

Dear Future Kindergarten Families,

My name is Mrs. Price, and I am over the moon to be your child's kindergarten teacher for the 2025–2026 school year at Sahuaro Elementary School! As we begin this exciting journey together, I'd like to share a little bit about myself, our classroom, and what you can expect this year.

This will be my second year teaching, and I truly consider it my dream job. Teaching has always been my passion, and I feel incredibly grateful to be doing what I love every day.

I currently live in Phoenix, but I'm originally from Cleveland, Tennessee. Outside of the classroom, I enjoy reading, going to parks, attending church, and spending time with my four wonderful children and my amazing husband. We also have two adorable pet cats who are very much part of the family!

I believe in creating a classroom environment where everyone feels safe, valued, and free to be themselves—a place where students can express their thoughts, opinions, and beliefs with confidence and respect. I aim to make learning fun and meaningful, with moments of growth that both my students and my own children will carry with them for life.

I am committed to providing your child with a positive, engaging, and nurturing learning environment where they can grow emotionally, creatively, and academically. I value open communication with families and look forward to partnering with you to support your child's unique learning journey.

At Sahuaro Elementary, we uphold the values of responsibility, optimism, caring, kindness, and safety. These school-wide expectations guide our behavior and interactions, helping to create a warm, welcoming campus for all.

To stay connected throughout the year, I will use ClassDojo, email, and phone calls. I'll keep you informed of important events, updates, and dates to remember. Your support and trust are so important and deeply appreciated—it truly takes a team to make a successful kindergarten year!

I am so excited to meet each one of you and to build a classroom community full of joy, learning, and growth.

Warmly,

Mrs. Price
