III. RECESSING OF REGULAR MEETING FOR PUBLIC HEARING

IV. PUBLIC HEARING
   
   A. Adopted Expenditure Budget 2012-2013
      Dr. Cook introduced Ms. Cathy Thompson who presented the 2012-2013 expenditure budget to the Board members for adoption. Ms. Thompson reviewed the adopted expenditure budget/proposed tax rates and reminded Board members that the proposed tax rates were estimates and would be set by the third week in August 2012. Ms. Thompson stated that the estimated secondary tax rate was higher due to the addition of the proposed sale of school improvement bonds. However, estimates indicate that the primary tax rate will decrease because equalization has come in higher than last year.

July 12, 2012
Mr. Jahneke asked a rhetorical question: Doesn’t the 3% for Instructional Staff Support and 9% for Student Support Services (on the M&O/CSF Expense by Function chart) help student instruction, as well as direct classroom instruction. Ms. Thompson agreed with Mr. Jahneke’s observation.

Mrs. Lambert noted that the Federal grant for Title I had been reduced by $1 million. Ms. Janet Sullivan stated that the District received a Federal allocation of $753,702.00 for Title I which was an 8% decrease from last year. Mrs. Lambert stated that she had heard about sequestration and that there was a possibility that additional Federal dollars could be lost. Ms. Sullivan said she had been advised there was a possibility of an additional 9% decrease for the 2012-2013 school year if Congress did not act on Federal funding for education.

Mr. Maza asked the following questions:

- When will the State budget for education be approved? Ms. Sullivan responded that the State education budget for the 2012-2013 school year was approved in May 2012.
- When will the Federal education budget be approved, e.g., all Title programs (Title I, Title II, etc.) and IDEA? Ms. Sullivan replied that the Federal education budget was expected to be approved in October 2012. However, if it was not approved in October, the District would see a decrease in Federal funding in January 2013. Mr. Maza commented that that possibility could create a delay in hiring personnel for Federally funded programs.
- Have you received information regarding the requirements for the new “Move on When Reading” initiative? Ms. Sullivan advised that she had seen a draft of the K-3 reading support plans that are going to be required of each of the District’s 27 schools that provide instruction for K-3 students, as well as the District aggregate plan. She stated that the District’s plan requires detailed information, e.g., K-3 literacy teams, what instructional materials will be used for core reading instruction, how many minutes of core reading instruction, what intervention services and materials are provided, what assessments are used for diagnostic progress monitoring/screening, etc. Ms. Sullivan said that the District will be required to submit data three times during the school year regarding benchmark progress of students in grades K-3 in the area of reading. She stated that at this time, no guidance had been provided as to how the money should be spent.
- Mr. Maza asked for clarification that any requirements regarding how the “Move on When Reading” money should be spent would be those requirements by the Arizona Department of Education, which is a State level agency, and not the local Governing Boards. Ms. Sullivan stated that was correct.
- Noticed a small increase in Soft Capital which was a restoration amount. What would the amount have been if the Legislature had restored all of the Soft Capital budget cut in the past few years? Ms. Thompson responded that it would have been approximately $4.7 million.
- How much Soft Capital restoration money did the District receive this year from the Legislature? Ms. Thompson stated it received approximately $800,000.00.
- There was a small increase in CORL which was a restoration amount. What would the amount have been if the Legislature had restored all of the CORL budget cut in the past few years? Ms. Thompson stated it would have been approximately $4.7 million.
- How much CORL restoration money did the District receive this year from the Legislature? Ms. Thompson replied it received partial restoration of approximately $2.7 million.

July 12, 2012
V. RECESSION OF PUBLIC HEARING FOR REGULAR MEETING

VI. ACTION / DISCUSSION ITEMS

A. Adopted Expenditure Budget 2012-2013

Dr. Cook advised the Board that they were asked to adopt the Expenditure Budget for 2012-2013 as discussed in the Public Hearing.

Mr. Adams commented that it was unfortunate that the public did not attend the Public Hearing to receive the data and have the opportunity to ask questions.

A motion was made by Mr. Jahneke that the Governing Board adopt the 2012-2013 Proposed Budget and approve and verify the Desegregation Budget Supplement and Verification Report. The motion was seconded by Ms. Graziano. A roll call vote was requested. Motion carried 5-0.

B. To Consider and, if Deemed Advisable, to Adopt a Resolution Ordering the Sale of School Improvement Bonds for the District

Dr. Cook advised the Board that the District is proposing to sell School Improvement Bonds with the intention of expediting completion of some current projects, including the Lookout Mountain rebuild. Dr. Cook indicated that the District felt this was an appropriate time to sell the School Improvement Bonds in order to get a rate that would be favorable in a competitive environment. Dr. Cook introduced Ms. Cathy Thompson who stated that the District had not only strategically planned the repayment of the bonds in accordance with the bond pamphlet that was provided to the taxpayers when they approved the special bond election on November 2, 2010, but tried to maintain the similar tax levy every year.

Ms. Thompson introduced Mr. Bryan Lundberg of Stone and Youngberg who provided details of the School Improvement Bond sale. Mr. Lundberg advised the Board that the District was proposing the issuance and sale of $20,000,000.00 in Class B bonds of the $55,000,000.00 of bonds that remain authorized for sale, but not yet issued, under the 2010 School Improvement Bond Authorization. Mr. Lundberg stated that the bond sale would utilize a competitive sale process for underwriters through a bidding process. Mr. Lundberg stated that the Resolution delegated authority to the Governing

July 12, 2012
Board President or another Governing Board member in the absence of the Board President to give written award to the successful underwriter with the lowest interest rate on the date of the sale, eliminating the need to schedule a Governing Board meeting in coordination with a bond sale. Mr. Lundberg advised that the estimated interest rate for the sale of bonds was 4.00%-4.25%.

Mr. Adams asked the following questions:
- Are the bonds paid back through taxation? Mr. Lundberg replied yes and further advised that once the bonds were approved, there was basically a contract that the District had with the County Treasurer to levy a tax rate that was necessary to make all of the payments for the bonds.
- Is there a possibility that the District would collect more taxes than needed to pay the payments and interest? Mr. Lundberg responded that the County Treasurer sets the levy each year based on the historical delinquency amount. He stated that interest earned (which cannot be forecasted) could cause an excess of funds. If the amount collected was more than was needed in one year, the amount could be used to offset the levy in future years.
- Assumed that the delegation of authority to allow the Governing Board President or any Board member to give written award to the successful underwriter is within procurement guidelines. Mr. Lundberg replied that the process follows procurement guidelines.

Mr. Jahnke asked if the reason for more delegation of authority to Administration and the Governing Board President was because of the potential volatility with interest rates and trying to capture the best possible rate. Mr. Lundberg responded that the District was trying to gain more flexibility in not having to schedule the bond sale around a Governing Board meeting, given that there was not a scheduled Board meeting before the third Monday in August when the tax levy is set. Ms. Thompson stated that in order to meet the tax rate setting date, information had to be provided to the County Treasurer by the end of July.

Ms. Graziano asked the following questions:
- In addition to awarding the bond sale to the lowest interest rate bidder, was there any other monetary benefit for selling one large amount; do we save in underwriting fees or bond fees? Mr. Lundberg responded that there was an economy of scale in the issuance costs of larger amounts. He advised that there were fixed costs in the sale of bonds and if broken up into smaller amounts, there would be additional costs, e.g., printing, attorney fees, credit rating fees, etc. Therefore, there was a savings by combining the sale into one large amount.
- We are paying 4.0% interest plus $350,000.00 (1.7% of bond principal). Is the $350,000.00 in addition to the 4.0% or is it from the original amount? Ms. Thompson replied that the estimated fees are from the original proceeds at the time of the sale.
- When the $20,000,000.00 bonds are sold, does the District receive the money in one lump sum? When funds are received, do they go into an interest bearing account or are the funds used before they can earn any interest? Mr. Lundberg stated that at the close of the bond sale, the County Treasurer would receive the funds and deposit it into the District’s Bond Building Fund. The Treasurer has the authority to invest the funds, however, there are laws that limit the types of investments that may be used. Ms. Thompson stated that approximately $12 million will be used for the Lookout Mountain rebuild. She advised that the earned interest does not get posted into the proceeds and cannot be spent. The interest money gets posted into the Debt Service Fund which helps reduce the amount that the taxpayers would pay in future years.

July 12, 2012
• Regarding the $137.42 for School Improvement Bonds which taxpayers will be paying this year, will any of that be retiring next year and will the bond sale of $20,000,000.00 be added to that? Ms. Thompson replied that a large portion of the bond debt will be retiring in five years. Ms. Thompson stated that the 1.37 tax rate pays for the $16 million that must be paid every year. The goal is to keep the amount that the taxpayers pay at a similar rate every year. Ms. Thompson explained that although the tax rate may increase slightly, the levy amount will remain close to the same range.

• Asked for clarification regarding the statement on page 72: “Minimum Required Purchase Price: All proposals for the purchase of the bonds must be for at least $20,300,000.00 (i.e., par plus $300,000 premium paid to the District).” Mr. Lundberg stated that the intent of the District would be to sell $20,000,000.00 principal amount for the bond sale. In accordance with the plan, there will be an amount added to the levy that the Treasurer will be setting on the third Monday in August, possibly $400,000.00-$500,000.00. Bidders will be asked to pay a minimum of $20,300,000.00 when they pay for the bonds. The additional $300,000.00 will be deposited into the District’s payment fund to assist when making the first payment and soften the levy for the first year.

A motion was made by Mr. Adams that the Governing Board adopt a Resolution ordering the sale of School Improvement Bonds for the District in the amount of $20,000,000.00. The motion was seconded by Mrs. Lambert. A roll call vote was requested. The motion carried 5-0.

C. Governing Board Argument for the Capital Override Election Pamphlet

Mr. Maza presented Governing Board members with a draft of the argument for the Capital Override election pamphlet which he prepared. He stated that the pro statements were due by August 10, 2012. Dr. Cook reported that the pro statement was limited to 200 words and that the draft statement had 196 words.

Mr. Maza suggested the following changes:

• Paragraph 1: Change “2012 world” to “world of 2012”.
• Paragraph 1: Add a comma after “or” in second sentence.
• Paragraph 1: Add a comma after “Then” in last sentence.

Mr. Adams commended Mr. Maza for the well written statement.

Mr. Jahneke stated it was difficult to express the need for the Capital Override election in only 200 words. He appreciated Mr. Maza’s efforts and the mention of the different communities within the school district. Dr. Cook pointed out that there was also a publicity pamphlet which clearly described the District’s need for the Capital Override election. She stated that the purpose of the Board’s pro statement was to support the need.

Mr. Maza asked how many pro statements the District was allowed to have. Dr. Cook responded that the District was allowed ten pro and ten con statements and the first ten pro and first ten con statements that were received would be published. Dr. Cook stated that the District’s website had a posting advising that the pro and con statements were due by August 10, 2012.

Ms. Graziano thanked Mr. Maza for preparing the statement and suggested a change to the first sentence of the third paragraph. After a discussion and suggestions by Board members, it was agreed that the sentence should read: “The WESD Governing Board requests your support with a “Yes” vote for our Capital Override.”

July 12, 2012
Mrs. Lambert praised Mr. Maza's efforts on the statement and suggested changing "values" to "needs" in the second sentence of paragraph 1.

A motion was made by Ms. Graziano that the Governing Board approve an argument in support of the Capital Override to be included in the Publicity Pamphlet for the election to be held on November 6, 2012, as amended. The motion was seconded by Mrs. Lambert. The motion carried.

VII. FUTURE AGENDA ITEMS
There were no future agenda items.

VIII. GOVERNING BOARD AND SUPERINTENDENT ACKNOWLEDGMENTS
Ms. Graziano acknowledged Bob McAllister, retired music teacher from Palo Verde Middle School, who passed away and will be missed. She stated that he was a very well known middle school band teacher who was liked and respected. Ms. Graziano advised that many of his students were now music teachers and professional musicians and Mr. McAllister's legacy will live on. She stated that Mr. McAllister represented the District well in all of his professional activities.

The Purchasing Department is recommending authorization to utilize the contracts presented for anticipated purchases in excess of the bidding threshold. No school or department can spend more than is budgeted without prior approval from the Finance Department. Schools and departments budget for goods or services without a particular vendor in mind.

Presented is a list of Intergovernmental Cooperative Purchase Agreements related to the Purchasing Department previously awarded by the Governing Board.

A.R.S. 11-952 and A.A.C. R7-2-1191 through R7-2-1195 authorizes and governs intergovernmental procurements. SUPPORTING DATA
Funding Source: Various
Budgeted: Yes

Attached is information for the contracts that have been previously awarded by the Governing Board. These contracts will soon be expiring. Because performance under these contracts has been satisfactory, extension of these contracts is recommended. No school or department can spend more than is budgeted without prior approval from the Finance Department.

The estimated requirements cover the period of the contract and are reasonable and continuing. A multi-term contract encourages effective competition and promotes economies in school district procurement.

The 2012-2013 proposed budget capacity is provided on the attached list.

Copies of the individual contracts are available for review in the Purchasing Department.

SUMMARY AND RECOMMENDATION
It is recommended that the Governing Board approve the extension and renewal of annual contracts for specified goods and services as presented.

6.9 ADDITIONS/DELETIONS OF SERVICE:

The County reserves the right to add and/or delete products and/or services provided under this Contract. If a requirement is deleted, payment to the Contractor will be reduced proportionately to the amount of service reduced in accordance with the proposal price. If additional services and/or products are required from this Contract, prices for such additions will be negotiated between the Contractor and the County.

6.10 RELATIONSHIPS:

In the performance of the services described herein, the Contractor shall act solely as an independent contractor, and nothing herein or implied herein shall at any time be construed as to create the relationship of employer and employee, partnership, principal and agent, or joint venture between the District and the Contractor.

6.11 SUBCONTRACTING:

The Contractor may not assign this Contract or subcontract to another party for performance of the terms and conditions hereof without the written consent of the County, which shall not be unreasonably withheld. All correspondence authorizing subcontracting must reference the Proposal Serial Number and identify the job project.

The County, Federal or State auditors and any other persons duly authorized by the Department shall have full access to, and the right to examine, copy and make use of, any and all said materials.

6.13.2 If the Contractor’s books, records, accounts, statements, reports, files, and other records and back-up documentation relevant to this Contract are not sufficient to support and document that requested services were provided, the Contractor shall reimburse Maricopa County for the services not so adequately supported and documented.

6.14 AUDIT DISALLOWANCES:

If at any time, County determines that a cost for which payment has been made is a disallowed cost, such as overpayment, County shall notify the Contractor in writing of the disallowance. County shall also state the means of correction, which may be but shall not be limited to adjustment of any future claim submitted by the Contractor by the amount of the disallowance, or to require repayment of the disallowed amount by the Contractor.

6.15.1 After the exhaustion of the administrative remedies provided in the Maricopa County Procurement Code, any contract dispute in this matter is subject to compulsory arbitration. Provided the parties participate in the arbitration in good faith, such arbitration is not binding and the parties are entitled to pursue the matter in state or federal court sitting in Maricopa County for a de novo determination on the law and facts. If the parties cannot agree on an arbitrator, each party will designate an arbitrator and those two arbitrators will agree on a third arbitrator. The three arbitrators will then serve as a panel to consider the arbitration. The parties will be equally responsible for the compensation for the arbitrator(s). The hearing, evidence, and procedure will be in accordance with Rule 74 of the Arizona Rules of Civil Procedure. Within ten (10) days of the completion of the hearing the arbitrator(s) shall:

6.15.1.1 Render a decision;
6.15.1.2 Notify the parties that the exhibits are available for retrieval; and
6.15.1.3 Notify the parties of the decision in writing (a letter to the parties or their counsel shall suffice).

6.15.4 Within ten (10) days of the notice of decision, either party may submit to the arbitrator(s) a proposed form of award or other final disposition, including any form of award for attorneys’ fees and costs. Within five (5) days of receipt of the foregoing, the opposing party may file objections. Within ten (10) days of receipt of any objections, the arbitrator(s) shall pass upon the objections and prepare a signed award or other final disposition and mail copies to all parties or their counsel.

6.15.5 Any party which has appeared and participated in good faith in the arbitration proceedings may appeal from the award or other final disposition by filing an action in the state or federal court sitting in Maricopa County within twenty (20) days after date of the award or other final disposition. Unless such action is dismissed for failure to prosecute, such action will make the award or other final disposition of the arbitrator(s) a nullity.

6.16 SEVERABILITY:
The invalidity, in whole or in part, of any provision of this Contract shall not void or affect the validity of any other provision of this Contract.

6.17 RIGHTS IN DATA:

The County shall own the use of all data and reports resulting from this Contract without additional cost or other restriction except as provided by law. Each party shall supply to the other party, upon request, any available information that is relevant to this Contract and to the performance hereunder.

6.18 INTEGRATION:

This Contract represents the entire and integrated agreement between the parties and supersedes all prior negotiations, proposals, communications, understandings, representations, or agreements, whether oral or written, express or implied.

6.19.1 By entering into the Contract, the Contractor warrants compliance with the Immigration and Nationality Act (INA using e-verify) and all other federal immigration laws and regulations related to the immigration status of its employees and A.R.S. §23-214(A). The contractor shall obtain statements from its subcontractors certifying compliance and shall furnish the statements to the Procurement Officer upon request. These warranties shall remain in effect through the term of the Contract. The Contractor and its subcontractors shall also maintain Employment Eligibility Verification forms (I-9) as required by the Immigration Reform and Control Act of 1986, as amended from time to time, for all employees performing work under the Contract and verify employee compliance using the E-verify system and shall keep a record of the verification for the duration of the employee’s employment or at least three years, whichever is longer. I-9 forms are available for download at USCIS.GOV.

6.19.2 The County retains the legal right to inspect contractor and subcontractor employee documents performing work under this Contract to verify compliance with paragraph 6.19.1 of this Section. Contractor and subcontractor shall be given reasonable notice of the County’s intent to inspect and shall make the documents available at the time and date specified. Should the County suspect or find that the Contractor or any of its subcontractors are not in compliance, the County will consider this a material breach of the contract and may pursue any and all remedies allowed by law, including, but not limited to: suspension of work, termination of the Contract for default, and suspension and/or debarment of the Contractor. All costs necessary to verify compliance are the responsibility of the Contractor.

6.20 VERIFICATION REGARDING COMPLIANCE WITH ARIZONA REVISED STATUTES §§35-391.06 AND 35-393.06 BUSINESS RELATIONS WITH SUDAN AND IRAN:

6.20.1 By entering into the Contract, the Contractor certifies it does not have scrutinized business operations in Sudan or Iran. The contractor shall obtain statements from its subcontractors certifying compliance and shall furnish the statements to the Procurement Officer upon request. These warranties shall remain in effect through the term of the Contract.

6.20.2 The County may request verification of compliance for any contractor or subcontractor performing work under the Contract. Should the County suspect or find that the Contractor or any of its subcontractors are not in compliance, the County may pursue any and all remedies allowed by law, including, but not limited to: suspension of work, termination of the Contract for default, and
suspension and/or debarment of the Contractor. All costs necessary to verify compliance are the responsibility of the Contractor.

6.21 CONTRACTOR LICENSE REQUIREMENT:

6.21.1 The Respondent shall procure all permits, insurance, licenses and pay the charges and fees necessary and incidental to the lawful conduct of his/her business, and as necessary complete any required certification requirements, required by any and all governmental or non-governmental entities as mandated to maintain compliance with and in good standing for all permits and/or licenses. The Respondent shall keep fully informed of existing and future trade or industry requirements, Federal, State and Local laws, ordinances, and regulations which in any manner affect the fulfillment of a Contract and shall comply with the same. Contractor shall immediately notify both Materials Management and the using agency of any and all charges concerning permits, insurance or licenses.

6.21.2 Respondents furnishing finished products, materials or articles of merchandise that will require installation or attachment as part of the Contract, shall possess any licenses required. A Respondent is not relieved of its obligation to possess the required licenses by subcontracting of the labor portion of the Contract. Respondents are advised to contact the Arizona Registrar of Contractors, Chief of Licensing, at (602) 542-1525 to ascertain licensing requirements for a particular contract. Respondents shall identify which license(s), if any, the Registrar of Contractors requires for performance of the Contract.

6.22 CERTIFICATION REGARDING DEBARMENT AND SUSPENSION

6.22.1 The undersigned (authorized official signing for the Contractor) certifies to the best of his or her knowledge and belief, that the Contractor, defined as the primary participant in accordance with 45 CFR Part 76, and its principals:

Schedules to be attached to this agreement from time to time must be signed by an authorized official of the Institution and Organization. These attachments will set forth: (1) brief descriptions of the work to be performed by the students under this agreement; (2) total number of students to be employed; (3) the hourly rates of pay; and (4) the average number of hours per week each student will be used.

The Institution will inform the Organization of the maximum number of hours per week a student may work and the length of time the project is expected to run.

Students will be made available to the Organization by the Institution to perform specific work assignments. Students may be removed from work on a particular assignment or from the organization by the Institution, either on its own initiative or at the request of the Organization. The Organizations agrees that no student will be denied work or subjected to different treatment under this agreement on the grounds of race, color, national origin, or sex. AGENDA ITEM: *Agreement for Temporary Parking for Mountain View School

INITIATED BY: Sue Pierce, Director of Facility Planning
SUBMITTED BY: Cathy Thompson, Director of Business Services

PRESENTER AT GOVERNING BOARD MEETING: Cathy Thompson, Director of Business Services

GOVERNING BOARD POLICY REFERENCE OR STATUTORY CITATION: BBA

SUPPORTING DATA

Funding Source: Indirect Cost
Budgeted: Yes

On March 8, 2012 the Governing Board approved contracts for solar installations at Mountain View and Sunnyslope Schools.

A portion of the installations will be done on parking structures and will limit the availability of parking for staff at various times throughout construction. At Mountain View, parking is limited already and there was a need to procure supplemental parking during this construction phase. The District has been able to work with the Covenant of Grace Fellowship Church to procure the use of their parking lot as needed from August 16, 2012 through November 2, 2012.

The Covenant of Grace Fellowship has requested a fee of $800.00 and to receive certification of liability insurance from the District.

SUMMARY AND RECOMMENDATION

It is recommended that the Governing Board approve the agreement with Covenant of Grace Fellowship for temporary parking at total cost of $800.00.

AGENDA ITEM: *Transfer of Funds from the Sale of School Property into the Debt Service Fund
INITIATED BY: Cathy Thompson, Director of Business Services
SUBMITTED BY: Cathy Thompson, Director of Business Services
PRESENTER AT GOVERNING BOARD MEETING: Cathy Thompson, Director of Business Services
GOVERNING BOARD POLICY REFERENCE OR STATUTORY CITATION: ARS 15-1102.A

SUPPORTING DATA

Each year Washington Elementary School District (WESD) will earn some money from the sale of obsolete or broken furniture and equipment which is deposited into a fund specifically for the sale or lease of school property. These have traditionally been minimal amounts each year, but the District has realized more benefit from recent sales via an online process.

Arizona Revised Statutes provides for districts to “expend the proceeds from the sale or lease of school property for the payment of any outstanding bonded indebtedness of the school district or for the reduction of school district taxes.”

At this time, it is recommended that WESD transfer $143,658.31 into the Debt Service Fund in order to utilize these funds in the payment of bond debt and reduce the total levy.

SUMMARY AND RECOMMENDATION

It is recommended that the Governing Board approve the transfer of funds from the Proceeds from Sale of Property Fund into the Debt Service Fund.

ONLINE / CONCURRENT / CORRESPONDENCE COURSES

Arizona Online Instruction

Arizona online instruction (AOI) is a learning option for meeting the needs of students in the information age. The District Governing Board may authorize student enrollment in AOI course for credit to fulfill the academic requirements of the Governing Board and the State Board of Education (SBE). The course(s) must be provided by an online course provider or an online school selected and approved by the SBE as defined by and in accordance with the criteria established in A.R.S. 15-808.

To satisfy District class and course standards, the course offerings and content must:

- meet District and SBE academic standards for the identified student population,

- provide at least the minimum course of study and competency requirements for graduation from high school, based on the current cohort year requirements, and

- prepare students for post-secondary success in the world of work, technical school, or college.

To receive credit towards promotion or graduation, a student participating in Arizona online instruction shall:

- satisfactorily complete the course requirements,

- participate in the testing requirements prescribed by A.R.S. 15-741 et seq., and

- not be allowed to participate in AOI if the student fails to comply with the testing requirements; or the online instruction provider fails to administer the tests to at least ninety-five percent (95%) of the students participating in the provider schools' AOI.
Upon the student's enrollment in AOI, the student's parents or guardians shall be notified of the state testing requirements.

The District shall coordinate with the AOI provider the gathering, recording, maintenance and reporting of applicable information to the student's parents or guardians, District officials, and the appropriate agencies.

If a student's academic achievement declines while the student is participating in AOI, the student's parents or guardians, teachers and instructors, and the school's administrator shall confer to evaluate whether the student's continued participation in AOI should be allowed.

A student may participate in AOI as either a part-time or full-time student for membership and attendance purposes as prescribed by A.R.S. 15-808. When the student is concurrently enrolled part-time in the District and participating part-time in AOI, daily attendance and membership of the student shall be recorded and reported for funding apportionment purposes as specified by A.R.S. 15-808 and the Uniform System of Financial Records (USFR).

Whenever a student becomes ineligible for continuation in an AOI course or program, for whatever reason, the student shall be enrolled in a District course or courses appropriate to the student's academic qualifications.

The District may make application to the Arizona State Board of Education to become a provider of Arizona Online Instruction.

SUPPORTING DATA

In response to a recent Federal Communications Commission (FCC) Report and Order regarding the implementation of the Children's Internet Protection Act (CIPA), ASBA Policy Services has recommended revisions to Policy IJNDB and Regulation IJNDB to comply therewith. The FCC Report and Order adds statutory language from the Protecting Children in the 21st Century Act, regarding the education of students related to appropriate online behavior, to the current FCC rules implementing the Children's Internet Protection Act (CIPA).

The Protecting Children in the 21st Century Act establishes that E-rate applicants must certify that their CIPA required Internet safety policy provides for the education of students regarding appropriate online behavior, including interacting with other individuals on social networking websites and in chat rooms and regarding cyberbullying awareness and response. Further, school policies must contain provisions related to monitoring the online activities of minors.

Specific procedures or curriculum for schools to use in the education of this matter is left to the discretion of each individual district to determine. The Policy must include a technology protection measure that protects against Internet access by both adults and minors to visual depictions that are obscene, child pornography or, with respect to use of the computers by minors, harmful to minors.

Attached are the proposed amended Policy IJNDB and Regulation IJNDB.

SUMMARY AND RECOMMENDATION

It is recommended that the Governing Board approve the First Reading of Policy IJNDB – Use of Technology Resources in Instruction.

Agenda Item *II.S.
USE OF TECHNOLOGY RESOURCES
IN INSTRUCTION

Appropriate use of Electronic Information Services

The District may provide electronic information services (EIS) to qualified students, teachers, and other personnel who attend or who are employed by the District. Electronic information services include networks (e.g., LAN, WAN, Internet), telephones, databases, and any computer-accessible source of information, whether from hard drives, tapes, compact disks (CDs), floppy disks, removable USB storage, or other electronic sources. The use of the services shall be in support of education, research, and the educational goals of the District. To assure that the EIS is used in an appropriate manner and for the educational purposes intended, the District will require anyone who uses the EIS to follow its guidelines and procedures for acceptable use. Anyone who misuses, abuses, or chooses not to follow the EIS guidelines and procedures will be denied access to the District’s EIS and may be subject to disciplinary and/or legal action.

The Superintendent shall determine steps, including the use of an Internet filtering mechanism, that must be taken to promote the safety and security of the use of the District’s online computer network when using electronic mail, chat rooms, instant messaging, and other forms of direct electronic communications. Technology protection measures shall protect against Internet access by both adults and minors to visual depictions that are obscene, child pornography or, with respect to use of computers by minors, harmful to minors. Safety and security mechanisms shall include online monitoring activities.

As required by the Children’s Internet Protection Act, the prevention of inappropriate network usage includes unauthorized access, including “hacking” and other unlawful activities; unauthorized disclosure, use and dissemination of personal identification information regarding minors.

It is the policy of the Board to:

- prevent user access over the District’s computer network, or transmissions of, inappropriate material via Internet, electronic mail, or other forms of direct electronic communications;

WASHINGTON ELEMENTARY DISTRICT NO. 6
8-13-12
• prevent unauthorized access and other unlawful online activity;

• prevent unauthorized online disclosure, use, or dissemination of personal identification information of minors; and

• comply with the children’s Internet Protection Act [P.L. No. 106-554 and 47 USC 254(h)].

Each user will be required to sign an EIS user’s agreement. The District may log the use of all systems and monitor all system utilization. Accounts may be closed and files may be deleted at any time. The District is not responsible for any service interruptions, changes, or consequences. The District reserves the right to establish rules and regulations as necessary for the efficient operation of the electronic information services.

The District does not assume liability for information submitted and/or retrieved via EIS, including the accuracy of such information, nor does it assume any liability for any information lost, damaged, or unavailable due to technical or other difficulties. While the District will make every effort to ensure accurate information, the user has the ultimate responsibility for how computers and network resources are used and bears the risk of reliance on the information obtained.

Filtering and Internet Safety

As required by the Children’s Internet Protection Act, the District shall provide for technology protection measures that protect against Internet access by both adults and minors to visual depictions that are obscene, child pornography, or, with respect to use of the computers by students, harmful to students. The protective measures shall also include monitoring the online activities of EIS users.

Limits, controls and prohibitions shall be placed on EIS users:

• Access to inappropriate matter.

• Safety and security in direct electronic communications.

• Unauthorized online access or activities.
• Unauthorized disclosure, use and dissemination of personal information.

• Any limits, controls, or protections required under the Children’s Internet Protection Act (CIPA).

The Superintendent is responsible for establishing and enforcing the District’s electronic information services guidelines and procedures for appropriate technology protection measures (filters), monitoring, and use.

**Education, Supervision and Monitoring**

It shall be the responsibility of all District employees to be knowledgeable of the Board’s policies and administrative guidelines and procedures related to the use of technology resources. Further, it shall be the responsibility of all employees, to the extent prudent to an individual’s assignment, to educate, supervise, and monitor appropriate usage of the online computer network and access to the Internet in accordance with this policy, the Children’s Internet Protection Act, and the Protecting Children in the 21st Century Act.

The Superintendent shall provide for appropriate training for District employees and for students who use the District’s computer network and have access to the Internet. Training provided shall be designed to promote the District’s commitment to:

• the standards and acceptable use of the District’s network and Internet services as set forth in District policy;

• student safety in regards to use of the Internet, appropriate behavior while using, but not limited to, such things as social networking Web sites, online opportunities and chat rooms; and cyberbullying awareness and response; and compliance with E-rate requirements of the Children’s Internet Protection Act.

The requirements of this policy are effective immediately. Employees will be held to strict compliance with the requirements of the policy and the accompanying regulation, regardless of whether training has been given.
Limits of Privacy

The District respects the personal privacy of its employees and students. However, because the District’s technology resources are provided for the educational purposes of the District, employee and student rights of privacy in this context are limited and information and communications carried on it are subject to public access pursuant to A.R.S. 39-121. The District may review files and communications and monitor system utilization at any time, without notice or permission. Users should not expect that communications, or information sent, retrieved or stored via EIS will be private. The District may, in its sole discretion, close accounts and review or delete files at any time.

Prohibited Activities

Material that is fraudulent, harassing, sexually explicit, racially offensive, profane, obscene, intimidating, defamatory, or otherwise unlawful or inappropriate may not be sent by e-mail or other form of electronic communication (such as bulletin board systems, newsgroups, chat groups, blogs, or instant messaging) or display on or stored in District computers.

The District’s EIS may not be used for dissemination or storage for commercial purposes of advertisements, solicitations, promotions, political material or any other unauthorized material.

Compliance with Applicable Laws and Licenses

Users may not illegally copy material protected under copyright law or make that material available to others for copying. In their use of the EIS, users must comply with all software licenses, copyrights and all other state, federal and international laws governing intellectual property and online activities.

Accessing other Computers and Networks

A user's ability to connect to other computer systems through the network or by a modem does not imply a right to connect to those systems or to make use of those systems unless specifically authorized by the operators of those systems.
Installation of Software

Users may not install personal software onto District computers. Files obtained from sources outside the District, including disks brought from home and files downloaded from online resources, may contain dangerous computer viruses and should never be downloaded onto District computers without prior approval by MIS. This is not intended to restrict the downloading of files from Internet sources or online services for use as curriculum supplements by teachers.

Duty Not to Waste District Resources

Users must not deliberately perform acts that waste computer resources or unfairly monopolize resources to the exclusion of others. These acts include, but are not limited to sending mass mailings, printing multiple copies of documents, or otherwise creating unnecessary network traffic.

Personally Identifiable Information

School websites may be used to provide a format for students to publish their work and to communicate their ideas. At no time should a website contain images of a student with his or her name, parent's name, address, phone number, e-mail address or other identifying personal information. Staff working with students shall edit all publications to ensure that student privacy is protected.

The Superintendent is responsible for the implementation of this policy and for establishing and enforcing the District’s electronic information services guidelines and procedures for appropriate technology protection measures (filters), monitoring, and use.

USE OF TECHNOLOGY RESOURCES  
IN INSTRUCTION

(Safety and Use of Electronic  
Information Services)

Use of the electronic information services (EIS) requires that the use of the resources be in accordance with the following guidelines and support the education, research, and educational goals of the District. Filtering, monitoring and access controls shall be established to:

- Limit access by minors to inappropriate matter on the Internet.

- Monitor the safety and security of minors when using electronic mail, chat rooms, and other forms of direct electronic communications.

- Monitor for unauthorized access, including so-called “hacking,” and other unlawful activities by minors online.

- Restrict access by minors to materials harmful to minors.

Content filtering

A content filtering program or similar technology shall be used on the networked electronic information system (EIS) as well as on stand-alone computers capable of District authorized access to the Internet. The technology shall at a minimum limit access to obscene, profane, sexually oriented, harmful, or illegal materials. Should a District adult employee have a legitimate need to obtain information from an access-limited site, the Superintendent may authorize, on a limited basis, access for the necessary purpose specified by the employee's request to be granted access.

Education, Supervision, and Monitoring

It is the responsibility of all District employees to be knowledgeable of the Board’s policies and administrative guidelines and procedures related to the use of technology resources. Employees are further responsible, to the extent prudent to an individual’s assignment, to educate, supervise, and monitor student use of the online computer network. District, department, and school
administrators shall provide employees with appropriate in-servicing and assist employees with the implementation of Policy IJNDB.

As a means of providing safety and security in direct electronic communications and to prevent abuses to the appropriate use of electronic equipment, all computer access to the Internet through the District electronic information systems (EIS) or stand-alone connection shall be monitored periodically or randomly through in-use monitoring or review of usage logs.

Access control

Individual access to the EIS shall be by authorization only. Designated personnel may provide authorization to students and staff who have completed and returned an electronic information services user agreement. The Superintendent may give authorization to other persons to use the EIS.

Acceptable use

Each user of the EIS shall:

- Use computers and network resources to support personal education objectives consistent with the educational goals and objectives of the School District.

- Agree not to submit, publish, display, or retrieve any defamatory, inaccurate, abusive, obscene, profane, sexually oriented, threatening, racially offensive, or illegal material.

- Abide by all copyright and trademark laws and regulations.

- Not reveal home addresses, personal phone numbers or personally identifiable data unless authorized to do so by designated school authorities.

- Understand that electronic mail or direct electronic communication is not private and may be read and monitored by school-employed persons.
- Not intentionally use EIS in a way that would disrupt the use of EIS by others.

- Not use computers or network resources, including telephones, for commercial, political, or non-district related purposes unless permission is given to do so.

- Follow the District’s code of conduct and abide by policies and procedures.

- Not attempt to harm, modify, add or destroy software or hardware nor interfere with system security.

- Understand that inappropriate use may result in cancellation of permission to use EIS and/or other appropriate disciplinary action, and for students, up to and including an expulsion.

In addition, acceptable use for District employees is extended to include requirements to:

- Maintain supervision of students using the EIS.

- Agree to log on and supervise the account activity when allowing others to use District accounts.

- Take responsibility for assigned personal and District accounts, including password and date protection.

- Take all responsible precautions, including password maintenance and file and directory protection measures, to prevent the use of personal, District accounts, and files by unauthorized persons.

- Agree that any software or hardware not purchased by the District must be properly donated and approved by the MIS Department. Donated materials become property of the Washington Elementary School District.

- Understand that all software will be installed by the MIS Department.
• Understand that employees will not move any District-owned computer or network resource from its present location including telephones (laptops excluded).

Each user will be required to sign an EIS user's agreement. A user who violates the provisions of the agreement will be denied access to the information services and may be subject to disciplinary action. Accounts may be closed and files may be deleted at any time. The District is not responsible for any service interruptions, changes, or consequences.

Details of the user agreement shall have been discussed with each potential user of the electronic information services. When the signed agreement is returned to the District, the user may be permitted use of EIS resources through the District equipment.

AGENDA ITEM: *First Reading of Proposed Amended Board Policy JFAA – Admission of Resident Students

INITIATED BY: D. Rex Shumway, Legal Counsel
SUBMITTED BY: D. Rex Shumway, Legal Counsel
PRESENTER AT GOVERNING BOARD MEETING: D. Rex Shumway, Legal Counsel

GOVERNING BOARD POLICY REFERENCE OR STATUTORY CITATION: BGF

SUPPORTING DATA

As a result of statutory changes enacted by the Legislature in 2011, limited changes to Policy JFAA – Admission of Resident Students were made by the Board in October, 2011. The recommended changes conformed to new statutory provisions that required school districts to require and maintain verifiable documentation of Arizona residency for students who enroll in the school district. Specifically, the new provisions required the District to comply with forms and guidelines developed by the Arizona Department of Education (ADE) regarding the documentation that is acceptable for verification of residency. Because ADE had not formally published the specific forms, the District developed forms consistent with ADE informal guidance and the schools used those forms for the 2011-2012 school year.

Based on the subsequent formal guidance from ADE, ASBA Policy Services has recommended amendment of Policy JFAA as noted in the attached Policy. Also attached are new Exhibits JFAA-EA – Arizona Residency Documentation Form and JFAA-EB – Affidavit of Shared Residence. These Exhibits constitute the forms that are currently in use in the schools to document residency.

These recommended changes have been reviewed by District Legal Counsel.

SUMMARY AND RECOMMENDATION

It is recommended that the Governing Board approve the First Reading of Proposed Amended Board Policy JFAA – Admission of Resident Students.

Agenda Item *II.T.
ADMISSION OF RESIDENT STUDENTS

A student who is a resident of the District and who meets the applicable age requirements established by state law shall be admitted without payment of tuition to the school in the attendance area in which the student resides and may be admitted as a resident transfer student to another school in the District in accordance with the District's open enrollment policy.

The following students are residents of the District:

- A student who is in the legal custody of a natural or adoptive parent or other person to whom custody has been granted by a court order and who resides with the parent or other person in the District.

- A student who is an emancipated minor and whose place of residence is in the District. When determining whether a minor is emancipated, the Superintendent will consider such factors as whether the student is married, financially independent, and residing away from the family domicile with parental consent.

- A student who is 18 years of age or older and whose place of residence is in the District.

- A student who is homeless, and who attended a school in the District at the time of becoming homeless.

Residency Verification

The residency of a student, natural or adoptive parent, or other person to whom custody of the student has been granted by court order shall be based upon evidence of the individual's physical presence and intent to remain in the District. In accordance with guidelines and forms adopted by the Arizona Department of Education, the District shall require and maintain verifiable documentation of residency in the State of Arizona for pupils who enroll in the District. Such evidence of residency may be determined by using the following verifiable documentation.

Verifiable Documentation

WASHINGTON ELEMENTARY DISTRICT NO. 6
A.R.S. 15-802(B) requires school districts and charter schools to obtain and maintain verifiable documentation of Arizona residency upon enrollment in an Arizona public school.

The documentation required by A.R.S. 15-802 must be provided each time a student enrolls in a school district or charter school in this state, and reaffirmed during the district or charter's annual registration process via the district or charter's annual registration form. The documentation supporting Arizona residency should be maintained according to the school's records retention schedule.

In general, students will fall into one (1) of two (2) groups: 1) those whose parent or legal guardian is able to provide documentation bearing his or her name and address; and 2) those whose parent/legal guardian is unable to document his or her own residence because of extenuating circumstances including, but not limited to, that the family’s household is multi-generational. Different documentation is required for each circumstance.

Parent(s) or legal guardian(s) that maintains his or her own residence: The parent or legal guardian must complete and sign a form indicating his or her name, the name of the school district, school site in which the student is being enrolled, and provide one (1) of the following documents, which bear the parent or legal guardian’s full name and residential address or physical description of the property where the student resides (no P.O. Boxes):

- Valid Arizona driver’s license, Arizona identification card or motor vehicle registration
- Valid United States passport
- Real estate deed or mortgage documents
- Property tax bill
- Residential lease or rental agreement
- Water, electric, gas, cable, or phone bill
- Bank or credit card statement
- W-2 form
- Void paycheck or payroll stub
- Certificate of tribal enrollment or other identification issued by a recognized Indian tribe that contains an Arizona address
• Documentation from state, tribal or federal government agency (Social Security Administration, Veteran’s Administration, Arizona Department of Economic Security)

Parent(s) or legal guardian(s) that does not maintain his or her own residence: The parent or legal guardian must complete and sign a form indicating his or her name, the name of the school district and school site in which the student is being enrolled, and submit a signed, notarized affidavit bearing the name and address of the person who maintains the residence where the student lives attesting to the fact that the student resides at that address, along with a document from the bulleted list above bearing the name and address of the person who maintains the residence.

Use of and Retention of Documents by Schools

School officials must retain a copy of the attestations or affidavits and copies of any supporting documentation presented for each student (photocopies acceptable) that school officials believe establish validity. Documents presented may be different in each circumstance, and unique to the living situation of the student. Documents retained by the school district may be used as an indicia of residency; however, documentation is subject to audit by the Arizona Department of Education. Personally identifiable information other than name and address (SSN, account numbers, etc.) should be redacted from the documentation either by the parent/guardian or the school official prior to filing.

Re: Vacant Trust Board Position

July 22, 2012

Dear Dr. Cook:

My thanks to you and Mr. Shumway for all the time you spent with me last week discussing all of the issues, qualifications and obligations relating to the vacant Trust Board membership position.

After discussing the position with my wife, I have decided to advise you that I am interested in membership on the Board. I believe I have sufficient background, education and knowledge of the issues that the Trust Board deals with and about which it makes recommendations to the School Board to be able to make a contribution to the Board’s business. I believe that I will be able to devote the time necessary to prepare for and attend the Board meetings.

I also advised you that I have lived in the District for all of my adult life and my three children attended District elementary schools.

At your request I have attached a list of my professional qualifications for you and the School Board to consider when discussing this appointment.

Thanks again for your time and consideration.

Sincerely,

Robert D. Myers

SUPPORTING DATA

The purpose of this agenda item is to seek the Governing Board’s approval for the submission of the Washington Elementary School District (WESD) Technology Plan to the Arizona Department of Education (ADE) as part of the District’s Continuous Improvement Plan. The U.S. Department of Education requires school districts to have a state-approved plan for technology in order to be eligible for E-rate and other funding.

This year’s Technology Plan differs from those of prior years, as the Technology Plan is now embedded in the District’s Continuous Improvement Plan (CIP) housed in the Arizona Local Education Agency Tracker (ALEAT) system. In past years, a separate Technology Plan document was brought to the Governing Board for approval. This stand-alone document had the sole purpose of identifying the technology status and needs of Arizona school districts. This year districts are required to integrate technology-related plans into the Elementary and Secondary Education Act (ESEA) Continuous Improvement Plan.

The CIP consists of eight goals with strategies and action steps identified to address how the goals will be met. For each action step, tags are added to indicate the program(s) impacted by or related to the implementation of the action step. These tags include professional development, Special Education, English language learners and technology. The District’s Technology Plan is now comprised of the action steps identified as involving technology (“TECH”).

SUMMARY AND RECOMMENDATION

It is recommended the Governing Board approve the submission of the Washington Elementary School District Technology Plan in ALEAT.

The Washington Elementary School District vision is commitment to achieving excellence for every child, every day, every opportunity. The mission of the Washington Elementary School District is student achievement, preparing all students to become responsible, successful contributors to our diverse society. Our vision and mission marry well with the foundation for the Continuous Improvement Plan for our LEA which is based upon research that indicates that 80-90% of a school’s population will meet the instructional goals when highly effective instruction is implemented in classrooms with Best First Instruction as an essential component of RtI. Three areas of focus are Lesson Planning, Qualities of Effective Instructional Delivery, and a Purposeful Learning Environment. For students needing more individualized support, Tier I and Tier II interventions are provided to concentrate instruction using varied assessment data. Our philosophy, vision, and mission are coherently aligned with the goals and strategies of the CIP for our LEA and increase student achievement District, site, and community members will support oversight and evaluation of the plan. In addition, we have maintained technology networking/filtering/use agreements as well as an Internet Safety Curriculum as part of our commitment to safe and drug free schools.

New guidelines at the Arizona Department of Education (ADE) now require minutes be provided that indicate Governing Board approval for any grade level changes being made for individual schools.

Due to general education capacity issues at John Jacobs Elementary School, it is necessary to relocate two special needs preschool classes to Desert View Elementary School.

Desert View has the capacity to include these additional classes, and there are existing preschool classrooms on that campus. Therefore, there is no need to make changes to the grade levels being served at that school.

With the preschool classes being moved from John Jacobs, the school will now only serve Kindergarten through Sixth grade. This requires a change to the grade level information recorded at ADE.

SUMMARY AND RECOMMENDATION
It is recommended that the Governing Board approve the change from PS-6 grade configuration for John Jacobs Elementary School to K-6 grade configuration.

AGENDA ITEM: To Consider and, if Deemed Advisable, to Adopt a Resolution Authorizing Post-Issuance Compliance Procedures Relating to Tax-Exempt Bonds and Other Tax-Exempt Financings of the District

INITIATED BY: Cathy Thompson, Director of Business Services

SUBMITTED BY: Cathy Thompson, Director of Business Services

SUPPORTING DATA

The IRS has recently been focusing on Post-Issuance Compliance relating to the District’s Tax-Exempt Bond issues. In fact, the IRS Form 8038-G that will be filed on behalf of the District for its upcoming school improvement bond issue has two boxes that may be checked if the District has Post-Issuance Compliance Procedures in place. While the IRS is not yet requiring such procedures, they have asked various bond issuers to respond to a questionnaire indicating whether such procedures are in place.

Since the failure to check the two boxes on Form 8038-G relating to the Post-Issuance Compliance may result in questions from the IRS, it makes sense for the District adopt such procedures. Attached is a Resolution (with Agenda language), along with Post-Issuance Compliance Procedures for your review. The requirements are basically the same as set forth in the Tax Compliance Certificate that is included in required documents for each bond issue.

The attached procedures are an attempt to make the compliance guidelines easier to follow.

SUMMARY AND RECOMMENDATION

It is recommended that the Governing Board approve the resolution that authorizes the post-compliance procedures related to tax-exempt bonds and other tax-exempt financings for the District.

ISSUANCE AND POST-ISSUANCE COMPLIANCE PROCEDURES

[See attached]
ISSUANCE AND POST-ISSUANCE COMPLIANCE PROCEDURES
RELATING TO TAX-EXEMPT BONDS, TAX CREDIT BONDS,
AND OTHER TAX-EXEMPT FINANCINGS FOR THE
WASHINGTON ELEMENTARY SCHOOL DISTRICT NO. 6
OF MARICOPA COUNTY, ARIZONA

Date of Implementation: ____________

INTRODUCTION

Many conditions, restrictions and requirements must be complied with to permit and
preserve the tax-exempt, tax credit or direct federal subsidy treatment of general obligation
bonds, revenue bonds, lease-purchase agreements, and other tax-exempt financings by the
Washington Elementary School District No. 6 of Maricopa County, Arizona (the "District").
Prior to issuance, the District and its bond counsel will review the facts and the reasonable
expectations to determine if the issue will comply with these conditions, restrictions and
requirements at the time of issuance. There are certain actions the District must perform after
issuance to preserve the favorable tax treatment and certain actions of the District after issuance
can adversely affect the tax treatment. In addition, the District must maintain proper records to
demonstrate compliance. Because tax benefits may be critical to the investors' decision to
purchase the bonds or other obligations, the District covenants to the bond purchasers to comply
with all of the conditions, restrictions and requirements throughout the life of the bonds.

Failure to comply may cause the District to be (a) liable to the bondholders, (b) subject to
enforcement action by the Internal Revenue Service (the "IRS"), (c) subject to a loss of all or part
of any applicable direct federal subsidy, and (d) subject to enforcement action by the U.S.
Securities and Exchange Commission. Therefore, it is important that the District take the
necessary action to ensure compliance with the conditions, restrictions and requirements
applicable to each bond or other financing.

To ensure compliance, the District must identify a single person with overall compliance
responsibility. The Superintendent and/or Business Manager, or his or her designee, will be the
responsible person and is referred to in these procedures as the "Bond Compliance Official."
Anyone with any questions about the bonds, the proceeds of the bonds, the facilities financed
with the bonds or compliance with the conditions, restrictions and requirements should discuss them with the Bond Compliance Official who shall, as necessary, discuss them with bond counsel. The Bond Compliance Official shall meet with bond counsel to discuss these requirements and from time to time any changes in these requirements. In the event the District fails to comply with these procedures, the Bond Compliance Official shall meet with bond counsel as soon as practicable after the discovery of the failure to comply in order to discuss the steps required to correct the noncompliance.

1. **INVESTMENT OF PROCEEDS UNTIL EXPENDED.**

   Detailed records of investments and earnings will be made and kept by the District with respect to all bond proceeds.

   Generally, proceeds of bonds cannot be invested at a yield higher than the bond yield unless during certain specific temporary periods. Therefore, prior to closing, the Bond Compliance Official will determine with bond counsel which funds do or do not qualify for a temporary period. Qualifying information will be set out in a tax certificate. No proceeds will be invested at a yield higher than the bond yield unless they qualify. If the actual facts regarding the use of proceeds changes from what was reasonably expected at closing, the Bond Compliance Official will discuss those changes with bond counsel to see if the temporary periods are changed.

   Bond proceeds include the amount received from the sale of the bonds, amounts held in a payment or reserve fund for the bonds and *investment earnings on those amounts*.

   The proceeds will not be invested in any investment where a yield cannot be determined.

   Any investment in a guaranteed investment contract or similar investment agreement will only be made in compliance with the bidding requirements as reviewed by bond counsel.

   Bond proceeds from each issue will be invested so that they can be tracked separately from any other funds of the District. The District will work with the County Treasurer to be sure that invested earnings are properly allocated between bond proceeds and other funds, and that interest earnings on tax-exempt bonds are tracked separately from interest earnings on tax credit and direct pay bonds.

*JYGrakr 1779267.1 8/8/2012*
2. USE OF PROCEEDS.

Detailed records will be made and kept by the District with regard to the use of bond proceeds and shall be kept on a series by series basis. For each expenditure the amount, date of and purpose will be recorded. If the project is also funded with non-bond proceeds, the records will reflect an allocation of expenditures between bond proceeds and other funds. No proceeds will be used to reimburse an expenditure made prior to the issue date of the bonds unless the reimbursement requirement, including the prior declaration of intent to reimburse, has been fully complied with and evidence of such compliance is maintained. The District’s Governing Board by taking action, or the Superintendent or Business Manager is authorized to complete the declaration of intent to reimburse.

The District is expected to exercise diligence to expend the proceeds, to enter into within six months of the issue date a binding contract to expend at least 10% of the proceeds and to have expended most of the proceeds within three years. After the third anniversary of the issue, any remaining proceeds in the construction account must be yield restricted. Any remaining Qualified School Construction Bond proceeds must be used to redeem bonds after three years.

The Bond Compliance Official shall periodically review the progress of the projects and the expenditure of proceeds to ensure timely expenditure of proceeds.

3. USE OF BOND FINANCED FACILITIES.

Detailed records of the use of proceeds will identify those facilities that are financed in whole or in part with bond proceeds and must reflect the allocation of bond proceeds and other funds used. Any sale or lease to, or other agreement for use by, a private party in a trade or business can adversely affect the tax status of the bonds. The District will not sell or lease any bond financed property or enter into any agreement with non-governmental entities for use or management of any bond financed property without a thorough review by the Bond Compliance Official and bond counsel. While not a comprehensive list, the Bond Compliance Official will review the following types of transactions with bond counsel prior to entering into any agreement with non-governmental entities or persons: (a) the sale or lease of any bond financed property, (b) any management contracts with a food service provider or book store, (c)
any research agreement and (d) public-private partnerships. The Bond Compliance Official shall periodically review the use of all bond financed facilities to ensure compliance with the private use restrictions. In the event the District takes action that causes the bonds to meet the private business tests or private loan financing test, the Bond Compliance Official shall meet with bond counsel as soon practicable after the issue is discovered to discuss the steps required to correct the noncompliance, including, if necessary, redeeming or defeasing all of the bonds that meet the private business tests or private loan financing test.

4. **ARBITRAGE REBATE.**

Any time that bond proceeds are permitted to be invested at a yield higher than the bond yield, the amount earned over the bond yield is arbitrage. With certain exceptions, the District is obligated to pay over (rebate) to the United States any arbitrage earned. The District will keep complete and accurate records of all investments of bond proceeds and all information supporting any applicable exceptions to the rebate requirement and will retain or ensure that the County Treasurer has retained a professional rebate consultant to review the records and prepare a report so that the District or the County Treasurer can make any necessary rebate payments. Unless exempt, the District must, at a minimum, make payments at every fifth anniversary of the issue and upon final payment. The Bond Compliance Official will review any exemption prior to each fifth anniversary and upon final payment to determine if any facts have changed which might eliminate the exemption.

5. **RECORD RETENTION.**

All records concerning the bond issue, including

a) the transcript of the original proceedings,

b) investment of proceeds,

c) use and allocation of proceeds, including the declaration of intent to reimburse,

d) non-governmental use of bond financed property,

e) payment of principal and interest on the bonds,

f) the interest rate or rates on the bonds from time to time, if variable,

g) compliance with reimbursement requirements,
h) refunding of all or part of the bonds,

i) payment of arbitrage rebate or information supporting any exemption to rebate, and

j) evidence of compliance with special requirements for Tax Credit Bonds, Build America Bonds (Direct Pay), or Tax Credit Bonds (Direct Pay) including Qualified School Construction Bonds (Direct Pay)

shall be kept for the life of the bonds plus three years and, if the bonds are refunded, for the life of all of the refunding bonds plus three years (and in compliance with any State of Arizona records retention policies).

6. SPECIAL REQUIREMENTS FOR TAX CREDIT AND CERTAIN TAX CREDIT (DIRECT PAY) BONDS.

If the District issues any Qualified School Construction Bonds, Qualified Zone Academy Bonds, Qualified Forestry Conservation Bonds, New Clean Renewable Energy Bonds, or Qualified Energy Conservation Bonds (the "Tax Credit Bonds"), the following additional requirements will be met:

a) Capital Expenditure Requirement. All of the proceeds, including investment earnings, must be spent on capital expenditures (and not working capital) except that up to 2% of the proceeds can be spent on costs of issuance and proceeds can fund a reasonably required reserve fund. The Bond Compliance Official shall consult with bond counsel prior to issuance to determine that the 2% costs of issuance limit will not be exceeded, that any reserve fund complies with requirements, and that the balance of the proceeds will be spent on capital expenditures. The Bond Compliance Official will review all expenditures to ensure compliance.

b) Use of Proceeds for Tax Credit Bonds. At the date of issuance, the District must reasonably expect to

(i) spend 100% or more of the proceeds for one or more qualified purposes within the 3-year period beginning on the date of issuance, and

(ii) have a binding commitment with a third party to spend at least 10% of such proceeds within the 6-month period beginning on the date of issuance.

If the District does not spend 100% of the proceeds within the 3-year period from the date of issuance, the District shall redeem all of the nonqualified bonds within 90 days after the end of the 3-year period. The District may be able to receive an extension prior to the
expiration of the 3-year period if the District establishes that failure to spend the proceeds is due to a reasonable cause and the District will continue to proceed to spend the proceeds with due diligence.

The Bond Compliance Official shall periodically review the progress of the projects and the expenditure of proceeds to ensure timely expenditure of proceeds. If the Bond Compliance Official believes that the District will not spend 100% of the proceeds within the 3-year period beginning the date of issuance, the Bond Compliance Official will contact bond counsel as soon as possible.

A qualified purpose for a:

(i) Qualified School Construction Bonds is the construction, rehabilitation or repair of a public school facility or for the acquisition of land on which such a facility is to be constructed with part of the proceeds;

(ii) Qualified Zone Academy Bonds is a qualified purpose with respect to a qualified zone academy established by an eligible local education agency;

(iii) Qualified Forestry Conservation Bond is one or more qualified forestry conservation purposes;

(iv) New Clean Renewable Energy Bond is one or more qualified renewable energy facilities; and

(v) Qualified Energy Conservation Bonds is one or more qualified conservation purposes.

The Bond Compliance Official shall review the qualified purpose of the applicable Tax Credit Bonds to ensure compliance. Additionally, the Bond Compliance Official shall review the use of proceeds periodically to ensure continued compliance to spend 100% of the proceeds for the applicable qualified purpose.

c) Reserve Fund. The requirements of a reserve fund must be met, including the requirement that the yield on the reserve cannot exceed the discount rate determined on the date the Bond Purchase Agreement is signed and pursuant to the Treasury Rules set forth daily on www.treasurydirect.gov. The Bond Compliance Official shall review these requirements with bond counsel to ensure compliance and review this periodically to ensure continued compliance.

d) Maximum Term. The bonds cannot exceed the maximum term permitted for Tax Credit Bonds. The maximum term will be determined on the date the bonds are sold or
on the date the Bond Purchase Agreement is signed and pursuant to the Treasury Rules set forth daily on www.treasurydirect.gov. The Bond Compliance Official shall review this requirement with bond counsel to ensure compliance.

e) **Financial conflicts of Interest.** The District must certify that all applicable conflicts of interest are satisfied. The Bond Compliance Official shall review this requirement with bond counsel to ensure compliance.

f) **Irrevocable Election.** To qualify the Tax Credit Bond as one of the applicable Tax Credit Bonds (Direct Pay), the District must make an irrevocable election to have the applicable Tax Credit Bond (Direct Pay) section apply and to have Section 6431(f)(3)(B) apply to the bonds. The Bond Compliance Official shall ensure that the elections have been made and are evidenced in the transcript at the time of closing.

g) **Authorize District Board and Superintendent and/or Business Manager to Act.** The District Board and Superintendent and/or Business Manager or other authorized person to do all things necessary to take any action within its power and authority which would, other than as a result of the application of Section 6431(f) of the Code, prevent the interest income on the bonds from becoming includable in gross income for federal income tax purposes and to do all things necessary to continue to qualify as the applicable Tax Credit Bonds (Direct Pay) under the applicable Tax Credit Bond (Direct Pay) section and 6431(f) to receive the direct subsidy payment. The Bond Compliance Official shall ensure that such authorization has been granted and is evidenced in the transcript at the time of closing.

h) **Filing for Subsidy.** An 8038-TC will be prepared by bond counsel, executed by the Bond Compliance Official or other authorized signer, filed promptly after closing and included in the transcript. For each interest payment, the Bond Compliance Official will prepare, sign and file an 8038-CP to request the payment of the direct pay credit from the United States. With respect to fixed rate bonds, the form must be filed no more than 90 days and not less than 45 days prior to the interest payment date. With respect to variable interest rate bonds, the credit payment will be aggregated on a quarterly basis and the 8038-CP must be filed for reimbursement in arrears not more than 45 days after the last interest payment date within that quarter.

Additionally, the Bond Compliance Official will discuss the requirements to appropriately reduce the amount of the subsidy
requested is appropriately reduced for New Clean Renewable Energy Bonds and Qualified Energy Conservation Bonds (Direct Pay) on the 8038-TC and subsequent 8038-CPs.

i) **De Minimis Premium.** No Tax Credit Bond (Direct Pay) can be reoffered at an issue price which includes a premium which exceeds .25% of the stated redemption price at maturity, multiplied by the number of complete years to the earlier of maturity, mandatory redemption of first optional redemption date, if applicable. Prior to closing, the Bond Compliance Official shall review the pricing information with its bond underwriter to determine that this requirement has been complied with. The bond purchaser or underwriter will certify at the closing what the reoffering prices were reasonably expected to be to establish the amount of premium for each maturity.

j) **Davis Bacon.** If the District issues any New Clean Renewable Energy Bonds, Qualified Energy Conservation Bonds, Qualified Zone Academy Bonds or Qualified School Construction Bonds, the District must comply with the Davis Bacon requirements. The Bond Compliance Official shall ensure that the District complies with this requirement and files required quarterly filings.

7. **SPECIAL REQUIREMENTS FOR BUILD AMERICA BONDS (DIRECT PAY).**

If the District issues any Build America Bonds (Direct Pay), the following additional requirements will be met:

a) **Capital Expenditure Requirement.** All of the sales proceeds, including investment earnings, must be spent on capital expenditures (and not working capital) except that up to 2% of the proceeds can be spent on costs of issuance and proceeds can fund a reasonably required reserve fund. The Bond Compliance Official shall consult with bond counsel prior to issuance to determine that the 2% costs of issuance limit will not be exceeded, that any reserve fund complies with requirements, and that the balance of the sales proceeds will be spent on capital expenditures. The Bond Compliance Official will review all expenditures to ensure compliance.

b) **De Minimis Premium.** No Build America Bonds can be reoffered at an issue price which includes a premium which exceeds .25% of the stated redemption price at maturity, multiplied by the number of complete years to the earlier of maturity, mandatory
redemption or first optional redemption date, if applicable. Prior to closing, the Bond Compliance Official shall review the pricing information with its bond underwriter to determine that this requirement has been complied with. In addition, the District shall review trading information available at http://www.emma.msrb.org to monitor all trading activity up to the closing date of the bonds. The bond purchaser or underwriter will certify at the closing what the reoffering prices were reasonably expected to be to establish the amount of premium for each maturity.

c) **Irrevocable Election.** To qualify an issue as Build America Bonds, the District must make an irrevocable election to have Section 54AA (BABs) and Section 54AA(g) (BABs Direct Pay) of the Code apply to the bonds. d) **Authorize District Board and Superintendent and/or Business Manager to Act.** The Authorizing Resolution must authorize the District Board and Superintendent and/or Business Manager or other authorized person to do all things necessary to take any action within its power and authority which would, other than as a result of the application of Section 54AA(g) of the Code, prevent the interest income on the bonds from becoming includable in gross income for federal income tax purposes and to do all things necessary to continue to qualify as BABs – Direct Pay under Sections 54AA and 54AA(g) to receive the direct subsidy payment. The Bond Compliance Official shall ensure that such authorization has been granted and is evidenced in the transcript at the time of closing.
