G. Governing Board Training Regarding Open Meeting Laws: Julia Z. Smock, Former Assistant Attorney General

Dr. Cook advised that Mr. Jahneke had requested a review of the Open Meeting Law as a future agenda item. Dr. Cook introduced Ms. Julia Smock who was the former Assistant Attorney General and has had many years of experience regarding the Open Meeting Law. Ms. Smock reviewed two primary topics: communication through current technology and Executive Sessions.

Mr. Maza asked if a telephonic meeting is considered a virtual meeting. Ms. Smock responded that a telephonic meeting is not considered a virtual meeting. Telephonic meetings are permissible with prior notice to the public. A speakerphone must be made available to the public if they wish to participate.

Ms. Smock advised that anything discussed during an Executive Session is not for public knowledge even though many of the items discussed will be presented during a public meeting at a later date.

Ms. Graziano asked for clarification regarding the Interest-based Negotiations (IBN) process and if the Board should receive IBN meeting updates in an Executive Session or during a public meeting. Ms. Smock replied that if the information given during a public meeting would compromise the Board’s ability to engage in some form of negotiation, the Board would not want to discuss the information in a public meeting even though eventually that information would be going to the public. If the IBN meetings are public, the information that is provided to the Board in Executive Session does not become confidential because it is being presented during an Executive Session. The information must be independently confidential. Ms. Smock advised that the Board cannot talk about the discussion they have as a result of the last meeting that causes them to instruct their representative to change his/her position based on what they have heard. Ms. Smock stated that if the IBN meetings are open to the public, that information is not confidential, however, the instruction that the Board gives to their representative is confidential.

Ms. Smock asked how the District was handling the IBN process. Dr. Cook replied that she was the Board’s designated representative between the Board and the IBN team. She has been providing the Board with IBN feedback during Executive

September 23, 2010
Sessions and then giving the IBN team the Board’s instructions. Ms. Smock advised that there is no problem with the District’s current process because it is part of the negotiations process.

III. ACTION / DISCUSSION ITEMS

A. Governing Board Involvement in the Federal Relations Network (FRN)  
   Mrs. Lambert advised Board members that she has been offered the opportunity to be re-appointed as the official Arizona School Boards Association (ASBA) delegate to the National School Boards Association’s 38th Annual Federal Relations Network Conference (FRN) in Washington, D.C., on February 6-8, 2011.
Ms. Graziano asked Mrs. Lambert what added value the District received from attending the FRN conference last year. Mrs. Lambert responded that she participated in the workshop discussions where they explained which bills are moving forward through Congress which assisted NSBA’s position for lobbying. Mrs. Lambert stated that being involved, keeping informed, and being able to provide input on the movement that is going forward is important. Mrs. Lambert advised that the dialogue with other Board members and what she learned in the workshops and study sessions were very informative.

Mr. Adams stated that he believes there is a lot of value in attending the FRN conference due to the experience and exposure to other districts throughout the country. Mr. Adams felt that because the Washington Elementary School District is the largest elementary school district in the State, the District should be involved by having a voice and being part of the FRN conference for professional development. Mr. Adams thanked Mrs. Lambert for attending last year’s FRN conference and reaching out to political leaders.

Mr. Maza asked Mrs. Lambert, if she is approved to attend the FRN conference in February 2011, to attend study sessions/workshops regarding teacher evaluations and student growth.

A motion was made by Mr. Adams that the Governing Board approve that Governing Board President, Mrs. Tee Lambert, attend the FRN conference on February 6-8, 2011, in Washington, D.C. The motion was seconded by Mr. Maza. The motion carried 4-1 Aye. Mr. Jahneke voted Nay.

B. **K-3 Override Plans for 2010-2011**

Dr. Cook advised the Board that the District passed a K-3 override in November 2009 which was an extension of the one that had been in place several years prior. Each school prepared a K-3 override plan that specifies and details how they will use the money that comes from the K-3 override. This plan was started the first time the District passed a K-3 override. This year’s plans were offered to Board members only because of the sheer volume of the subject matter. Dr. Cook introduced Ms. Janet Sullivan to answer questions from the Board.

Ms. Sullivan advised the Board that the K-3 override provided three program options: full-day kindergarten at 27 sites, reduced class size at a few sites, and maintaining academic intervention programs.

Mr. Maza thanked Ms. Sullivan for the material and asked if he was allowed to share the school plans with his constituents. Dr. Cook responded that since the material was public information offered to the Board in a public meeting, it would be permissible to share it. Ms. Sullivan stated that the material will be posted on the District’s website.

Ms. Graziano reported that she noticed interesting trends in the school plans. Most of the schools have more free or reduced lunch students and there are more English Language Learners in the kindergarten level rather than upper grades.

Ms. Graziano asked how schools decided whether to have a literacy lab or an intervention specialist. Ms. Sullivan responded that in some cases, it is one and the same because they basically serve the same function in providing intervention services, but may be in different formats. The literacy labs are staffed with either an academic intervention specialist or Title I funded employee. It is each school’s choice, but may partially be dictated by the facility because they may not have had a classroom available for an intervention center.

September 23, 2010
Mrs. Lambert asked if the school plans were required by law or was it the District’s practice. Dr. Cook responded that they are the District’s practice because the District made a commitment to the Board when the first K-3 override was passed that it would produce a plan for each school.

A motion was made by Ms. Graziano that the Governing Board accept the K-3 Override plans for the 2010-2011 school year as presented. The motion was seconded by Mr. Maza. The motion carried.

C. 2011 Arizona School Boards Association (ASBA) Political Agenda: Governing Board Priorities

Dr. Cook stated that Board members were provided a list of the Arizona School Boards Association (ASBA) 2011 Political Agenda Priorities and were asked to select their top ten priorities. One priority was selected by all five Governing Board members; two priorities were selected by three Board members; and seven priorities were selected by two Board members. Dr. Cook advised that it was the Board’s discretion as to what priorities, if any, they wanted to submit to ASBA.

Board members agreed that they would submit the following priorities selected by a quorum of Board members:

1. Seek and support legislation that ensures that all public schools are funded and governed in a manner consistent with the Arizona Constitution’s requirement of a general and uniform public school system, so that substantial disparities in the treatment of schools are not created by the law.
2. Advocate the repeal of performance labels to A-F letter grades.
3. Seek and support the reenactment and funding of voluntary, full-day kindergarten.

Board members discussed asking ASBA to provide Governing Boards with updated information if ASBA’s original position is substantially altered through the legislative process. The Governing Board also discussed asking ASBA to notify ASBA delegates and Governing Boards if new legislation is introduced during a session.

A motion was made by Mr. Maza that the Governing Board direct the Superintendent, or their designee, to submit items 1, 2, and 3 as the legislative priorities for the Washington Elementary School District as their priorities for the ASBA legislative agenda, while also generating a letter in regard to the Governing Board’s concerns about subsequent support taken by ASBA on legislation matters in the upcoming legislative session. The motion was seconded by Mrs. Lambert. Mr. Adams amended the motion that the Governing Board direct the Superintendent, or their designee, to submit items 1, 2, and 3 as the legislative priorities for the Washington Elementary School District as their priorities for the ASBA legislative agenda, while also generating a letter asking ASBA to notify Governing Boards should there be new legislation that ASBA is going to take a position on. The amended motion was approved by Mr. Maza and Mrs. Lambert. The motion carried.

V. FUTURE AGENDA ITEMS

Ms. Graziano requested a RIF update on how the District is handling the communication to employees.
VI. GOVERNING BOARD AND SUPERINTENDENT ACKNOWLEDGMENTS
