August 23, 2012
Ms. Graziano requested basic information regarding the program, e.g., how many students participate, what type of work are they assigned to do, what training is provided for the work assignment, and how are they supervised.

Dr. Cook introduced Ms. Sue Brown, principal of Moon Mountain Elementary School, who has utilized the program for several years, and Ms. Tricia Heller-Johnson, principal of Lookout Mountain Elementary School, who is going into the second year utilizing the program.

Ms. Brown advised that she will have 10-12 Bryman students at her school this year. Ms. Brown had interviewed one student who is working on a medical billing degree and had expressed a desire to work in the cafeteria. Ms. Brown stated that the students' skills are matched to positions to make sure that the time at the school is a productive opportunity for both Bryman and Moon Mountain schools.

Ms. Heller-Johnson stated she will have 5-6 Bryman students at her school. She advised that she has the students read the Student Handbook, as well as the Volunteer Handbook. The Bryman students will be assigned to the literacy lab and will receive training from the literacy coaches, reading specialists, and program coach. Ms. Heller-Johnson reported that the students will be with a certified employee at all times.

Ms. Heller-Johnson explained that there are no set parameters for the Bryman students, however, they must work in an educational setting, e.g., assisting students to make healthy food choices using nutritional guidelines, helping students make good choices in regard to behavior, or assisting with reading instruction.

Ms. Heller-Johnson advised that the Bryman School had been generous by providing 30 backpacks to her school and providing a free field trip to their school. She stated that the program had been mutually beneficial for Bryman and Lookout Mountain schools.

Ms. Graziano asked how many parents had participated in the program and at what level of students. Ms. Janet Sullivan responded that last year Royal Palm had 60 parents focused on middle level students; Mountain View had over 125 parents focused on primary level students; and Roadrunner had approximately 60 parents focused on primary level students. Mr. Mike Christensen, Mountain View principal, stated that there was no specific level and the program was open to all parents. He advised that one objective was to get parents involved with the school. Mr. Christensen stated that the language barrier was a problem and another objective was to teach parents how to work with their children at home with their schoolwork, e.g., making a place for students to do their homework or setting aside 20 minutes each evening for reading.

August 23, 2012
Ms. Graziano asked if the classes were offered in more than one language. Mr. Christensen stated that they were offered in Spanish only. Ms. Sullivan advised that last year at Royal Palm, the program was offered to all parents, however, only one interested parent was a native English speaker and all other interested parents were Spanish speaking. Therefore, all the classes were held in Spanish.

A motion was made by Ms. Graziano that the Governing Board approve the First Reading of Proposed Amended Board Policy IHBHBD – Online/Concurrent/Correspondence Courses. The motion was seconded by Mr. Maza. The motion carried.

Ms. Graziano questioned the need for the change to this Policy and realized that it was due to a State mandate. She referred to the change from “or” to “and” of the proposed amended policy which states: “To receive credit towards promotion or graduation, a student participating in Arizona online instruction shall:

• Not be allowed to participate in AOI if the student fails to comply with the testing requirements and the online instruction provider fails to administer the tests to at least ninety-five percent (95%) of the students participating in the provider schools’ AOI.”

Ms. Graziano asked if a student fails a final exam in a regular classroom, are they allowed to pass and does the 95% refer to AIMS testing or testing for that particular course. Dr. Cook replied that the 95% rule applied to AIMS testing which was a statewide standard. Mr. Rex Shumway stated that this policy refers to online/concurrent/correspondence courses that are offered by approved providers through the Arizona Department of Education (ADE). Mr. Shumway said that these are online courses that students may take and may be more applicable to high school students. Mr. Shumway advised that this policy was not an ADE issue, but was a State statute written by the Legislature.

Ms. Graziano asked if the District could get clarification or more information regarding this Policy change. Dr. Cook advised that they would do their best to obtain more information.

*UNANIMOUS*

Dr. Cook introduced Mr. Chris Lierance, Director of MIS, and Ms. Janet Sullivan, Assistant Superintendent for Academic Services, who were available to answer any questions from the Board.

Ms. Graziano asked the following questions:

- Are the proficiency goals set by the government or are they District goals? Ms. Sullivan responded that the goals are set by ADE.
- Page 118, Strategy: HS Graduation Strategy 1, Action Step 2, “GUHSD and WESD coordinate instructional materials and programs, including Algebra, Geometry, Science, Seminar, Distance Learning, and Read 180 course offerings.” Is the S.H.A.R.P. program run totally by GUHSD or are there WESD teachers involved? Therefore, the Board was asked to change John Jacobs Elementary School’s grade configuration from PS-6 to K-6.

A motion was made by Ms. Graziano that the Governing Board approve the change from PS-6 grade configuration for John Jacobs Elementary School to K-6 grade configuration. The motion was seconded by Mr. Jahneke. The motion carried.

D. **To Consider and, if Deemed Advisable, to Adopt a Resolution Authorizing Post-Issue Compliance Procedures Relating to Tax-Exempt Financings of the District**  
*UNANIMOUS*

Dr. Cook advised the Board that in order to preempt any issues that could occur with the Internal Revenue Service (IRS), the District is asking the Board to adopt a Resolution to put some procedures in place. Dr. Cook introduced Ms. Cathy Thompson to further explain the procedure.

August 23, 2012
Ms. Thompson stated that the District’s bonds are tax-exempt, therefore IRS monitors all the activity regarding the bonds, e.g., bond sale, interest paid for bonds, and interest earned on the proceeds. Ms. Thompson explained that the purpose of the resolution was for the Board to provide instruction to ensure that all of the post-compliance procedures were carried out regarding the tax-exempt bonds. Ms. Thompson advised that she was currently carrying out all of the procedures that were listed in the resolution.

A motion was made by Mr. Jahneke that the Governing Board approve the resolution that authorizes the post-compliance procedures related to tax-exempt bonds and other tax-exempt financings for the District. The motion was seconded by Mr. Adams. The motion carried.

Funding Source: M&O  
Budgeted: Yes

On June 25, 2009 the Governing Board approved an extension of the original 2005 Intergovernmental (IGA) Agreement between Washington Elementary School District (WESD) and Mesa Unified School District for the Mesa Distance Learning Program for the July 1, 2009 through June 30, 2012 school years. This agreement has enabled WESD to offer rigorous, interactive, standards-based, online instructional programs to current District students in alternative education placements, as well as to home-schooled students who reside within District boundaries. For special education, gifted, and homebound students, distance learning may provide an effective instructional delivery option in lieu of more traditional services. Furthermore, distance learning may enhance the at-home educational experience for home-schooled students, while contributing to the District’s Average Daily Membership (ADM).

This is a renewal of the IGA for the period of July 1, 2012 through June 30, 2015.

The renewal has been reviewed by District Legal Counsel.

---

**SUMMARY AND RECOMMENDATION**

It is recommended that the Governing Board approve the renewal of the Intergovernmental Agreement between Washington Elementary School District and Mesa Unified School District for the Mesa Distance Learning Program for July 1, 2012 through June 30, 2015 and authorize the Superintendent to execute the necessary documents on behalf of the District.

Services Agreement

This Services Agreement is entered into as of August 24, 2005, (hereinafter the "Effective Date") by and between Mesa Unified School District No. 4 (hereinafter "Mesa"), and Washington Elementary District ("Washington").

RECITALS

Mesa has developed a certain proprietary distance learning program, including proprietary computer software, for students to receive comprehensive K-12 academic instruction via the Internet (MDLP). MDLP consists of the items described in Schedule A.

Mesa desires to obtain from Washington, and Washington desires to provide to Mesa for a fee, certain support services for students who reside in Washington's territory and are enrolled by Mesa in its distance learning program, upon the terms and conditions set forth in this Agreement.

NOW THEREFORE, in consideration of the foregoing premises and of the mutual covenants contained herein, Washington and Mesa agree as follows:

1. MDLP LICENSE

Mesa grants Washington a nonexclusive, nontransferable license for Washington to use MDLP solely for the purpose of supporting Mesa's efforts to provide distance learning services to students who reside in Washington's territory and who are enrolled in the Mesa Distance Learning Program. The license and use of MDLP is limited to the term of this Agreement and is at all times subject to the terms and conditions set forth in this Agreement, including without limitation, the License Terms and Conditions set forth in Schedule B.

2. WASHINGTON SERVICES

Washington agrees to perform the support services for Mesa as described in Schedule C ("Services"). Washington's obligation to provide the Services is limited to the term of this Agreement and is subject to the terms and conditions set forth in this Agreement.

3. PAYMENT

For the Services provided under this Agreement, Mesa shall pay to Washington, or Washington will pay to Mesa, a fee calculated according to Schedule D. Payments shall be made annually or semiannually upon presentation of a written invoice. An interest penalty equal to one percent per month (or portion thereof) on any delinquent amount owed under this Agreement may be charged.

4. TERM

This Agreement shall commence on the Effective Date and end June 30, 2008.

5. TERMINATION

Default. In the event that either party materially fails to perform or comply with any provision of this Agreement, and fails to remedy the default within 30 days after receipt of written notice to that effect, then the non-defaulting party shall have the right, at its sole option and upon written notice to the other, to terminate this Agreement.

System incompatibility. In the event Mesa cannot successfully install MDLP on Washington's computer system, Washington or Mesa, at any time prior to final acceptance of installation by Washington, may terminate this Agreement, and all fees paid to Mesa under this Agreement shall be refunded.

A.R.S. §38-511. This agreement may be terminated by either party for conflict of interest pursuant to A.R.S. §38-511.
6. NOTICES

A notice required by this Agreement shall be sent by U.S. certified mail, return receipt requested, or delivered by hand to the party at the address indicated in Schedule E or such other address requested by notice to the other party. A notice shall be considered given when received.

7. INDEMNITY

Each party will indemnify, hold harmless and, with counsel reasonably acceptable to the other, defend the other party and its officers, employees and agents from and against all losses arising out of or in connection with any negligent or willful act or omission of the party and its agents, including without limitation to the extent such act or omission causes or contributes to (i) any bodily injury, sickness, disease or death; (ii) any injury to or destruction of tangible or intangible property (including computer programs and data or any loss of use resulting therefrom); or (iii) any violation of any statute, ordinance or regulation.

8. LIMITATION OF LIABILITY

Damages Limitation. Each party disclaims any and all liability for any indirect, special or consequential damages or lost profits arising out of or related to this Agreement, even if that party has been advised of the possibility thereof, or knew or should have known thereof, including without limitation, any claims for loss of data or software, negligence or delay of a party in providing any goods or performing any Services hereunder.

Limitation On Any Recovery. Each party specifically agrees that the other party's liability for damages for any cause whatsoever, regardless of the form of action, whether in contract or in tort, shall be limited to the total fees paid by the other party under this Agreement.

One-Year Limitation Period. No action arising out of any breach or claimed breach of this Agreement or transactions contemplated by this Agreement may be brought by either party more than one year after the cause of action has accrued. For purposes of this Agreement, a cause of action will be deemed to have accrued when a party knew or reasonably should have known of the breach or claimed breach.

Uncontrollable Events. Neither party shall be liable for any delays in the performance of any of its obligations hereunder due to causes beyond its reasonable control; provided, however, that this provision shall not operate to excuse Washington from prompt payment of any amounts required to be paid under this Agreement.

9. REMEDIES; ATTORNEYS' FEES

A breach by either party of any of the provisions of this Agreement shall entitle the other to all rights and remedies provided by the Agreement or pursuant to applicable law. The prevailing party in any action to enforce or interpret any provision of this Agreement shall be entitled to reasonable attorneys' fees and disbursements, including but not limited to court costs and fees, fees and costs of expert witnesses, fees of court reporters and transcripts.

10. APPLICABLE LAW

This Agreement shall be governed by the laws of the State of Arizona and by applicable federal law. Any action or proceeding brought by a party with respect to the breach or enforcement of the terms of this Agreement shall be brought in the courts of the State of Arizona situated in Maricopa County.

11. SEVERABILITY

If any one or more provisions of this Agreement are, for any reason, held invalid, illegal or unenforceable in any respect, such invalidity, illegality or unenforceability shall not affect any other provision contained in this Agreement.
12. WAIVER
A waiver by either party of any of the terms, conditions and covenants to be performed by the other shall not be construed to be a waiver of any succeeding breach, nor of any other term, condition or covenant contained in this Agreement.

13. ENTIRE AGREEMENT
This Agreement states the entire agreement between the parties concerning its subject matter and supersedes all related prior oral and written negotiations and understandings. This Agreement may not be amended except by a mutual written agreement of the parties.

IN WITNESS WHEREOF, Washington and Mesa caused this Agreement to be executed by their respective duly authorized representatives as of the dates indicated by their representatives' signatures.

MDLP DESCRIPTION

The Mesa Distance Learning Program offers students nationwide, electronic instruction in grades 1-12 leading to a high school diploma upon successful completion of the program. The basic core program currently has over 57 high-quality, interactive online courses taught by certified teachers. The Mesa Distance Learning Program provides multimedia-rich curriculum aligning to state and national standards as well as numerous online tools for both parents and students. The Program is more fully described on its website: www.mdlp.org
SCHEDULE B

TERMS AND CONDITIONS OF MDLP LICENSE

Mesa's grant of a license to use MDLP is at all times subject to the following terms and conditions:

1. Washington shall use MDLP solely for the purpose of providing support services to students who are enrolled in the MDLP program and who live in the Washington territory, and only as expressly authorized in the MDLP Subscription Agreement.

2. The license shall terminate upon the termination of the MDLP Services Agreement. Upon termination, Washington shall permanently remove MDLP from all computers under Washington's control and return to Mesa all documentation received from Mesa in connection with the MDLP Services Agreement.

3. The license is nonexclusive and nontransferable.

4. Washington shall (i) hold MDLP, including without limitation, its source code, in confidence and not disclose it to anyone other than Washington's employees and consultants who require disclosure in connection with Washington's use of MDLP and who agree to fully adhere to the same confidentiality obligation; (ii) not remove any Mesa copyright, trademark or other proprietary notice from MDLP; and (iii) not transfer MDLP or assign this Agreement or any rights regarding MDLP. Any attempted transfer or assignment shall be void and of no force or effect. These obligations shall survive notwithstanding any termination or expiration of this Agreement, and if any breach of these obligations is not remedied within ten days of written notice thereof from Mesa. Mesa may, in addition to any other legal or equitable remedies available to it, immediately terminate this Agreement.

5. Rights in, title to and ownership of MDLP as delivered, including patents and copyrights, shall at all times remain with Mesa.

6. Mesa's exclusive warranty for MDLP is that, for a period of one year from completion of installation of MDLP, MDLP shall operate free of defects in media and material. If MDLP is not in conformance with this warranty, Mesa shall, at its expense, repair or modify MDLP or, at its option, replace MDLP. The foregoing exclusive warranty is contingent upon Washington procuring computer hardware and software licenses that are adequate for the installation and operation of MDLP. Further, the foregoing exclusive warranty is contingent upon the proper use of MDLP in accordance with the specifications and instructions and do not apply to software on which the original identification marks have been removed or altered or to defects or failures due to (i) disaster, accident, neglect or misuse by Washington; (ii) failures or defects of electrical power, external electrical circuitry, air conditioning or humidity control; (iii) the use thereof of software not provided by Mesa; or (iv) any person other than Mesa or its authorized representative modifying, repairing or altering MDLP. Notwithstanding the foregoing, Washington shall have the right to modify MDLP with the understanding that Mesa disclaims all warranties with respect to performance and defects, and infringement of any third party intellectual property rights, with respect to the modified software. EXCEPT AS EXPRESSLY STATED HEREIN, THERE ARE NO WARRANTIES EXPRESS OR IMPLIED, BY OPERATION OF LAW OR OTHERWISE, OF SERVICES OR SOFTWARE FURNISHED HEREUNDER OR IN CONNECTION THEREWITH. Mesa DISCLAIMS ALL IMPLIED WARRANTIES OF MERCHANTABILITY AND FITNESS FOR A PARTICULAR PURPOSE, NO REPRESENTATIONS OR OTHER AFFIRMATIONS OF FACT, INCLUDING WITHOUT LIMITATION, STATEMENTS REGARDING CAPACITY, SUITABILITY FOR USE OR PERFORMANCE OF MDLP, WHETHER MADE BY MESA EMPLOYEES OR OTHERWISE, WHICH IS NOT CONTAINED IN THIS AGREEMENT, SHALL BE DEEMED TO BE A WARRANTY BY MESA FOR ANY PURPOSE, OR GIVE RISE TO ANY LIABILITY OF MESA WHATSOEVER.
7. If a claim is made or an action brought that MDLP, as delivered, infringes a U. S. patent, or any copyright, trademark or trade secret, Mesa will defend Washington against such claim and will pay resulting costs, damages and attorneys' fees finally awarded provided that (i) Washington promptly notifies Mesa in writing of the claim, and (ii) Mesa has sole control of the defense and all related settlement negotiations. Mesa's obligation under this Section is conditional upon Washington's agreement that if MDLP; or the use or operation thereof, becomes, or in Mesa's opinion is likely to become, the subject of such a claim, Mesa may, at its expense, either procure the right for Washington to continue using MDLP or, at its option, replace or modify MDLP so that it becomes non-infringing (provided such replacement or modification does not materially adversely affect Washington's intended use of MDLP as contemplated hereunder). Mesa shall have no liability for any claim based on the combination, operation or use of any MDLP with MDLP not supplied by Mesa if such a claim would have been avoided by use of other MDLP, whether or not capable of achieving the same results, or based upon alteration or modification of MDLP furnished by Mesa. THE FOREGOING STATES THE ENTIRE OBLIGATION OF MESA WITH RESPECT TO INFRINGEMENT OF PATENTS, COPYRIGHTS, TRADEMARKS AND TRADE SECRETS.

8. The provisions of this Agreement which by their nature are intended to survive the termination, cancellation, completion or expiration of the Agreement, including without limitation any covenants of confidentiality and any express limitations of or releases from liability, shall continue as valid and enforceable obligations of the parties notwithstanding any such termination, cancellation, completion or expiration.
Schedule C

Statement of Services

During the term of the MDLP Services Agreement, Washington shall generally advise students of the opportunity to participate in MDLP, when deemed appropriate by Washington, and perform the following support services for students who reside in Washington’s territory and enroll in MDLP:

- Proctoring the final examination for a course at a Washington facility.
- Providing any face-to-face instruction or counseling that Washington, in its discretion, desires to provide an enrolled student.

- Providing coordination of the program at Washington.
- Providing registration services to students and families of Washington.
- Assisting in the design/revision of MDLP courses when desired.

Phoenix, Arizona 85009

This intergovernmental agreement ("Agreement") is entered into this first day of July 2012, by and between the Washington Elementary School District ("District") and the Superior Court of Arizona, Maricopa County, Juvenile Court/Probation ("Court"). Each party to this Agreement is a public agency of the state of Arizona as defined in A.R.S. section 11-951.

Pursuant to Laws 1997, Ch. 220, Sec. 78, the Arizona Legislature amended Title 15, Chapter 1, article 5, Arizona Revised Statutes, by adding sections 15-153, 15-154, 15-155, governing the School Safety program. The District and the Court are authorized by A.R.S. §§11-952 (L) and 15-153, 15-154 and 15-155 (B) to enter into this Agreement.

Funds have been appropriated from tax revenues in fiscal year 2013 to the Arizona Department of Education to place Juvenile Probation Officers and School Resource Officers in Arizona schools in accordance with approved School Safety Programs.

In turn, the District will convey relevant information to the probation officers to the extent that revealing such information is consistent with the District’s obligations under federal and state law.

The probation officer is not solely responsible for curriculum development or the teaching of the Law Related Education Programs. Any of these activities will be done in conjunction with District personnel.

SUPPORTING DATA

Funding Source: Title I
Budgeted: Yes

Over the years, Communities in Schools Arizona (CISA) has partnered with the Washington Elementary School District (WESD) to bring community resources to meet the academic and non-academic needs of students in several WESD schools, with specific emphasis on vital resources and services to address the needs of low-income and disadvantaged youth. CISA provides resources and services such as after-school programs, food assistance, clothing, school supplies, parent education and involvement activities, and health and dental care across the school campuses. CISA uses existing resources efficiently and leverages funding to effectively provide students with the National Communities in Schools five basic principles:

- A one-on-one relationship with a caring adult.
- A safe place to learn and grow.
- A healthy start and a healthy future.
- A marketable skill to use upon graduation.
- A chance to give back to peers and community.

Prior to the 2011-2012 school year, the memoranda reflected funding solely by Communities in Schools Arizona.

SUMMARY AND RECOMMENDATION

It is recommended that the Governing Board approve the Memoranda of Understanding with Communities in Schools Arizona on behalf of Richard E. Miller Elementary School, Royal Palm Middle School, and Arizona Cardinals Preparatory Academy and authorize the WESD officials named in the respective MOUs to execute the memoranda on behalf of the District.

Due to CISA's funding constraints, beginning last school year and continuing this year, the agreements include financial contributions to help support the program. The funding of $15,000.00 for each site is utilized to pay for the salaries of the three individuals, with the remainder paid by CISA. Each school was consulted regarding the interest in and effectiveness of the services provided by the CISA personnel. These three schools (principals and staff) agreed that the services were well worth continuing. The funding is budgeted in Title I in alignment with the Teaching for Learning Environment and Parent Involvement goals within the District’s Comprehensive Continuous Improvement Plan, as well as with the Continuous Improvement Plans of the individual schools.

The term for each Memorandum of Understanding (MOU) is September 1, 2012 through May 31, 2013.

Each Memorandum of Understanding has been reviewed by District Legal Counsel.
MEMORANDUM OF UNDERSTANDING

THIS MEMORANDUM OF UNDERSTANDING is being entered into by and between Communities In Schools Arizona with its principal place of business at 333 East Virginia Avenue, Suite 208, Phoenix, Arizona 85004 (hereinafter referred to as “CIS Arizona”) and Washington Elementary School District (hereinafter referred to as “District”) located at 4650 West Sweetwater Glendale, AZ 85304 and is effective September 1st, 2012, upon execution by both parties. This Memorandum of Understanding shall hereinafter be referred to as "memorandum" or "memorandum of understanding".

In consideration of the mutual promises stated herein and other good and valuable consideration as may be involved, the receipt and sufficiency of which are hereby acknowledged, the Parties agree to work together in support of the students and their families in the Washington ESD and, more specifically, to carry out the commitments stated below for each of the Parties. Communities In Schools believes that every child needs and deserves these “Five Basics”:

1. A one-on-one relationship with a caring adult
2. A safe place to learn and grow
3. A healthy start and a healthy future
4. A marketable skill to use upon graduation
5. A chance to give back to peers and community

CIS Arizona programs are designed to provide students with at least one of these real basics through supportive guidance, academic intervention, educational enrichment, health/human services, and college/career readiness.

Purpose
The purpose of this memorandum of understanding is to outline the scope of services that CIS Arizona will provide for Washington ESD and the responsibilities of the District. CIS Arizona coordinators shall maintain a presence and work cooperatively with the District to promote communication and shared leadership responsibility to assist students and families who participate in this program. Principal objectives for the relationship shall be to:

1. Promote and increase parent, family and community involvement and collaborations, thereby strengthening support for the schools and ultimately contributing to increased success for all students.
2. Coordinate the provision of holistic services in a school district setting to students and their families who are facing obstacles to academic and personal success through the utilization of the CIS Arizona “Community School” service model.
3. Services are planned and conducted to develop the capacity of schools to establish and maintain effective partnerships and effectively reduce barriers to student learning.

It is the intent of CIS Arizona to complement the District’s commitment to school-based service provisions for students in need of services and their families, not to supplant existing school personnel who provide similar social services.

Term
It is mutually agreed that CIS Arizona and Washington ESD will collaborate in the provision of services as described below during a period beginning September 1st, 2012 through May 31, 2013 under the following terms and conditions.

Fee
Communities in Schools Arizona operates as a nonprofit under IRS Section 501(c)(3) Tax ID# 86-0776545. However, CISA and District enter into this agreement with the understanding that a coordinator shall be placed in the Richard E. Miller Elementary School to coordinate site wide services for a base fee of $15,000 to be paid upon submission of invoice to District from CISA. A breakdown of allocated funds may be requested from CISA at any time by District and submitted no later than 30 days after requested.
MEMORANDUM OF UNDERSTANDING

Modifications
This memorandum may be amended at any time by an agreement in writing executed by authorized representatives of Communities In Schools Arizona and the Washington ESD.

This indemnification provision shall apply regardless of the form or action, damage, claim, liability, cost, expense, or loss, whether in contract, statute, tort (including, without limitation, negligence) or otherwise.

The indemnifying party shall have the right to take over, settle, or defend all claims through counsel of the indemnifying party’s choice and under its sole direction, except that the indemnifying party shall not take any action or agree to any settlement that would adversely affect the indemnified party without the indemnified party’s written approval. The indemnified party must provide to the indemnifying party reasonable written notice of a

7. RELATIONSHIP OF PARTIES/EMPLOYMENT DISCLAIMER:
Each of the parties hereto is an independent contractor and neither party is, nor shall be considered to be, an agent, distributor or representative of the other. Neither party shall act or represent itself, directly or by implication, as an agent of the other or in any manner assume or create any obligation on behalf of, or in the name of, the other. Any use of the CIS Arizona / CIS Arizona Property by District requires the written approval of CIS Arizona. CIS Arizona recognizes that District is the owner of all right, title, and interest in and to all District trademarks, logos, and names ("District Property"). Any use of the District Property by CIS Arizona requires the written approval of District.

District will be the owner of all right, title, and interest in and to all documents, concepts, ideas, methods, methodologies, procedures, software, processes, know-how, techniques, manuals, forms, and training materials created for or by District in connection with the operation of the Program (the "Deliverables"), including without limitation, all intellectual property rights therein. District hereby grants to CIS Arizona a royalty-free worldwide right and license to continue to use, copy, and sublicense, publish, display, and modify the Deliverables. In the event District ceases operations in the normal course of business or chooses not to renew this Agreement for the Program under the provisions of this Agreement, or in the event CIS Arizona terminates this Agreement due to a breach by District, District shall deliver to CIS Arizona a complete copy of all Deliverables and related materials for use solely in relation to the Program.

9. CONFIDENTIALITY:
Each party is the owner of certain information that it deems to be confidential and proprietary in nature ("Confidential Information"). For purposes of this Paragraph 5, "Disclosing Party" shall refer to the party that discloses Confidential Information, and "Receiving Party" shall refer to the party that receives Confidential Information. Neither party will, during or subsequent to the term of this Agreement, directly or indirectly (a) use any of the Disclosing Party's Confidential Information for the benefit of anyone other than Disclosing Party, or (b) disclose any of the Disclosing Party's Confidential Information to anyone other than an employee, representative or agent of the Receiving Party, to whom disclosure of such Confidential Information is necessary for the purposes permitted under this Agreement and who is obligated by written contract to protect the confidentiality thereof in a manner no less stringent than provided herein. Confidential Information does not include information (a) known to Receiving Party at the time of disclosure to Receiving Party by Disclosing Party, (b) publicly known through no wrongful act of Receiving Party, (c) rightfully received by Receiving Party from a third party who is authorized to make such disclosure, or (d) independently developed by Receiving Party other than pursuant to this Agreement.
MEMORANDUM OF UNDERSTANDING

The Receiving Party may disclose Confidential Information if required pursuant to applicable law, or under a government or court order; provided that (a) the obligations of confidentiality and non-use shall continue to the fullest extent not in conflict with such law or order, and (b) if and when Receiving Party is required to disclose Confidential Information pursuant to any law or order. Receiving Party shall promptly notify Disclosing Party and use reasonable best efforts to obtain a protective order or take other actions as shall prevent or limit, to the fullest extent possible, public access to, or disclosure of, such Confidential Information.

In the event this Agreement is terminated, Receiving Party shall cease use of the Confidential Information received from Disclosing Party and, upon Disclosing Party’s written request, shall promptly destroy or return Confidential Information. In the event Disclosing Party requests destruction, Receiving Party shall provide written certification of the destruction within thirty (30) days of such request.

Because each party’s obligations are personal and unique, and because the parties will have access to and become acquainted with each other’s Confidential Information, each party agrees that its breach of this Agreement will result in irreparable harm to the other party. An injured party may enforce this Agreement and any of its provisions by injunction, specific performance or other equitable relief without prejudice to any other rights and remedies that the injured party may have.

10. RECORDS:
The District shall retain all data and other records relating to the acquisition and performance of this Agreement for a period of five years after the completion of the contract. All books and records shall be subject to inspection and audit by CIS Arizona at reasonable times, and where applicable, the State or Federal government, to the extent that the books and records relate to the performance of the contract. Any controversy or dispute arising out of or relating to this Agreement shall be resolved by non-binding arbitration in Arizona, before a sole arbitrator. The prevailing party in any dispute resolution proceeding arising out of this Agreement shall be entitled to a recovery of all attorneys’ fees and costs incurred in such proceeding if so ordered by a court of competent jurisdiction.

17. MISCELLANEOUS:

17.1 ASSIGNMENT: Neither party can assign its rights or obligations under this Agreement absent written consent from the other party.

17.7 GOVERNING LAW: This Agreement shall be governed by, and performed in accordance with, the laws of the State of Arizona, without regard to its conflicts of law’s provisions.

17.8 SURVIVAL: The following provisions shall, by their nature, survive any termination or expiration of this Agreement: 4, 6, 7, 8, 9, 16, 17, and 18.

MEMORANDUM OF UNDERSTANDING

THIS MEMORANDUM OF UNDERSTANDING is being entered into by and between Communities In Schools Arizona with its principal place of business at 333 East Virginia Avenue, Suite 208, Phoenix, Arizona 85004 (hereinafter referred to as “CIS Arizona”) and Washington Elementary School District (hereinafter referred to as “District”) located at 4650 West Sweeterwater Glendale, AZ 85304 and is effective September 1st, 2012, upon execution by both parties. This Memorandum of Understanding shall hereinafter be referred to as “memorandum” or “memorandum of understanding”.

In consideration of the mutual promises stated herein and other good and valuable consideration as may be involved, the receipt and sufficiency of which are hereby acknowledged, the Parties agree to work together in support of the students and their families in the Washington ESD and, more specifically, to carry out the commitments stated below for each of the Parties. Communities In Schools believes that every child needs and deserves these “Five Basics”:

1. A one-on-one relationship with a caring adult
2. A safe place to learn and grow
3. A healthy start and a healthy future
4. A marketable skill to use upon graduation
5. A chance to give back to peers and community

CIS Arizona programs are designed to provide students with at least one of these real basics through supportive guidance, academic intervention, educational enrichment, health/human services, and college/career readiness.

Purpose
The purpose of this memorandum of understanding is to outline the scope of services that CIS Arizona will provide for Washington ESD and the responsibilities of the District. CIS Arizona coordinators shall maintain a presence and work cooperatively with the District to promote communication and shared leadership responsibility to assist students and families who participate in this program. Principal objectives for the relationship shall be to:

1. Promote and increase parent, family and community involvement and collaborations, thereby strengthening support for the schools and ultimately contributing to increased success for all students.
2. Coordinate the provision of holistic services in a school district setting to students and their families who are facing obstacles to academic and personal success through the utilization of the CIS Arizona “Community School” service model.
3. Services are planned and conducted to develop the capacity of schools to establish and maintain effective partnerships and effectively reduce barriers to student learning.

It is the intent of CIS Arizona to complement the District’s commitment to school-based service provisions for students in need of services and their families, not to supplant existing school personnel who provide similar social services.

Term
It is mutually agreed that CIS Arizona and Washington ESD will collaborate in the provision of services as described below during a period beginning September 1st, 2012 through May 31, 2013 under the following terms and conditions.

Fee
Communities in Schools Arizona operates as a nonprofit under IRS Section 501(c)(3) Tax ID# 86-0776545. However, CISA and District enter into this agreement with the understanding that a coordinator shall be placed in the Royal Palm Middle School to coordinate site wide services for a base fee of $15,000 to be paid upon submission of invoice to District from CISA. A breakdown of allocated funds may be requested from CISA at any time by District and submitted no later than 30 days after requested.
MEMORANDUM OF UNDERSTANDING

Modifications
This memorandum may be amended at any time by an agreement in writing executed by authorized representatives of Communities In Schools Arizona and the Washington ESD.

MEMORANDUM OF UNDERSTANDING

THIS MEMORANDUM OF UNDERSTANDING is being entered into by and between Communities In Schools Arizona with its principal place of business at 333 East Virginia Avenue, Suite 208, Phoenix, Arizona 85004 (hereinafter referred to as “CIS Arizona”) and Washington Elementary School District (hereinafter referred to as “District”) located at 4650 West Sweetwater Glendale, AZ 85304 and is effective September 1st, 2012, upon execution by both parties. This Memorandum of Understanding shall hereinafter be referred to as “memorandum” or “memorandum of understanding”.

In consideration of the mutual promises stated herein and other good and valuable consideration as may be involved, the receipt and sufficiency of which are hereby acknowledged, the Parties agree to work together in support of the students and their families in the Washington ESD and, more specifically, to carry out the commitments stated below for each of the Parties. Communities In Schools believes that every child needs and deserves these “Five Basics”:

1. A one-on-one relationship with a caring adult
2. A safe place to learn and grow
3. A healthy start and a healthy future
4. A marketable skill to use upon graduation
5. A chance to give back to peers and community

CIS Arizona programs are designed to provide students with at least one of these real basics through supportive guidance, academic intervention, educational enrichment, health/human services, and college/career readiness.

Purpose
The purpose of this memorandum of understanding is to outline the scope of services that CIS Arizona will provide for Washington ESD and the responsibilities of the District. CIS Arizona coordinators shall maintain a presence and work cooperatively with the District to promote communication and shared leadership responsibility to assist students and families who participate in this program. Principal objectives for the relationship shall be to:

1. Promote and increase parent, family and community involvement and collaborations, thereby strengthening support for the schools and ultimately contributing to increased success for all students.
2. Coordinate the provision of holistic services in a school district setting to students and their families who are facing obstacles to academic and personal success through the utilization of the CIS Arizona “Community School” service model.
3. Services are planned and conducted to develop the capacity of schools to establish and maintain effective partnerships and effectively reduce barriers to student learning.

It is the intent of CIS Arizona to complement the District’s commitment to school-based service provisions for students in need of services and their families, not to supplant existing school personnel who provide similar social services.

Term
It is mutually agreed that CIS Arizona and Washington ESD will collaborate in the provision of services as described below during a period beginning September 1st, 2012 through May 31, 2013 under the following terms and conditions.

Fee
Communities in Schools Arizona operates as a nonprofit under IRS Section 501(c)(3) Tax ID# 86-0776545. However, CISA and District enter into this agreement with the understanding that a coordinator shall be placed in the Arizona Cardinals Preparatory Academy to coordinate site wide services for a base fee of $15,000 to be paid upon submission of invoice to District from CISA. A breakdown of allocated funds may be requested from CISA at any time by District and submitted no later than 30 days after requested.
Modifications
This memorandum may be amended at any time by an agreement in writing executed by authorized representatives of Communities In Schools Arizona and the Washington ESD.

This indemnification provision shall apply regardless of the form or action, damage, claim, liability, cost, expense, or loss, whether in contract, statute, tort (including, without limitation, negligence) or otherwise.

The indemnifying party shall have the right to take over, settle, or defend all claims through counsel of the indemnifying party’s choice and under its sole direction, except that the indemnifying party shall not take any action or agree to any settlement that would adversely affect the indemnified party without the indemnified party’s written approval. The indemnified party must provide to the indemnifying party reasonable written notice of a
claim or potential claim, shall make all defenses available to the indemnifying party and shall give the indemnifying party all assistance and authority, at the indemnifying party’s reasonable request.

Each party shall provide evidence of liability insurance to the other party upon request. In addition, evidence of District’s automobile insurance policy shall be provided for the operation of any District owned vehicles that may be used in connection with the Program. District shall provide evidence that Workers’ Compensation Insurance is provided to District employees. Each party shall ensure that each of its subcontractor contracts that are specifically related to the Program includes coverage for the other party in the contract indemnification and insurance provisions.

7. RELATIONSHIP OF PARTIES/EMPLOYMENT DISCLAIMER:
Each of the parties hereto is an independent contractor and neither party is, nor shall be considered to be, an agent, distributor or representative of the other. Neither party shall act or represent itself, directly or by implication, as an agent of the other or in any manner assume or create any obligation on behalf of, or in the name of, the other. In addition, the Agreement is not intended to constitute, create, give rise to, or otherwise recognize a joint venture agreement, partnership, or other formal business association or organization of any kind.

8. OWNERSHIP:
District recognizes that CIS Arizona is the owner of all right, title, and interest in and to all CIS Arizona trademarks, logos, and names (“CIS Arizona Property”). Any use of the CIS Arizona / CIS Arizona Property by District requires the written approval of CIS Arizona. Any use of the District Property by CIS Arizona requires the written approval of District.

District will be the owner of all right, title, and interest in and to all documents, concepts, ideas, methods, methodologies, procedures, software, processes, know-how, techniques, manuals, forms, and training materials created for or by District in connection with the operation of the Program (the “Deliverables”), including without limitation, all intellectual property rights therein. District hereby grants to CIS Arizona a royalty-free worldwide right and license to continue to use, copy, and sublicense, publish, display, and modify the Deliverables. In the event District ceases operations in the normal course of business or chooses not to renew this Agreement for the Program under the provisions of this Agreement, or in the event CIS Arizona terminates this Agreement due to a breach by District, District shall deliver to CIS Arizona a complete copy of all Deliverables and related materials for use solely in relation to the Program.

9. CONFIDENTIALITY:
Each party is the owner of certain information that it deems to be confidential and proprietary in nature (“Confidential Information”). For purposes of this Paragraph 5, “Disclosing Party” shall refer to the party that discloses Confidential Information, and “Receiving Party” shall refer to the party that receives Confidential Information. Neither party will, during or subsequent to the term of this Agreement, directly or indirectly (a) use any of the Disclosing Party’s Confidential Information for the benefit of anyone other than Disclosing Party, or (b) disclose any of the Disclosing Party’s Confidential Information to anyone other than an employee, representative or agent of the Receiving Party, to whom disclosure of such Confidential Information is necessary for the purposes permitted under this Agreement and who is obligated by written contract to protect the confidentiality thereof in a manner no less stringent then provided herein. Confidential Information does not include information (a) known to Receiving Party at the time of disclosure to Receiving Party by Disclosing Party, (b) publicly known through no wrongful act of Receiving Party, (c) rightfully received by Receiving Party from a third party who is authorized to make such disclosure, or (d) independently developed by Receiving Party other than pursuant to this Agreement.
MEMORANDUM OF UNDERSTANDING

The Receiving Party may disclose Confidential Information if required pursuant to applicable law, or under a government or court order; provided that (a) the obligations of confidentiality and non-use shall continue to the fullest extent not in conflict with such law or order, and (b) if and when Receiving Party is required to disclose Confidential Information pursuant to any law or order. Receiving Party shall promptly notify Disclosing Party and use reasonable best efforts to obtain a protective order or take other actions as shall prevent or limit, to the fullest extent possible, public access to, or disclosure of, such Confidential Information.

In the event this Agreement is terminated, Receiving Party shall cease use of the Confidential Information received from Disclosing Party and, upon Disclosing Party's written request, shall promptly destroy or return Confidential Information. In the event Disclosing Party requests destruction, Receiving Party shall provide written certification of the destruction within thirty (30) days of such request.

Because each party's obligations are personal and unique, and because the parties will have access to and become acquainted with each other's Confidential Information, each party agrees that its breach of this Agreement will result in irreparable harm to the other party. An injured party may enforce this Agreement and any of its provisions by injunction, specific performance or other equitable relief without prejudice to any other rights and remedies that the injured party may have.

10. RECORDS:
The District shall retain all data and other records relating to the acquisition and performance of this Agreement for a period of five years after the completion of the contract. All books and records shall be subject to inspection and audit by CIS Arizona at reasonable times, and where applicable, the State or Federal government, to the extent that the books and records relate to the performance of the contract. Upon request, the District shall produce a legible copy of any or all such records. CIS Arizona will maintain all data and records relating the performance of this Agreement for a minimum period of two years after the completion of the contract.

11. CONFLICT OF INTEREST:
District agrees that no coordinator, official, or employee of the District shall have any direct or indirect interest in the Agreement, nor shall participate in any decision relating to this Agreement which is prohibited by A.R.S. §38-501, et seq.

12. TERMINATION OF AGREEMENT:
Should circumstances arise which necessitate termination of this Agreement, either party may terminate this Agreement at any time, with or without cause, by giving thirty (30) days' prior written notice indicating what date agreement is being terminated. All outstanding debts by either party must be paid in full by the termination date.

13. CONTINUATION DURING DISPUTES:
District shall agree as a condition of any agreement, that notwithstanding the existence of any dispute between the parties, insofar as is possible under the terms of the agreement entered into, each party shall continue to perform the obligations required of it during the continuation of any such dispute, unless enjoined or prohibited by an Arizona Court of competent jurisdiction.

INITIATED BY: D. Rex Shumway, Legal Counsel

SUBMITTED BY: D. Rex Shumway, Legal Counsel

PRESENTER AT GOVERNING BOARD MEETING: D. Rex Shumway, Legal Counsel

GOVERNING BOARD POLICY REFERENCE OR STATUTORY CITATION: BGF; A.R.S. 15-808

SUPPORTING DATA

In 2008, the Legislature enacted fingerprint clearance requirements for contractors, subcontractors or vendors that provide services on school property. At that time, revisions to Policy DJG – Vendor/Contractor Relations and Regulation DJG-R were adopted by the Governing Board to reflect the statutory obligations.

The Legislature has enacted further statutory revisions that define when a contractor, subcontractor or vendor, or any employee of a contractor, subcontractor or vendor, who is contracted to provide services on a regular basis is required to obtain a valid fingerprint clearance. The statutory changes also authorize governing boards to implement policies that exempt from the requirement to obtain a fingerprint clearance card a contractor, subcontractor, or vendor who has been determined is not likely to have independent access or unsupervised contact with students as part of their normal job duties while performing services to the school or to the School District.

Although the current Policy authorizes the Superintendent to establish regulations to implement the statute and policy, the proposed revisions more clearly delegate the authority to the Superintendent to develop uniform District criteria for making a determination of whether or not an exemption will be granted.

Also attached is Regulation DJG-R – Vendor/Contractor Relations that establishes the conditions under which the Superintendent may exempt a contractor, subcontractor or vendor, or any employee of a contractor, subcontractor or vendor from the fingerprint clearance requirements.

These recommended changes have been reviewed by District Legal Counsel.

SUMMARY AND RECOMMENDATION

It is recommended that the Governing Board approve the First Reading of Proposed Amended Board Policy DJG – Vendor/Contractor Relations.

Agenda Item *II.K.
VENDOR / CONTRACTOR RELATIONS

Fingerprinting Requirements

A contractor, subcontractor or vendor, or any employee of a contractor, subcontractor or vendor, who is contracted to provide services on a regular basis at an individual school shall obtain a valid fingerprint clearance card pursuant to A.R.S. 41-1758 et seq. The Superintendent may exempt from the requirement to obtain a fingerprint clearance card a contractor, subcontractor, or vendor whom the Superintendent or principal has determined is not likely to have independent access or unsupervised contact with students as part of their normal job duties while performing services to the school or to the School District. The exemption shall be given in writing and a copy filed in the District office.

Charges for such fingerprint checks may be made as part of the contractual arrangement or to the contractor, subcontractor, vendor or individual employee as determined by the District.

The Superintendent shall develop uniform District criterion for making a determination of whether or not an exemption will be granted.

Each contractor, subcontractor or vendor, if required to provide services at least five (5) times during a month on school property, shall submit a full set of fingerprints to the school district of each person or employee who may provide such service. Alternately, the school district may fingerprint those persons or employees. A fingerprint check shall be made in accord with A.R.S. 41-1750 and Public Law 92-544 of all contractors, subcontractors or vendors and their employees except those who are not likely to have direct unsupervised contact with students, as determined by the School District. Charges for such fingerprint checks may be made as a part of the contractual arrangement or to the contractor, subcontractor, vendor or individual employee as determined by the School District.

Required Contract Provisions

Each District contract shall contain the provisions of statute paraphrased below and the Superintendent shall implement procedures to randomly verify the records of contractor and subcontractor employees to ensure compliance with these warranties.
The contract or agreement with each contractor shall contain the warranties indicated below:

- Each contractor shall warrant compliance with all federal immigration laws and regulations that relate to their employees and that they have verified employment eligibility of each employee through the E-Verify program. The contractor shall acknowledge that a breach of this warranty shall be deemed a material breach of the contract subject to penalties up to and including termination of the contract.

- The contractor further acknowledges that the School District retains the legal right to inspect the papers of any contractor or subcontractor employee who works on the contract to ensure compliance by the contractor or subcontractor.

The contractor shall facilitate this right by notice to his employees and supervisors. The Superintendent is authorized to establish regulations for the implementation of this policy.

Random Requests for I-9 Information
To Verify Right to Work Status

A District appointed contract liaison shall at random times request contractor and subcontractor employment records. Intermittently and without prior notice, the District appointed liaison to each contractor shall request from the individual contractor and subcontractor employees the information required on the I-9 form. Such information shall be used to verify the employee’s right to work status and the contractor and subcontractor compliance with contract warranties. A report of the result of this inquiry shall be made to the Superintendent.

Fingerprint Clearance Card Requirements
and Exemptions

Each contractor, subcontractor or vendor or their employee(s), who is contracted to provide services on a regular basis and is likely to have independent access or unsupervised contact with pupils at an individual school is required to have a fingerprint clearance card pursuant to A.R.S. 41-1758 et seq.; an exemption may be made for a person who as part of his/her normal job duties is not likely to have independent access to or unsupervised contact with pupils. A roster of persons who will provide services that require a fingerprint clearance card under this policy will be provided to Purchasing/Business Services and to the contract administrator or designee prior to the commencement of work in the District. Provision of services on a regular basis includes, but is not limited to:

- Custodial services.
- Construction services.
- Installation of equipment.
- Services provided to students for District programs (e.g., enrichment programs, children with disabilities).
- Food service.
Criteria for Exemptions

It will be assumed that a person will not be likely to have independent access to or unsupervised contact with pupils when:

- The person provides services on campus when all students have been dismissed from school and from after school programs, or on weekends and holidays when students are not present;

- The person provides services behind a construction fence during normal school hours and the person is being directly supervised by the contractor/vendor or his/her designee who has a valid fingerprint clearance card and has received security clearance from the District; or

- The person provides emergency services or inspections required of District facilities during normal school hours, is personally escorted or directly supervised by a District employee, and wears a vendor-issued ID badge and/or uniform.

The Superintendent shall determine when an exemption should be provided, and shall make such determination in writing.

Audits

Administrators, or designees, who are responsible for supervising and/or coordinating contracting and vendor services will periodically conduct audits to ensure contractors, subcontractors or vendors, are in compliance with Policy DJG and Regulation DJG-R.

PRESENTER AT GOVERNING BOARD MEETING: D. Rex Shumway, Legal Counsel
GOVERNING BOARD POLICY REFERENCE OR STATUTORY CITATION: BGF; A.R.S. 15-808

SUPPORTING DATA

On August 23, 2012, the Governing Board voted to approve the First Reading of proposed amended Policy IHBHD – Online/Concurrent/Correspondence Courses. The revisions are noted in the attached proposed amended Policy IHBHD – Online/Concurrent/Correspondence Courses.

During the First Reading, the Governing Board requested additional information about the provision of A.R.S. §15-808 that provides – "If a pupil fails to comply with the testing requirements and the school administers the tests pursuant to this subsection to less than ninety-five percent of the pupils in Arizona online instruction, the pupil shall not be allowed to participate in Arizona online instruction." This provision was added to A.R.S. §15-808(B) by the Legislature in 2003, following a 2002 study by the State Board of Education and the Joint Legislative Budget Committee that found Technology Assisted Project Based Instruction Program (TAPBI) programs were not reporting standardized test data as stipulated in A.R.S. §15-741. Thus, annual academic progress could not be determined. The intent of the statute is to place responsibility on the online provider. As part of the Adequate Yearly Progress measure of the No Child Left Behind Act of 2001, ninety-five percent of all students were required to be tested on AIMS. This requirement is now included in Arizona's A-F Grade calculations.

The statute includes the word “and”, which was questioned by the Governing Board. Subsequently, ASBA had substituted the word “or”. The revised policy now accurately reflects the statute.

The policy is now ready for final adoption.

SUMMARY AND RECOMMENDATION

It is recommended that the Governing Board approve the Second Reading and Adoption of Proposed Amended Board Policy IHBHD – Online/Concurrent/Correspondence Courses.

ONLINE / CONCURRENT / CORRESPONDENCE COURSES

Arizona Online Instruction

Arizona online instruction (AOI) is a learning option for meeting the needs of students in the information age. The District Governing Board may authorize student enrollment in AOI course for credit to fulfill the academic requirements of the Governing Board and the State Board of Education (SBE). The course(s) must be provided by an online course provider or an online school selected and approved by the SBE as defined by and in accordance with the criteria established in A.R.S. 15-808.

To satisfy District class and course standards, the course offerings and content must:

- meet District and SBE academic standards for the identified student population,

- provide at least the minimum course of study and competency requirements for graduation from high school, based on the current cohort year requirements, and

- prepare students for post-secondary success in the world of work, technical school, or college.

To receive credit towards promotion or graduation, a student participating in Arizona online instruction shall:

- satisfactorily complete the course requirements,

- participate in the testing requirements prescribed by A.R.S. 15-741 et seq., and

- not be allowed to participate in AOI if the student fails to comply with the testing requirements—or and the online instruction provider fails to administer the tests to at least ninety-five percent (95%) of the students participating in the provider schools' AOI.
Upon the student's enrollment in AOI, the student's parents or guardians shall be notified of the state testing requirements.

The District shall coordinate with the AOI provider the gathering, recording, maintenance and reporting of applicable information to the student's parents or guardians, District officials, and the appropriate agencies.

If a student's academic achievement declines while the student is participating in AOI, the student's parents or guardians, teachers and instructors, and the school's administrator shall confer to evaluate whether the student's continued participation in AOI should be allowed.

A student may participate in AOI as either a part-time or full-time student for membership and attendance purposes as prescribed by A.R.S. 15-808. When the student is concurrently enrolled part-time in the District and participating part-time in AOI, daily attendance and membership of the student shall be recorded and reported for funding apportionment purposes as specified by A.R.S. 15-808 and the Uniform System of Financial Records (USFR).

Whenever a student becomes ineligible for continuation in an AOI course or program, for whatever reason, the student shall be enrolled in a District course or courses appropriate to the student's academic qualifications.

The District may make application to the Arizona State Board of Education to become a provider of Arizona Online Instruction.

USE OF TECHNOLOGY RESOURCES
IN INSTRUCTION

Appropriate use of Electronic Information Services

The District may provide electronic information services (EIS) to qualified students, teachers, and other personnel who attend or who are employed by the District. Electronic information services include networks (e.g., LAN, WAN, Internet), telephones, databases, and any computer-accessible source of information, whether from hard drives, tapes, compact disks (CDs), floppy disks, removable USB storage, or other electronic sources. The use of the services shall be in support of education, research, and the educational goals of the District. To assure that the EIS is used in an appropriate manner and for the educational purposes intended, the District will require anyone who uses the EIS to follow its guidelines and procedures for acceptable use. Anyone who misuses, abuses, or chooses not to follow the EIS guidelines and procedures will be denied access to the District’s EIS and may be subject to disciplinary and/or legal action.

The Superintendent shall determine steps, including the use of an Internet filtering mechanism, that must be taken to promote the safety and security of the use of the District’s online computer network when using electronic mail, chat rooms, instant messaging, and other forms of direct electronic communications. Technology protection measures shall protect against Internet access by both adults and minors to visual depictions that are obscene, child pornography or, with respect to use of computers by minors, harmful to minors. Safety and security mechanisms shall include online monitoring activities.

As required by the Children’s Internet Protection Act, the prevention of inappropriate network usage includes unauthorized access, including “hacking” and other unlawful activities; unauthorized disclosure, use and dissemination of personal identification information regarding minors.

It is the policy of the Board to:

- prevent user access over the District’s computer network, or transmissions of, inappropriate material via Internet, electronic mail, or other forms of direct electronic communications:
• prevent unauthorized access and other unlawful online activity;

• prevent unauthorized online disclosure, use, or dissemination of personal identification information of minors; and

• comply with the children’s Internet Protection Act [P.L. No. 106-554 and 47 USC 254(h)].

Each user will be required to sign an EIS user’s agreement. The District may log the use of all systems and monitor all system utilization. Accounts may be closed and files may be deleted at any time. The District is not responsible for any service interruptions, changes, or consequences. The District reserves the right to establish rules and regulations as necessary for the efficient operation of the electronic information services.

The District does not assume liability for information submitted and/or retrieved via EIS, including the accuracy of such information, nor does it assume any liability for any information lost, damaged, or unavailable due to technical or other difficulties. While the District will make every effort to ensure accurate information, the user has the ultimate responsibility for how computers and network resources are used and bears the risk of reliance on the information obtained.

Filtering and Internet Safety

As required by the Children’s Internet Protection Act, the District shall provide for technology protection measures that protect against Internet access by both adults and minors to visual depictions that are obscene, child pornography, or, with respect to use of the computers by students, harmful to students. The protective measures shall also include monitoring the online activities of EIS users.

Limits, controls and prohibitions shall be placed on EIS users:

• Access to inappropriate matter.

• Safety and security in direct electronic communications.

• Unauthorized online access or activities.
• Unauthorized disclosure, use and dissemination of personal information.

• Any limits, controls, or protections required under the Children’s Internet Protection Act (CIPA).

The Superintendent is responsible for establishing and enforcing the District’s electronic information services guidelines and procedures for appropriate technology protection measures (filters), monitoring, and use.

Education, Supervision and Monitoring

It shall be the responsibility of all District employees to be knowledgeable of the Board’s policies and administrative guidelines and procedures related to the use of technology resources. Further, it shall be the responsibility of all employees, to the extent prudent to an individual’s assignment, to educate, supervise, and monitor appropriate usage of the online computer network and access to the Internet in accordance with this policy, the Children’s Internet Protection Act, and the Protecting Children in the 21st Century Act.

The Superintendent shall provide for appropriate training for District employees and for students who use the District’s computer network and have access to the Internet. Training provided shall be designed to promote the District’s commitment to:

• the standards and acceptable use of the District’s network and Internet services as set forth in District policy;

• student safety in regards to use of the Internet, appropriate behavior while using, but not limited to, such things as social networking Web sites, online opportunities and chat rooms; and cyberbullying awareness and response; and compliance with E-rate requirements of the Children’s Internet Protection Act.

The requirements of this policy are effective immediately. Employees will be held to strict compliance with the requirements of the policy and the accompanying regulation, regardless of whether training has been given.
Limits of Privacy

The District respects the personal privacy of its employees and students. However, because the District’s technology resources are provided for the educational purposes of the District, employee and student rights of privacy in this context are limited and information and communications carried on it are subject to public access pursuant to A.R.S. 39-121. The District may review files and communications and monitor system utilization at any time, without notice or permission. Users should not expect that communications, or information sent, retrieved or stored via EIS will be private. The District may, in its sole discretion, close accounts and review or delete files at any time.

Prohibited Activities

Material that is fraudulent, harassing, sexually explicit, racially offensive, profane, obscene, intimidating, defamatory, or otherwise unlawful or inappropriate may not be sent by e-mail or other form of electronic communication (such as bulletin board systems, newsgroups, chat groups, blogs, or instant messaging) or display on or stored in District computers.

The District’s EIS may not be used for dissemination or storage for commercial purposes of advertisements, solicitations, promotions, political material or any other unauthorized material.

Compliance with Applicable Laws and Licenses

Users may not illegally copy material protected under copyright law or make that material available to others for copying. In their use of the EIS, users must comply with all software licenses, copyrights and all other state, federal and international laws governing intellectual property and online activities.

Accessing other Computers and Networks

A user's ability to connect to other computer systems through the network or by a modem does not imply a right to connect to those systems or to make use of those systems unless specifically authorized by the operators of those systems.
Installation of Software

Users may not install personal software onto District computers. Files obtained from sources outside the District, including disks brought from home and files downloaded from online resources, may contain dangerous computer viruses and should never be downloaded onto District computers without prior approval by MIS. This is not intended to restrict the downloading of files from Internet sources or online services for use as curriculum supplements by teachers.

Duty Not to Waste District Resources

Users must not deliberately perform acts that waste computer resources or unfairly monopolize resources to the exclusion of others. These acts include, but are not limited to sending mass mailings, printing multiple copies of documents, or otherwise creating unnecessary network traffic.

Personally Identifiable Information

School websites may be used to provide a format for students to publish their work and to communicate their ideas. At no time should a website contain images of a student with his or her name, parent’s name, address, phone number, e-mail address or other identifying personal information. Staff working with students shall edit all publications to ensure that student privacy is protected.

The Superintendent is responsible for the implementation of this policy and for establishing and enforcing the District’s electronic information services guidelines and procedures for appropriate technology protection measures (filters), monitoring, and use.

USE OF TECHNOLOGY RESOURCES
IN INSTRUCTION

(Safety and Use of Electronic
Information Services)

Use of the electronic information services (EIS) requires that the use of the resources be in accordance with the following guidelines and support the education, research, and educational goals of the District. Filtering, monitoring and access controls shall be established to:

- Limit access by minors to inappropriate matter on the Internet.
- Monitor the safety and security of minors when using electronic mail, chat rooms, and other forms of direct electronic communications.
- Monitor for unauthorized access, including so-called "hacking," and other unlawful activities by minors online.
- Restrict access by minors to materials harmful to minors.

Content filtering

A content filtering program or similar technology shall be used on the networked electronic information system (EIS) as well as on stand-alone computers capable of District authorized access to the Internet. The technology shall at a minimum limit access to obscene, profane, sexually oriented, harmful, or illegal materials. Should a District adult employee have a legitimate need to obtain information from an access-limited site, the Superintendent may authorize, on a limited basis, access for the necessary purpose specified by the employee's request to be granted access.

Education, Supervision, and Monitoring

It is the responsibility of all District employees to be knowledgeable of the Board’s policies and administrative guidelines and procedures related to the use of technology resources. Employees are further responsible, to the extent prudent to an individual’s assignment, to educate, supervise, and monitor student use of the online computer network. District, department, and school
Administrators shall provide employees with appropriate in-servicing and assist employees with the implementation of Policy IJNDB.

As a means of providing safety and security in direct electronic communications and to prevent abuses to the appropriate use of electronic equipment, all computer access to the Internet through the District electronic information systems (EIS) or stand-alone connection shall be monitored periodically or randomly through in-use monitoring or review of usage logs.

Access control

Individual access to the EIS shall be by authorization only. Designated personnel may provide authorization to students and staff who have completed and returned an electronic information services user agreement. The Superintendent may give authorization to other persons to use the EIS.

Acceptable use

Each user of the EIS shall:

- Use computers and network resources to support personal education objectives consistent with the educational goals and objectives of the School District.

- Agree not to submit, publish, display, or retrieve any defamatory, inaccurate, abusive, obscene, profane, sexually orientated, threatening, racially offensive, or illegal material.

- Abide by all copyright and trademark laws and regulations.

- Not reveal home addresses, personal phone numbers or personally identifiable data unless authorized to do so by designated school authorities.

- Understand that electronic mail or direct electronic communication is not private and may be read and monitored by school-employed persons.
REGULATION

- Not intentionally use EIS in a way that would disrupt the use of EIS by others.

- Not use computers or network resources, including telephones, for commercial, political, or non-district related purposes unless permission is given to do so.

- Follow the District’s code of conduct and abide by policies and procedures.

- Not attempt to harm, modify, add or destroy software or hardware nor interfere with system security.

- Understand that inappropriate use may result in cancellation of permission to use EIS and/or other appropriate disciplinary action, and for students, up to and including an expulsion.

In addition, acceptable use for District employees is extended to include requirements to:

- Maintain supervision of students using the EIS.

- Agree to log on and supervise the account activity when allowing others to use District accounts.

- Take responsibility for assigned personal and District accounts, including password and date protection.

- Take all responsible precautions, including password maintenance and file and directory protection measures, to prevent the use of personal, District accounts, and files by unauthorized persons.

- Agree that any software or hardware not purchased by the District must be properly donated and approved by the MIS Department. Donated materials become property of the Washington Elementary School District.

- Understand that all software will be installed by the MIS Department.
• Understand that employees will not move any District-owned computer or network resource from its present location including telephones (laptops excluded).

Each user will be required to sign an EIS user's agreement. A user who violates the provisions of the agreement will be denied access to the information services and may be subject to disciplinary action. Accounts may be closed and files may be deleted at any time. The District is not responsible for any service interruptions, changes, or consequences.

Details of the user agreement shall have been discussed with each potential user of the electronic information services. When the signed agreement is returned to the District, the user may be permitted use of EIS resources through the District equipment.

The Policy is now ready for final adoption. The revisions are noted in the attached proposed amended Policy JFAA – Admission of Resident Students.

Also attached are new Exhibits JFAA-EA – Arizona Residency Documentation Form and JFAA-EB – Affidavit of Shared Residence. These Exhibits constitute the forms that are currently in use in the schools to document residency.

These recommended changes have been reviewed by District Legal Counsel.

SUMMARY AND RECOMMENDATION

It is recommended that the Governing Board approve the Second Reading and Adoption of Proposed Amended Board Policy JFAA – Admission of Resident Students.

Agenda Item *ILN.
ADMISSION OF
RESIDENT STUDENTS

A student who is a resident of the District and who meets the applicable age requirements established by state law shall be admitted without payment of tuition to the school in the attendance area in which the student resides and may be admitted as a resident transfer student to another school in the District in accordance with the District's open enrollment policy.

The following students are residents of the District:

- A student who is in the legal custody of a natural or adoptive parent or other person to whom custody has been granted by a court order and who resides with the parent or other person in the District.

- A student who is an emancipated minor and whose place of residence is in the District. When determining whether a minor is emancipated, the Superintendent will consider such factors as whether the student is married, financially independent, and residing away from the family domicile with parental consent.

- A student who is 18 years of age or older and whose place of residence is in the District.

- A student who is homeless, and who attended a school in the District at the time of becoming homeless.

Residency Verification

The residency of a student, natural or adoptive parent, or other person to whom custody of the student has been granted by court order shall be based upon evidence of the individual's physical presence and intent to remain in the District. In accordance with guidelines and forms adopted by the Arizona Department of Education, the District shall require and maintain verifiable documentation of residency in the State of Arizona for pupils who enroll in the District. Such evidence of residency may be determined by using the following verifiable documentation.

Verifiable Documentation
A.R.S. 15-802(B) requires school districts and charter schools to obtain and maintain verifiable documentation of Arizona residency upon enrollment in an Arizona public school.

The documentation required by A.R.S. 15-802 must be provided each time a student enrolls in a school district or charter school in this state, and reaffirmed during the district or charter’s annual registration process via the district or charter’s annual registration form. The documentation supporting Arizona residency should be maintained according to the school’s records retention schedule.

In general, students will fall into one (1) of two (2) groups: 1) those whose parent or legal guardian is able to provide documentation bearing his or her name and address; and 2) those whose parent/legal guardian is unable to document his or her own residence because of extenuating circumstances including, but not limited to, that the family’s household is multi-generational. Different documentation is required for each circumstance.

Parent(s) or legal guardian(s) that maintains his or her own residence: The parent or legal guardian must complete and sign a form indicating his or her name, the name of the school district, school site in which the student is being enrolled, and provide one (1) of the following documents, which bear the parent or legal guardian’s full name and residential address or physical description of the property where the student resides (no P.O. Boxes):

- Valid Arizona driver’s license, Arizona identification card or motor vehicle registration
- Valid United States passport
- Real estate deed or mortgage documents
- Property tax bill
- Residential lease or rental agreement
- Water, electric, gas, cable, or phone bill
- Bank or credit card statement
- W-2 form
- Void paycheck or payroll stub
- Certificate of tribal enrollment or other identification issued by a recognized Indian tribe that contains an Arizona address
• Documentation from state, tribal or federal government agency (Social Security Administration, Veteran’s Administration, Arizona Department of Economic Security)

Parent(s) or legal guardian(s) that does not maintain his or her own residence: The parent or legal guardian must complete and sign a form indicating his or her name, the name of the school district and school site in which the student is being enrolled, and submit a signed, notarized affidavit bearing the name and address of the person who maintains the residence where the student lives attesting to the fact that the student resides at that address, along with a document from the bulleted list above bearing the name and address of the person who maintains the residence.

Use of and Retention of Documents by Schools

School officials must retain a copy of the attestations or affidavits and copies of any supporting documentation presented for each student (photocopies acceptable) that school officials believe establish validity. Documents presented may be different in each circumstance, and unique to the living situation of the student. Documents retained by the school district may be used as an indicia of residency; however, documentation is subject to audit by the Arizona Department of Education. Personally identifiable information other than name and address (SSN, account numbers, etc.) should be redacted from the documentation either by the parent/guardian or the school official prior to filing.

Governing Board members have been asked to select the ten legislative action proposals that are the most important for Arizona School Boards Association (ASBA) to pursue in any Legislative Session on Education. Washington Elementary School District Governing Board members have provided individual responses to the ASBA Legislative priorities. SUPPORTING DATA

For the 2011-2012 school year, the third full year for the WESD Truancy Prevention Unit (TPU), the TPU targeted populations and areas of the District that have proven to have higher truancy rates. The number of truant students in these areas has shown an overall decrease of 25%. The TPU received 868 referrals and conducted over 1,013 home visits and/or school visits, talking with students and parents. The TPU issued 69 citations to 6th, 7th, and 8th grade students who, by Arizona Revised Statute standards, were deemed habitually truant and failed to respond to intervention steps offered by the schools and the TPU. In addition, 77 parents were cited into City of Phoenix Municipal Court for failing to ensure their child between the age of 6 and 16 is in school, a class 3 misdemeanor under Arizona Revised Statute 15-802. Following the issuance of a truancy citation to a student or parent, 91% of students had fewer absences after their court appearances, and 7% of those students had perfect attendance following court appearances.

The Director of the Charging Bureau for the Prosecutors Office requested that we coordinate with a Prosecutor from their Community Bureau to coordinate a step that will take place between identification of a prosecutable case and arrest. In a joint effort among TPU, the Phoenix Police Department and the City of Phoenix Prosecutors Office, the Truancy Intervention Prevention Solutions (TIPS) program was implemented. TIPS is a pre-arrest meeting that is held with the TPU, police officer, prosecutor, WESD social services representative, school representative, parent and student. During this meeting the parent and student have the opportunity to identify the reasons for the truancy

problem. The parents and student are informed of State laws regarding truancy and are informed of the steps that will be followed once the decision has been made to prosecute. At this meeting, the TPU and WESD Social Service Department, as well as Phoenix Police and City of Phoenix Prosecutors Office representatives, offer resources within their areas of expertise to assist the family with any barriers that are preventing good school attendance.

During the 2011-2012 school year, eight TIPS meetings were held for parents and students at three different schools. Two of the parents were no-shows and were eventually cited into Phoenix City court where they were found guilty of a class 3 misdemeanor. In all other TIPS meetings, the parents were cooperative and attendance improved for the students.

In April 2012 the TPU was contacted by a Community Prosecutor in the Roosevelt School District area and requested a meeting to explain the truancy process to administrators for Roosevelt. In early May, the TPU met with the Roosevelt School District Superintendent and Administrator and explained the TPU unit and the process for working with the Phoenix Police and City of Phoenix Prosecutors Office to reduce the habitually truant population.

SUPPORTING DATA

On November 6, 2012, Arizona voters will determine the outcome of Proposition 204, the Quality Education and Jobs Act. If approved, this citizens’ ballot initiative will authorize permanent extension of the temporary one-cent state sales tax increase that voters endorsed through the passage of Proposition 100 in May 2010. Proceeds from Proposition 204 would fund education, infrastructure, and children’s health and human services in Arizona.

Paperwork filed with the Arizona Secretary of State’s office on March 18, 2010 included the following summary of the Quality Education and Jobs Act:

The Quality Education and Jobs Act will strengthen Arizona’s economy by equipping children to succeed in the classroom, ensuring an educated workforce and creating jobs. This act, which renews the one-cent sales tax, will provide dedicated funding linked to performance and accountability for students of all ages and prevent legislators from cutting K-12 funding. Scholarships will ensure that universities and community colleges remain affordable. Investment in vocational education will allow students to graduate ready to work. This act protects public safety by ensuring continued funding for DPS officers and creates jobs by funding road, rail, transit and other transportation projects.

Considerable controversy has surrounded the Quality Education and Jobs Act since it was filed last March. Attachment A provides a brief historical overview of the related actions that ensued.

Agenda Item IV.B.
The following are some key points regarding Proposition 204:

- If approved, Proposition 204 will become effective on 6/1/2013. If the initiative is not successful, Arizona’s state sales tax rate will revert from 6.6% back to 5.6% on that date.

- If Proposition 204 is approved, the funding that is generated must be spent in the manner designated by voters. Monies will not be deposited into the Legislature’s general fund, as was the case with Proposition 100, nor will the Legislature have authority to redirect funds. Proposition 204 funding will be allocated as follows:

  o Eighty percent will be dedicated to education, including
    ▪ K-12 school operations, which will help support requirements such as the Common Core State Standards Initiative, teacher and principal evaluation system reforms, school accountability and improvement, and student reading proficiency by the end of third grade;
    ▪ scholarships for Arizona community college and university students;
    ▪ GED programs;
    ▪ career and technical education programs at both high school and community college levels;
    ▪ Department of Education statewide accountability database system.
  
  o Twenty percent of revenues are earmarked for other statewide needs, including
    ▪ KidsCare healthcare program for children of low-income families;
    ▪ Family Stability grants for non-profit and state agencies to address child care needs, homelessness, family violence and hunger;
    ▪ state infrastructure funds for road, transit and rail projects.

- If approved, Proposition 204 is expected to increase K-12 funding for Arizona’s district and charter schools by a minimum of $625 per student in the first year. For Washington Elementary School District, this increase would equate to over $13 million in the first year.

- Proposition 204 prohibits the Arizona Legislature from making additional cuts to K-12 education funds or to other funding that benefits education. Additionally, it prevents the Legislature from reducing the amounts that districts can generate locally through override and bond initiatives.

- Additionally, Proposition 204 prohibits the Legislature from diverting funds from the Highway User Revenue Fund and the Vehicle License Tax, thereby enabling those monies to fund Department of Public Safety officers and transportation projects.

The complete text of the Quality Education and Jobs ballot measure is presented as Attachment B, and a more detailed, nonpartisan overview and analysis, prepared by ASU Morrison Institute for Public Policy, is included as Attachment C. Additionally, Community Outreach Specialist Jill Hicks will be present during the Governing Board meeting to respond to questions.

Attachment C
Prop 204 – Quality Education and Jobs Act

By E.J. Perkins
Policy Analyst
Morrison Institute for Public Policy

Proposition 204, also known as the Quality Education and Jobs Act, is a citizen initiative that would make permanent a 1-cent sales tax increase Arizona voters approved in 2010 as a temporary measure. The 2010 referendum raised the state sales tax rate to 6.6 percent, from 5.6 percent. The higher levy, which would remain the same under Prop 204, is set to expire in 2013.¹

Beginning in fiscal year 2014, the permanent sales tax – projected to raise at least $1 billion annually – would earmark funds for education programs, human services and infrastructure projects related to public transportation.² However, about 80 percent of the sales tax would go to education.³

Specifically, Prop 204 would require the Legislature to increase certain components of the school finance formula each year⁴ and mandate the following:

- Funding levels for K-12 schools and state universities cannot be reduced below the levels for fiscal year 2011-12 or 2012-13, whichever is greater.
- Limits on school district bonds and overrides cannot be below those in effect for 2012.
- Vehicle license tax and related highway user revenues cannot be diverted for any other purpose.
- Sales tax base cannot be adjusted in a way that causes the amount of sales tax collected to be less than the amount collected in the prior year, plus 6 percent, unless there is a corresponding change in the tax base that results in no reduction in the amount of sales tax collected.

Arizona sales tax rates
The Arizona sales tax rate for retail purchases is 6.6 percent (effective June 1, 2010). However, the average combined sales tax in Arizona at the start of 2012 – adding up state, county, city and tribal taxes – was 9.12 percent, second only to Tennessee’s average rate of 9.45 percent.

• The Legislature cannot adjust the new tax increase disbursements under any circumstances.

• An independent third-party audit of fund distributions must be conducted every five years for all distributions.5

Prop 204 would proportionally distribute the first $1 billion of the sales tax revenue to seven designated “funds” annually, plus up to $125 million to the state general fund for inflation adjustments needed by the K-12 school system.

Projected fund allocations are:

- $500 million for the “quality education and performance fund” to assist K-12 schools comply with assessment and accountability rules
- $100 million for the “state infrastructure fund” to boost public transportation and road-building projects
- $100 million in federal matching funds for the “family stability and self-sufficiency fund” to support families living below the federal poverty level
- $90 million for the “education accountability and improvement fund” (an existing program) to help K-12 schools meet academic performance and teacher training requirements
- $50 million to the “university scholarship, operations and infrastructure fund” to assist resident students with tuition costs and state universities with infrastructure expenses.6
- $10 million to the “education learning and accountability fund” to modernize a statewide database system to track student and teacher performance
- $25 million to the “children’s health insurance program fund” (an existing program) to defray costs for publicly funded health care programs aiding poor children under age 19

After allocating the first $1 billion, surplus monies would be distributed as follows:

- 33 percent to K-12 schools based on the of children in reduced price lunch programs
- 23 percent to community colleges and Indian tribal postsecondary institutions to support scholarship and technical training programs
- 9 percent to joint technical education districts to support career and vocational training
- 2 percent to fund adult education programs
- 22.5 percent to the “university scholarship, operations and infrastructure fund,” and 11 percent to the “state infrastructure fund.”7

Proponents of Prop 204 include Democratic legislators, public school groups, and a coalition of business contractors. Opponents to the initiative include Republican legislative leaders, tax reform advocates, and conservative pro-growth advocacy groups.8

Supporters argue that the measure would provide dedicated revenues for educational institutions,
prevent the Legislature from cutting K-12 funding, ensure continued support for public safety personnel and projects, and create jobs by subsidizing public transportation infrastructure projects. Supporters also say Prop 204 will encourage governmental transparency and performance-linked accountability through its mandated five-year audit cycle.

Opponents call Prop 204 “ballot-box budgeting” and regard the permanent levy as both unwieldy and unwise since it can only be altered by referendum.

Critics, including Governor Jan Brewer, also say the measure handcuffs the Legislature in deciding how to budget and set spending priorities under constantly evolving economic conditions. Moreover, some opponents question the constitutionality of Prop 204 because it potentially interferes with the state’s budget-making process.

**Yes on Proposition 204**

Proponents of Prop 204 include most Democratic legislators, Democratic candidates for state office, public school advocacy groups, business alliances (primarily contractor and builder groups), and university student associations. Agitation for the initiative stemmed in large part from the perceived inability of lawmakers to adequately fund K-12 education due to shortsightedness and misguided priorities.

Backers note that Arizona has led the nation in cuts to K-12 schools in every year since 2008, eliminating some $1 billion in funding. In their view, Arizona lacks a long-term, dedicated, stable revenue source for education. Moreover, proponents believe Arizona’s economy hinges on a competitive workforce that only a well-financed, accountable education system can produce. To this end, supporters say Prop 204 would prevent cuts to education by creating a funding floor that the Legislature cannot reduce.

“This initiative will provide something we haven’t had in this state, which is a dedicated source of revenue for education,” said Quality Education and Jobs Act chairwoman Ann-Eve Pedersen. “I think this is a once-in-a-generation opportunity to provide for our students and our families in Arizona.”

Pedersen added that unlike Prop 100, which did not designate funds specifically for education, Prop 204 would ensure “funding will go exactly where voters say it’s going to go.”

Supporters say the measure also tackles other critical issues in the educational realm they believe legislators have neglected or mishandled. This includes heavy investment in K-12 reading proficiency programs, teacher training and instructional reforms, improvement plans for failing schools, vocational programs, college scholarships, university infrastructure, and new technology tools that enhance classroom environments and track performance.

Prop 204 supporters also argue that the initiative would help fund many reforms pushed by Governor Brewer, including the statewide performance database that the governor desires. Pedersen noted $10 million would be earmarked for that project under Prop 204. "We want to make sure there are resources to support some of the rigorous reforms that have already come online or are coming online," Pedersen said.12

Although about 80 percent of sales tax proceeds would go to education, Prop 204 supporters say the rest will be allocated to help fund the state’s social safety net and shore up critical infrastructure projects. Proponents argue that this two-pronged approach, linked to education, is key to job creation and Arizona’s economic growth.

Specifically, Prop 204 would restore funding to KidsCare (a health insurance program aimed at children living in poverty) and create a “Family Stability Fund” to help children who are hungry, homeless or not safe at home. Backers say these programs will help kids of the working poor come to school healthy and ready to learn.

Additionally, proponents argue that the permanent penny tax would generate needed revenues for transportation infrastructure — road, rail, and public transit — thereby making Arizona “more competitive in attracting companies and jobs that require a high-quality work force.”13 Specifics include funding for highway improvement as well as transportation-related bonding, public-private partnerships, wildlife improvement projects and environmentally sensitive designs.

**No on Proposition 204**

Opponents to Prop 204 include Republican legislative leaders, Republican candidates for state office, a business-backed taxpayers group and conservative pro-growth advocacy groups. Although opponents object to the initiative on multiple fronts, their principal worry concerns earmarking tax revenues outside of the normal legislative appropriations process. Opponents argue that governance by plebiscite handcuffs lawmakers’ ability to respond to the state’s changing demands.

Critics such as the Arizona Tax Research Association (ATRA) charge that “ballot box budgeting” puts the state on a slippery slope since the tactic overrides the main function of both the Legislature and Governor — establishing “budget priorities within available revenues and economic conditions.”

Further, ATRA Chairwoman Lyn White noted that “removing policymakers’ authority to make changes to the various statutes governing K-12 school finance presumes there will never be a legitimate policy reason to change those laws. That is both shortsighted and irresponsible.”14

Prop 204 would in fact remove legislative discretion over vehicle license tax and related highway user revenues, and checks the Legislature’s authority to make changes in K-12 funding levels, school overrides and bonds in perpetuity.15

One liberal-leaning observer noted: “I broadly support the goals of this initiative, but deplore the method. … How were (Prop 204 disbursement) amounts decided? Did the stakeholders have any input? I sincerely doubt it. And that’s the problem with budgeting by initiative: lack of
transparency and responsiveness to changing conditions and (constituent or state) needs. … Every time a change is made (decision makers will) end up in court or asking the voters for more input.”16

Indeed, most opponents applaud the goal of reforming education and find it worrisome that Arizona ranks near the bottom of all states in spending per pupil — $7,848 versus $10,615 nationwide, according to the U.S. Census Bureau. However, critics doubt Prop 204 will be a “game changer” and argue that it simply throws money at the problem without providing accountability for results.

“To permanently cut a check of about a billion dollars a year without meaningful accountability safeguards is not the best way to proceed,” argued Glenn Hamer, Arizona Chamber President and CEO. “I think reform works best when dollars are tied to (student or teacher) performance. There is no real distinction between high and low-performing schools in this proposal.”

Pedersen, who chairs the initiative effort, conceded that Prop 204 would distribute most funds regardless of performance.17

Many opponents also question the wisdom of essentially freezing the sales tax base in a state already burdened with a high average combined sales tax rate (currently at 9.12 percent). On top of the permanent tax hike, critics fear the loss of fiscal flexibility since the Voter Protection Act of 1998 is viewed by some as giving Prop 204 the practical effect of a constitutional amendment.18 Moreover, tax reform advocates say the measure could create a barrier to efforts to fix what they regard as an antiquated sales tax code.

Lastly, some observers are skeptical about the constitutionality of Prop 204. They note that the Arizona Constitution (Article IV, Part 1, Section 1) does not allow a law to be referred to the voters if it is “immediately necessary ... for the support and maintenance of the departments of the state government and state institutions.”19 In Wade v. Greenlee County (1993), the Arizona Court of Appeals interpreted this provision as prohibiting citizens from referring a tax increase that was necessary to the functioning of state government, according to the Verde Independent.20

**Impact**

A “yes” vote would make permanent a 1-cent state sales tax increase that Arizona voters approved in 2010 as a temporary measure. The current rate of 6.6 cents on the dollar would remain the same.

---

1 Proposition 100, approved by special referendum in May 2010, temporarily raised the Arizona state sales tax by 1 cent per dollar to resolve a budgetary crisis. Proceeds went to education, social services, and public safety via the state general fund. The state sales tax was raised to 6.6 percent, up from 5.6 percent, until 2013, at which point it would be automatically repealed per Article IX of the Arizona Constitution. Greenlee County, Involved a sales tax enacted by Greenlee County Board of Supervisors to cover existing government programs. In 1993, the appeals court (upholding a lower court) held that the state constitution does not allow a law to be referred to the voters if it is “immediately necessary” for the “support” of state government. The court reasoned that if referendums were permitted for laws meant to “support” state government, and that once the referendum was filed the law could be put on hold for over a year, then the 5 percent of the voters who signed petitions could effectively bring government to a halt until the next election. “That risk of abuse has led our courts to construe strictly the requirement necessary to require referral,” wrote Chief Judge C. J. Livermore. See also Wade v. Greenlee County (1993), 844 P. 2d 629, 173 Ariz. 462 - Arizona Court of Appeals, 2nd Div.
