• Ms. Graziano stated she was under the impression that the new Common Core Standards were to align the whole country so that everyone would be teaching the same curriculum at the same grade levels. Ms. Graziano asked if the new Common Core Standards realigned the same curriculum or was it the approach that was changing. Ms. Chisholm responded that this was new content with new emphasis on problem solving and rigor. There are new standards, e.g., 6th and 7th grades have a new domain for ratio and proportional thinking. Ms. Chisholm stated that the Arizona Department of Education had created new standards in order to compete in the global economy and prepare students for high school and college.
• Dr. Cook advised that this was not a national initiative, but a multi-state initiative. Dr. Cook stated that Arizona was part of the PARCC (Partnership for Assessment of Readiness for College) consortium. She further advised that the new standards were an effort to narrow and deepen the curriculum.
• Mrs. Lambert stated she appreciated the District’s focus on the new Common Core Standards and the efforts to train teachers to use better strategies to reach the students. Ms. Chisholm replied that they are focusing on conceptual understanding which should produce good results.
• Mr. Jahneke thanked Ms. Chisholm for her presentation and felt this would be a benefit for the District’s students for their future endeavors.

III. ACTION / DISCUSSION ITEMS

A. Request to Delay Full Implementation of New Teacher and Principal Evaluation Plans
Dr. Cook advised the Board that House Bill 2823 includes a provision that allows school district governing boards to delay full implementation of the revised teacher and principal evaluations until the 2013-2014 school year if approved by a majority vote of the board at a public meeting prior to September 30, 2012. Dr. Cook introduced Ms. Sue Snyder who had worked with the District’s Teacher Evaluation Committee and provided a summary of the recommendation.

Ms. Graziano stated she was pleased that the bill had a provision to delay full implementation of the revised teacher and principal evaluations for one year to give the District time to use it and make changes, if necessary.

Ms. Graziano asked to meet with someone to offer some suggestions for the wording on the evaluations and answer questions she had.

A motion was made by Mr. Adams that the Governing Board approve delaying full implementation of both the revised teacher evaluation system and the revised principal evaluation system until the 2013-2014 school year. Additionally, it was moved that the Governing Board adopt the educator implementation plan outlined in attachments A through F. The motion was seconded by Mrs. Lambert. The motion carried.

IV. INFORMATION / DISCUSSION ITEMS

A. Update Regarding A.R.S. 15-701 “Move on When Reading” and 15-211 K-3 Literacy Plans
Dr. Cook advised the Board that Mrs. Lambert had requested, as a future agenda item, an update regarding “Move on When Reading”, the new K-3 Literacy Plans, and the associated revenue streams. Dr. Cook introduced Ms. Janet Sullivan who provided an update on the “Move on When Reading” and the K-3 Literacy Plans.

Ms. Sullivan stated that Senate Bill 1258 was amended on March 29, 2012 and allowed for two exemptions for promotion of a third grade student who fell far below the standard on the reading portion of Arizona’s Instrument to Measure Standards (AIMS) or a successor test. The two exemptions are for English language learners who have had fewer than two years of English language instruction and for students with disabilities if the pupil’s Individual Education Plan (IEP) team and the parent/guardian agree that promotion is appropriate based on the pupil’s IEP.

Ms. Sullivan advised that SB 1529 became A.R.S. 15-211 that included a revenue stream of 0.040 support level weight per K-3 student which would be just under $1.2 million for the District. In order to receive the funds, districts are required to have K-3 Literacy Plans outlining what they are doing to address reading in K-3 grades. Ms. Sullivan stated that very little in the plans is new to our schools in the District.

Mrs. Lambert asked the following questions:
- Does the statute require the District to use Response to Intervention (RTI)? Ms. Sullivan responded that the State Board of Education was charged with providing guidelines to districts for the K-3 Literacy Plans and that guidance was focused on RTI.
- Is the District using DIBELS or AIMS Web, or both, as progress monitoring tools? Ms. Sullivan replied that this is the second year that the District has used DIBELS Next across the system. The District does not use AIMS Web as there is a higher cost for the service.

September 27, 2012
• How much per student will the District receive from the revenue stream? Ms. Cathy Thompson responded that the 0.040 weight would calculate to $138-$140 per student.

Ms. Graziano asked the following questions:
• Is the first group of students to be affected by the statute 2nd graders now? Ms. Sullivan replied in the affirmative.
• Do you have an approximate number of how many students may not be promoted from the third grade if their reading falls far below the third grade level? Ms. Sullivan responded that with the two exemption criteria of Senate Bill 1258 effective March 29, 2012, there would have been 43 students that would not have been promoted from last year’s third grade classes based on the AIMS test scores.
• Since this is based on a State statute, is there any recourse for parents if their child is not promoted? Ms. Sullivan stated that it will be based solely on test scores according to the statute and parents will have no recourse to protest the retention.

Mr. Adams asked how many 3rd grade students did the District have last year. Ms. Sullivan responded there were approximately 2,300 students and 43 would have been retained using the exemption criteria from Senate Bill 1258 effective March 29, 2012. Mr. Adams stated that was a low percentage and felt the District was doing a good job.

V. FUTURE AGENDA ITEMS
There were no future agenda items.

VI. GOVERNING BOARD AND SUPERINTENDENT ACKNOWLEDGMENTS
Mr. Adams acknowledged Mr. Jahneke for the great job he did in conducting the Board meeting.

Dr. Cook acknowledged the members of the Parent Leadership Team who met for the first time. Dr. Cook subsequently met with individuals who were not able to attend the first meeting. She advised that they have scheduled a second meeting for October 2, 2012. They were provided a short summary of the Common Core Standards. The next topic of interest will be school lunches, followed by how the schools are funded. Dr. Cook acknowledged that they have embraced the conceptual meaning of the Parent Leadership Team.

VII. ADJOURNMENT
