo Committee updates to the staff and his impression is that the staff is in full support of the committee’s work.
- Suggested looking at the Junior Achievement model. Ms. Mendez Benson stated that they researched Junior Achievement and are looking at their model for curriculum.
- Asked if Board members will receive parent survey results. Mr. Liles reported that he has received surveys from at least 50% of every grade level. Results will be compiled and presented to the Board in September 2011.
Regarding expanding to K-8, is there data substantiating that parents/students left Arroyo because there were not 7th and 8th grade classes offered. 6th grade teacher and committee member, Mr. Greg Grantham, reported that he had called parents who left Arroyo, but still lived within WESD’s boundaries. Mr. Grantham stated that the majority of the parents left because they wanted to have their children attend a K-8 school.

Encouraged Arroyo to promote the new programs to families who live outside of the District’s boundaries.

Will there be a student count limit for participation in the Arroyo INC program to accommodate 7th and 8th grade students if that option is implemented? Mr. Liles stated that the subcommittee will be meeting to finalize details for the Arroyo INC program and make a recommendation. The plan is to have the Arroyo INC program phased in over a three year period, starting with a pilot program in the after-school classes. In the second year, they plan to introduce the K-8 model and look at ways to incorporate the new Arroyo INC program into the regular curriculum.

Mr. Jahneke had the following comments:

- Thanked the committee for their time and efforts.
- Suggested researching possible grant opportunities with the City of Phoenix.
- Stated that the Arroyo INC program has a lot of potential and if it is successful, there could be a possibility of incorporating the program into the District’s curriculum.

Mrs. Lambert had the following questions/comments:

- Very pleased with the committee’s work and liked the phase-in plan.
- Looking forward to watching the Arroyo INC program unfold and participation of the business community.
- Are there plans to limit grade level participation for the Arroyo INC program? Mr. Liles stated that he would eventually like to see the program offered to all grade levels, starting with Kindergarten.
- Asked if Arroyo was basically a walking school. Mr. Liles reported that the only buses are for Special Ed students. Mrs. Lambert stated that would eliminate extra transportation expenses for the after-school pilot program. Mr. Liles said that they are researching how to offer the program to Special Ed students.

Mr. Liles commended the Growing Arroyo Committee members for their hard work. He stated that they had difficult conversations as they worked through the process. Mr. Liles thanked Ms. Mendez Benson for her contributions and for her creative, out-of-the-box thinking.

Mr. Maza was appreciative of the committee’s work and options presented. He commented that the most certain action that will fail is to do nothing.

Dr. Cook thanked Sue Snyder, Phil Liles, Sandy Mendez Benson, and all of the Arroyo staff for the many hours they spent on this project. Dr. Cook stated she was very proud of all of their work in finding a possible solution for declining enrollment.

The committee will present a recommendation to the Governing Board during September 2011.

C. Report Regarding Arizona School Boards Association’s 2011 Summer Leadership Institute

Mr. Adams and Ms. Graziano thanked Board members for allowing them to attend ASBA’s Summer Leadership Institute. They reviewed the presentations/sessions that they found to be very interesting and informative.

August 25, 2011
XI. FUTURE AGENDA ITEMS
Ms. Graziano requested that the Superintendent's Evaluation be updated.

XII. GOVERNING BOARD AND SUPERINTENDENT ACKNOWLEDGMENTS
Dr. Cook advised Board members that they were provided with a bag from the Summer Professional Learning Academy where the theme was "Keys to Success". Board members were also given an insulated cup from Invest in Education, chaired by Sandy Mendez Benson.

Ms. Graziano acknowledged the return of the school staffs, but especially acknowledged kindergarten teachers for their efforts.

Mr. Adams acknowledged Mrs. Terry Kidd, Assistant to the Superintendent, for her assistance with scheduling his school visits.

Mr. Maza acknowledged Dr. Steve Muroskey and his staff for their efforts in obtaining the grants that were accepted on the Consent Agenda.

XIII. ADJOURNMENT
A motion was made by Mr. Adams to adjourn the Regular Meeting at 8:43 p.m. The motion was seconded by Mr. Jahneke. The motion carried.

SIGNING OF DOCUMENTS
Documents were signed as tendered by the Governing Board Secretary
